Straw Hats and Panama Hats at One - Half Price

Strong in The Market As Well As Otherwise

WASHINGTON, July 16.—Just common skunks are worth \$3,000,000 annually to trappers in the United States.

Their fur is regarded in Europe as equal to, and in some places better than, the Russian sable.

And still only thirteen states protect the animal by game laws.

These facts are emphasized by the United States department of agriculture, which just issued a bulletin on the "Economic Value of North American Skunks."

The states that protect these animals are: Ohio, Indiana, Illinois, Michigan, Missouri, Kansas, New York, New Jersey, Delaware, New Hampshire, Maine, Vermont and North Carolina.

In 1911, the department declares, 2,000,000 skunk skins were sold by American trappers in London. Many of these skins, the department says, are dyed and shipped back to the

United States and sold to American women as "black marten" or "Alaska sable."

Whitmans Visit Pelican Bay

Mr. and Mrs. Malcolm D. Whitman and John Cawkwell, of Burlingame, California, arrived last night and are the guests of W. Paul Johnson. They left today for Pelican Bay lodge for a short outing. Mrs. Whitman was formerly Miss Jennie Crocker, and has visited Klamath county before.

Contracts for state highway work in Columbia county were let the past week amounting to \$44,277, work to be done by October 1st.

Miss Henrietta Hoegh, first secretary of the Norwegian legation in Mexico, is said to be young, pretty and well up on international law.

JURY SAYS SHAVER IS NOT GUILTY

W. J. Shaver, who was indicted by the grand jury on a charge of larceny in the sum of \$100, the property of the Henley Investment company, was acquitted by the jury Tuesday evening after about three and a half hours' deliberation.

This is the second time at this term of court that Shaver has been freed from a criminal charge, the first being on instruction of the judge, due to errors in the indictment.

The peculiar feature of the trial completed Tuesday was that only one side of the case was presented to the jury, the defense submitting no evidence and offering no argument, while testimony was received from all of the witnesses for the state. Notwithstanding this unusual procedure in a criminal case, the accused was acquitted by the jury.

Recount Completed in Multnomah

PORTLAND, July 15.—The recount of the vote in Multnomah county, completed, shows:

Precinct 12—Benson gains 1 vote, McNary loses 1.

Precinct 58—McNary loses 2 and Benson gains 5.

Precinct 138—McNary loses 1.

Precinct 292—Benson loses 1, McNary loses 1.

Total in county: Benson, 14,534; McNary, 13,215.

CARE OF INSANE COSTS PUBLIC ENORMOUS SUM

CHICAGO, Ill., July 14.—The waste of the system by which states spend as high as 40 per cent of the total state budget in the care of dependents, chiefly insane, while almost nothing is done to prevent mental diseases, will be discussed by the medical scientists and sociological experts attending the third annual convention of the alienists of the United States, which opened at the Hotel La Salle here today.

"More than \$12,000,000 a year is spent in Illinois alone in the maintenance of eleemosynary institutions," said Secretary A. L. Bowen of the Illinois charities commission.

The annual appropriation for the Illinois State Psychopathic Institute, established in 1907, is \$17,000, and only two men are employed in its research work.

Dr. Bayard Holmes, authority on dementia praecox, declared that there were more than 130,000 sufferers from this form of insanity alone in the United States and that more than \$50,000,000 was spent annually in the care of its victims.

"Yet the states make no effort, spend no money and encourage no research for discovering the cause of this grave malady," he declared, "and nothing for finding some way of prevention."

WILL INTEREST THE SHEEP MEN

OLD FASHIONED SHEEP DOG IS TO BE ONE OF THE FEATURES AT THE PANAMA-PACIFIC EXPOSITION

(Herald Special Service)

SAN FRANCISCO, July 16.—A picturesque event in connection with the live stock department of the Panama-Pacific International exposition will be the old fashioned sheep dog trials, which will be accompanied by sheep shearing and wool sorting contests in which men and women from every sheep raising country of importance will compete.

