#### United Press Service

SALEM, June 15.—An official recheck of the returns in all the counties of the state is to be made. This is for the purpose of deciding whether Justice Charles McNary or Judge Henry L. Benson was nominated as fourth republican nominee for justice of the supreme court at the primary election held a month ago today.

County Clerk William Mulvey of Clackamas county today wired to McNary that an error in the count of the primary vote there gives Benson ten more votes than he was at first credited with.

This reduces McNary's lead to two votes.

## CITY HALL WORK STARTED TODAY

### MAYOR, POLICE JUDGE AND CITY ENGINEER DETERMINE WHERE IT SHALL BE BUILT—MAKE CONTRACT SATURDAY

The exact location of the new city hall on the property on the corner of Fifth and Walnut, was officially determined upon this morning by Mayor Nicholas, Police Judge Leavitt and City Engineer McLean.

The building is to face on Fifth street, and will set back sixteen feet from the sidewalk. A space of six feet will be left on the Walnut street

side, and twenty feet will be added to the alley, which will give forty feet for a drive and turnout. The beautiful fountain which was presented to the city last year is to be erected in the center of the walk, and steps approaching the entrance, just inside the property line.

A survey of the grounds was made today, and Cofer Brothers, the contractors are already at work. No time is to be lost in the erection of the building, as it is to be completed by January 1, according to the contract.

The ordinance authorizing the mayor and police judge to enter into a contract with Cofer Brothers for the erection of the building, was passed at an adjourned meeting of the council Saturday night. On account of a change to be made in the bond of Cofer Brothers, the contract has not yet been signed, but as the form of the contract has been approved by the council, no delay will be caused in the beginning of work by the contractors.

## Adjudicate Rights

### Anna Creek Dispute to Be Settled by Water Supt

Just who are entitled to take water from Anna Creek is a question that is to be settled by the state water board. James T. Chincock, superintendent of Water Division No. 1, reached here last night from Medford, and will hold hearings with a view to adjudicating the rights of the claimants.

Tomorrow morning Chincock will hold a hearing at the Hotel Hall. On Wednesday and Thursday he will hold hearings at Fort Klamath.

The hearings before Chincock are the result of differences between Page & Stratton, Dan Ryan, Richard Melhase, Fred Cronmiller and F. L. and W. T. Burns, who are under the Melhase ditch, and the Dentons, Gordons, Fordyces, Beckreys, Leavers, Lisks, Connors, Copelands, Nicholsons, Orrs, Pelton-Sisemore Co., San-

dersons, Weed, Crances, McDonoughs, Smarts, Loosleys, Brannans, Patchens, Hills, Streeters, Shives, Moons and others in that vicinity who are taking irrigation water from Anna Creek through the Shattuck ditch or other ditches.

The Melhase ditch people contend that they are entitled to 2,500 inches of water from Anna Creek. This, they contend, they are unable to have delivered them, owing to the appropriating of waters by others.

Some time ago this matter was taken into the circuit court, the Melhase ditch people asking for an injunction to restrain the defendants from appropriating water from the ditch in sufficient quantities to deprive them of the 2,500-inch flow they claim. The matter was later taken up with the state water board, and adjudication was decided upon.

## British Polo Team Which Defeated the Americans in Saturday's Game

This photograph of the British polo team, which took Saturday's game from the American team at Meadow Brook, L. I., was taken a few days before the contest. Captain Lockett was substituted for John A. Traill.

## Insane Man Escapes From the Hospital

Becoming suddenly a victim of delirium tremens, Mike Delouger, a logger, jumped from a second story window at the Blackburn hospital, and, clad only in a nightshirt, he fled over the Hot Springs hill. He was seen on the Fort Klamath road by Deputy Sheriff Grover Niell and Justice of the Peace John Hessig, of the Fort, and captured and brought to town in their auto.

Meantime the city and county police officials were scouring the country for the man. He was seen to jump out of the window by Mrs. M. Sar-

gent, who lives near the hospital, and she at once gave the alarm.

