

FOODSTUFFS ARE SOARING FAST

ADY ASKS THEM TO REAP THE BENEFITS

Sugar Goes Up Another Notch, and Reports From the East Are That Other Products Are Advancing There. Germany's Sea-coast Seems Doomed, and This Will Mean a Demand From Abroad

NEW YORK, Aug. 11.—Meats are four and five cents higher. Sugar and imported foodstuffs are soaring. CHICAGO, Aug. 11.—Beef cuts are from three to five cents higher than Saturday.

PHILADELPHIA, Aug. 11.—Meats are from three to five cents a pound higher since the war started. ST. LOUIS, Aug. 11.—Flour today went up 20 cents a hundred.

Klamath Falls sugar price has jumped to 88 per sack. Yesterday the local retail price was \$0.75.

According to Abel Ady, president of the Klamath Water Users Association, the farmers this year have the best opportunity they have yet had to reap the benefits of the increase in the prices of foodstuffs if they will refrain from contracting their crops to commission men, allowing the middlemen, etc., to reap the profits.

"European conditions seem to promise great probability of high prices for farm products during the next few months," said he. "For that reason, it seems advisable for our farmers to decline to contract for the sale of meats, grain and potatoes in advance.

"Instead they should hold the same until satisfactory market conditions are obtained, and then sell for cash only. In this case, they might not get as high prices as the middleman would, but they would eliminate his big profit and would help to make lower prices for the consumer by thus shutting the speculator out of a chance to corner any one commodity and run the price way up.

"Whatever the increase in price may be, the farmer, who is the producer, should receive it, and he can by holding and selling for cash. As far as that is concerned, the various neighborhoods might unite, and help each other in the work, etc., so as to make matters easier all around at the time when prices may soar."

The German fleet, large though it is, is kept on the defensive with the allied French and English fleets attacking it. In case of a repulse by the Germans, the French and English

forces have many harbors to which they can scamper, and their fleets can divide and scatter in all directions, but the German fleet has no other haven but the German harbors.

For this reason, it is predicted that no matter what success Germany's land forces have, the kaiser will lose his seaboard.

This would put an end to sea fighting, and, in that case, the commerce of the world would resume again, to a greater extent than at the present, and America would be called upon to supply much foodstuffs to the countries where on account of war the harvests are being neglected.

STILL NO WAR TALK IS HEARD

LONDON, Aug. 11.—England has asked the Austrian ambassador to explain the presence of Austrian forces on the French border. No reply has been made.

It is expected that the British ambassador in Austria will demand his passports if no satisfactory explanation is made.

ROME, Aug. 11.—Austria has not yet answered Italy's demand for an explanation of the destruction of Italian property at Antivari during the bombardment.

A bitter anti-Austrian feeling exists here.

BRUSSELS, Aug. 11.—Holland is preparing a peremptory demand that Germany withdraw her troops from the Dutch frontier.

EACH GAIN VOTE BENSON, McNARY

With the recounting of the votes in the stipulated precincts in Marion county, Circuit Judge Benson and Justice McNary are still tied. Each gained a vote, according to a telegram received by Benson.

In addition to the Marion precincts recounts have to be made in the following precincts:

Seven in Multnomah, three in Grant, two in Lincoln, two in Washington, four in Tillamook, two in Hood River, and one in Jackson and Lane counties.

NONSUIT IN THE BARTON LAWSUIT

Upon the ground that the plaintiff failed to prove that a valid contract had been entered into between himself and the Bonanza school district, Judge Benson on Tuesday granted the nonsuit motion of Charles J. Ferguson, attorney for the school district.

The plaintiff, T. A. Barton, brought suit against the district to recover a year's salary as teacher and \$500 damages. He alleged that after hiring him, and he had come here to teach, the directors cancelled the contract, leaving him without a school, and hired Ray P. Burk in his stead.

Popular Pair Wed

Quite a surprise was sprung on the people of Klamath Falls when former Councilman Herbert J. Savidge and Mrs. Jessie Anna O'Farrell were married Tuesday at the Presbyterian manse. Both are well and favorably known here, where they will make their home, at least for the present.

Home From Nevada

Charles Baldwin came in Tuesday from the vicinity of Virginia City, Nevada, where he has been for a year in the interests of the Klamath-Nevada Mining company. He says the local concern's mine has many advantages over others in that section.

U. S. MAY GET IN TROUBLE

In these days of ultimatums, Uncle Sam is soon to receive one from Klamath Falls, demanding that he pick up a few planks and stringers and build a bridge across the canal at Eleventh street. The council Monday ordered City Attorney Rutenic to draft such an order.

Until it is known positively what the government intends to do regarding this structure, it is impossible to proceed with the improvement of Eleventh street.

The council last night made the assessment rate in the Third street district as follows:

Abutting lot, 65 per cent; second lot back, 19 per cent; third lot, 4 per cent, and twenty remaining, 3 per cent.

FIRST STATE WIDE PRIMARIES IN OHIO

COLUMBUS, O., Aug. 11.—Eyes of politicians throughout the country were turned towards Ohio today, when voters cast their ballots in the first state-wide primaries in the history of the state. The national aspect of today's primaries is due to former United States Senator Joseph Foraker, of Cincinnati, who seeks to "come back" as a candidate for the republican nomination for United States senator.

Foraker's candidacy makes the republican senatorial fight stand out in national prominence. He is opposed by Warren C. Harding, of Marion, former lieutenant governor, and Ralph D. Cole, of Findlay, former congressman.