FIREMAN SHOT BY SWEETHEART

GIRL THEN COMMITS SUICIDE—LOVER FOUND HER IN HOTEL UNDER AN ASSUMED NAME IN SAN FRANCISCO

United Press Service

SAN FRANCISCO, July 16.—Geo. Austin, a fireman on the cruiser West Virginia, was shot and probably fatally wounded by Alice Wallace, his sweetheart, who then committed suicide.

Austin had just returned from a cruise and found the girl registered at a hotel under another name. Following a quarrel over this the girl committed the deed.

BACK FROM RENO WITH PRISONER

Sheriff C. C. Low returned Tuesday evening from Reno, Nevada, having in charge Padora Mausehell, a youth charged with stealing a horse and bridle belonging to Ab Captain, a Klamath Indian.

Sheriff Low says that the young man confessed to stealing the horse and that he took it to Alturas, where he sold it for \$50. He had used up the proceeds of the sale by the time he was turned over to the sheriff at Reno.

Today's news today in The Herald.

Advise Roosevelt Not To Run For Governor

OYSTER BAY, N. Y., July 16.—Within the last few days a storm of protest has arisen among progressives throughout the country against Colonel Roosevelt making the run for governor.

Telegrams and letters have been pouring in upon the Moose chief demanding that he resist the efforts of his New York cabinet to push him into the race.

Today nearly 100 telegrams and half as many letters were taken to Sagamore Hill, all of an identical note.

The argument of Roosevelt leaders in the other states is that he ought to save himself for the bigger fight of

1916, when they want him as the candidate for president.

In boldly expressing themselves on the governorship some Washington leaders have wired the ex-president that they fear he can not carry the state. If he went into the battle and lost they say his last chance for 1916 would go a-glimmering.

The ex-president, it may be said, is tickled over these outside letters. He dictated nearly 100 letters and telegrams to his progressive leaders throughout the nation today replying to the demand that he keep out of the governorship race. He advised them he had given no declaration as yet.

BLUE SKY LAW IS IN COURT AGAIN

CONTENTION IS MADE THAT IT IS A VIOLATION OF THE STATE CONSTITUTION BY A STOCK-BROKER

United Press Service

SALEM, Ore., July 16.—Contending that the blue sky law is in violation of a number of provisions of the state constitution, W. E. Davidson, a stock broker in Portland, has instituted a suit in the circuit court here to have it declared void.

Corporation Commissioner Watson and Attorney General Crawford are named as defendants. Already there is a suit pending in the federal court in Portland attacking the constitutionality of this measure.

Here's Some Chicken

ALLIANCE, O., July 14.—The most unique and extraordinary performances in egg laying may be credited to a common Plymouth Rock hen, the property of George E. Anderson, a local mail carrier, according to Anderson today.

In a period of sixteen days this bird produced eight eggs, all double yolked, four weighing a pound and all about 6 1/2 by 6 1/2 inches in circumference.

Following this performance, the hen now lays normal eggs.

WILSON TO GIVE CARRANZA CHANCE

(Continued from page 1)

Carranza's legal advisor, predicts that Carranza will be in Mexico City within a fortnight.

United Press Service

WASHINGTON, D. C., July 16.—General Funston wired the information that Huerta had resigned. He said that the British cruiser had sailed with destination unknown. The German cruiser Dresden has gone to Puerto. It is believed that one of them will take Huerta to Europe. He expects the federals outside of Vera Cruz to disperse. Secretary Harrison does not contemplate the immediate withdrawal of troops from Vera Cruz.

Mrs. Charlotte Perkins Gilman is quoted as saying: "The economic dependence of woman on man has caused almost all of the misery in the world. The man has had to make money to get love; the woman has had to make love to get money."

The juvenile court in St. Petersburg has had over 4,000 children in its care during the last year.