Delouger has been drinking heavily of late. Fearing that he would be taken with tremens, Manager A. J. Lyle took the man in from the streets Saturday and confined him to a bed. This morning he was apparently all right.

It was after he went into the bathroom that he logger's mind began to waver. He told hospital attendants afterward that after he went in there "they" came in with a rope to hang him, and he jumped from the window to escape.

Delouger is again at the hospital, being cared for.

## HERALD IS STILL OFFICIAL PAPER

### COUNCIL, BY A VOTE OF 3 TO 2, DECIDES TO CONTINUE THE CITY'S ADVERTISING IN EVENING PAPER

The Evening Herald has again been awarded the city printing, and will be designated as the "city official newspaper" for the publication of all legal notices of the city of Klamath Falls for the year ending June 1, 1915.

The contract was let at an adjourned meeting of the council Saturday night. Bids and affidavits of circulation had previously been filed by the Herald and the Northwestern. Al-

though the Herald's bid was the lowest and its circulation the greatest, the council split on the vote, Rogers, Mathews and Lockwood voting in favor of awarding the contract to the Herald, and Owens and Hamilton voting against it.

#### Rogers Gets Stuck.

When Dr. Fred Westerfeld and Clarence Motschenbacher left the city Sunday morning to go fishing on Jenny Creek, they did not expect to have to play the Good Samaritan. Such, however, was the role destined to be theirs, for when they neared the fishing rounds they found Leslie Rogers' car marooned high and dry on a big rock in the road. With the assistance of three or four others who happened along, the car was finally dislodged, and Mr. Rogers and party proceeded on their way to Medford.

## TRI-COUNTY MEET DATE POSPONED; OTHERS INTERFERE

### CITY ELECTION AT ASHLAND AT THAT TIME

Besides This, There Will Be an Important Railroad Meeting in Grant's Pass to Occupy the Attention of the Josephine County Boosters—Matter Will be Settled at Session of Chamber of Commerce.

The tri-county boost meeting will not be held June 23. Advices from other cities show this to be a conflicting date, so the matter will be decided upon at a special meeting of the board of directors of the Klamath Chamber of Commerce to be held tonight.

Reports from Ashland state there will be a city election there that date, on an important matter. From Grant's Pass comes information that there will be a railroad meeting there on the 25th.

Medford's Commercial Club suggests that the date of the meeting be July 3. It is pointed out that quite a delegation would be here then, to attend the Rodeo.

The Medford people also state that the recent snow in the hills put the roads in bad shape, making the trip by auto via Crater Lake impossible at this time. The date will likely be changed to conform with the wishes of the Rogue River Valley people, in case it does not conflict with the arrangements of the Rodeo committee.

#### Back From Visit.

His old friend, Terry Kinzey, accompanied him on the return trip, and will visit here for a few weeks, and show the local fly-casters a few new wrinkles in the art of catching trout.

## Cattle Takes a Spill

### Quartet of Stockmen Have Mishap Near Bonanza

Alex Davis is carrying his arm in a sling today as the result of an ill-starred attempt on the part of himself, D. M. McLemore, Louis Gerber and Charlie Gates to motor to Langell Valley Sunday, using Davis' car, with the redoubtable Alex himself at the helm.

It was before the village of Bonanza hove into view that the talk of the party drifted into racing channels. This stirred the blood of Davis, and just to show the other three that his bus could ramble in the gait adopted by DePalma, Burman, et al, Alex slung her wide open, and threw it into the high.

While trees, houses, telephone poles, etc., flying by were resembling one long highboard fence, Alex' three passengers held their hats and their breaths, and held on, speechless. It was not until time to turn from the straight road that speech returned, and then Gerber yelled to Davis that the turning point had been reached.

"Turning point" in this case was used advisedly, for Alex whirled the steering wheel until the front wheels were at right angles with their former position. This was the turning point