Women students are to be admitted to the new ski club to be organized in the Unive rsity of Wisconsin.

In England, Ireland, Scotland and Wales, women vote at all elections except for members of parliament.

It is estimated that militant suffragettes in England despoiled property to the amount of \$2,550,750 during the past year.

WILL REPRODUCE NATURE WONDERS

YELLOWSTONE NATIONAL PARK AND GRAND CANYON OF COLORADO TO BE SEEN AT PANAMA EXPOSITION

(Herald Special Service)

SAN FRANCISCO, July 16.—Yellowstone National park will be accurately reproduced in the amusement concession district of the Panama-Pacific International exposition at San Francisco in 1915.

The giant geysers and cliffs of the region will be duplicated in miniature, but with such regard for perspective and distance coloring that the spectator will receive the impression of one actually within the valley.

The feature is being built by the Union Pacific railway system at a cost of several hundred thousand dollars.

The Santa Fe railway company, at the cost of \$200,000, is constructing a reproduction of the famous Grand Canyon of Colorado, within the amusement concessions district of the Panama-Pacific International exposition at San Francisco.

WILSON SIGNS THE PAY ROLL

AND AUTHORIZES THE BALANCE LEFT IN SEVERAL FUNDS TO RELIEVE THE APPROPRIATION DEADLOCK

United Press Service

WASHINGTON, D. C., July 16.—Because of a continued deadlock in the committee on appropriations, President Wilson today signed a resolution authorizing the use of unexpended balances remaining in several different departments.

He also signed the executive and legislative judicial appropriation bill, providing for the payment of salaries of himself and congressmen.

If, when sending or taking a hat by train, it is secured to the bottom of the box by a few strong stitches of thread, the most delicate hat will not be crushed, as, no matter how the box is turned about, the hat will not move.

SUPERINTENDENT OF HATCHERIES IS COMING HERE

PLANNING PERMANENT BUILDINGS AT SPENCER CREEK

Egg Taking Station Will Probably Be Established on the North Fork of Sprague River—Over Three Hundred Thousand Trout Distributed in Streams of County This Year—Increased Output Next Year

C. M. Ramsby, who is here from Spencer Creek, states that he has received word from R. E. Clanton, superintendent of state hatcheries, to the effect that he will visit Klamath county in about ten days.

Mr. Clanton is negotiating with the owners for a long term lease on the Spencer Creek property, and if successful permanent buildings are to be erected at the hatchery. Mr. Clanton is also considering putting in an egg taking station on the north fork of the Sprague River.

Over 300,000 rainbow and Eastern brook trout were distributed from Spencer Creek hatchery this year, a large portion of them being placed in Spencer Creek. This will assure an ample supply of young trout next year, when it is planned to re-stock every stream in the county.

The trout distributed this year are as follows:

Five thousand rainbow in Rock Creek; 5,000 rainbow in Cherry Creek; 2,500 rainbow and 2,500 Eastern brook in Crane Creek; 25,000 rainbow in north fork of Sprague; 330,000 rainbow and 50,000 Eastern brook in Spencer Creek.

STOCKTON LABOR TROUBLE GROWS

United Press Service
STOCKTON, July 15.—All of the unionists in this city have either come out or been locked out except the butchers and those connected with the printing craft — compositors, pressmen, stereotypers and photo-engravers. These will quit work if they are asked to handle non-union goods or to work with non-union men.

Payment of strike benefits has started, and unions from all over the country are sending offers of support in the struggle. Hundreds of thousands of dollars has been pledged to the cause.

Movies Teach Druggists

United Press Service

NEWPORT, Oregon, July 14.—Moving pictures depicting the latest approved methods of compounding drugs, and other educational films relating to pharmacy are to be a feature of the Oregon Pharmaceutical Association, which began here its twenty-fifth annual convention today. The sessions will conclude July 19.

The State Federation of Florida is advocating a health clause in the marriage certificate.