The questions "Can Foraker come back?" and "Can he efface the memory of the Standard Oil letters?" are being asked by every politician. He made his fight as an out-and-out stand-patter of the old school. Harding always has been a strong supporter of Foraker. He entered the race after a conference with the former senator. Cole made his fight as a protectionist.

In the democratic senatorial field are: Attorney General Timothy S. Hogan, running on his record in office; former Congressman John J. Lentz, of Columbus, who advocates government ownership of telegraph lines; and John L. Zimmerman, of Springfield.

Two warm gubernatorial campaigns were waged. Governor James M. Cox, seeking renomination, is opposed to Congressman J. J. Whitacre, who attacked Cox as the "builder of the greatest political machine in the history of the state."

In the republican field are Frank B. Willis, former congressman, of Ada, and David Tod, of Youngstown, former state senator. Most of their speeches have been featured by denunciation of the democratic administration.

A. L. Garford, candidate for the progressive nomination for senator, was not opposed in the primaries today.

OHIO PRISONERS WEAVING CLOTHES NOW IN AUSTRIA

CETTENJE, Aug. 11.—Montenegrin and Serbian troops have moved into the interior of Bosnia. A general anti-Austrian uprising is expected there, with the revolutionists joining the invaders.

SERBIAN ALLIES

The Serb-Montenegrin force expects to occupy Herzegovina soon.

OHIO PRISONERS WEAVING CLOTHES

COLUMBUS, O., Aug. 11.—The state of Ohio is to make clothes for its wards in the different state institutions. Six new looms have been ordered installed at once in the state penitentiary and reformatory inmates will be made at first. As soon as the new venture is under way, clothes will be made for the wards in the state hospitals, homes and other institutions. Board of administration officials believe they will effect a great saving in this way.

OHIO PRISONERS WEAVING CLOTHES

Ohio started in the cloth manufacturing business when looms were installed at the penitentiary for the making of woolen blankets for its institutions. This proved successful and saved the state many thousands of dollars in the course of a year. Then it was decided to enlarge the shop to include the manufacture of cloth for clothing.

"COLORED MATTY" HAS MANY A GREAT RECORD

CHICAGO, Ill., Aug. 11.—Rube Foster, the Christy Mathewson of colored baseball stars, has pitched twenty-three games for the American Giants, a colored semi-professional team, and won them all, according to the team's official record, which was published today, and included games up to July 30th.

These games included contests with Portland, Ore., and Spokane teams of the Northwestern Pacific League. In the twenty-three games, Rube averaged one base on balls per game. He modestly admits that he'll never see the under side of forty again.

Down From Crescent

Joseph L. Ringo, who operates the Crescent Hotel, is here from the Northern Klamath metropolis as a witness in the Krieger case, soon to be called in the circuit court.

general fund—with a total close to \$1,000,000.

The Union Printers' Home at Colorado Springs is set down at an additional \$1,000,000. It costs about \$100,000 a year to maintain the home.

The average earning per member, according to today's report, is \$1,042 a year; average death age, 48.7 and the death rate twelve per 1,000.

These last figures, it was explained, are the result of an active campaign for better sanitary conditions in composing rooms and the shortening of the work day.

Los Angeles and Washington, D. C., the first thing opened the flight to secure the 1915 convention. Washington wants the convention when that city celebrates its 160th anniversary.

Los Angeles wants the 1915 event because it has never had an I. T. U. convention and because it believes that the Panama-Pacific Exposition next year would be the biggest side attraction any city could offer the delegates.

Each city had a big delegation of boosters on hand today. Both have headquarters at the Narragansett.

At 12:30 the convention adjourned until Wednesday morning.

WHAT FOOD TO TAKE WHEN YOU GO CAMPING

OREGON AGRICULTURAL COLLEGE, Corvallis, Aug. 11.—The most useful food for camp and trail is that which contains the most nourishment with the least amount of bulk. These conditions limit the choice that can wisely be made of available camp food material, but considerable variety is shown in the following list of supplies prepared by the entertaining magazine writer, Stewart Edward White, and given as one example of a month's camp rations, in the popular O. A. C. bulletin, Camp Cookery, by Ava B. Milam.

Flour—plain, pancake and cornmeal as desired—15 pounds. Meat—bacon or boned ham—15 pounds.

Rice—eight pounds. Baking powder—one-half pound. Saccharine—150 tablets. Sugar—two pounds. Cereal—eight pounds. Raisins—one pound. Salt and pepper.

Beans—five pounds. Erbwurst—three pounds. Dried vegetables—two pounds. Dried potatoes—two pounds. Bakers eggs—one can. The combined weight is about sixty-five pounds.

Many substitutions can be made while maintaining the general plan of the rations, such as coffee for tea, eggs for meat, etc. The relative quantities in which exchanges are made together with directions for carrying, cooking and serving camp food, are given upon request sent to the Extension Division, O. A. C., Corvallis, Oregon.

R. R. COMMISSION SENDS MEN

The first step towards an investigation of the rates charged by the California-Oregon Power company here will soon be taken. Wednesday night two engineers of the state railroad commission erached here to check over the company's inventories of its physical condition.

It is upon the physical valuation that the commission bases its rate adjustment investigations.

Last year the company made a complete inventory of all of its holdings in Oregon, in order to ascertain its physical valuation. The two engineers coming here have just completed checking over the inventory of the Medford division.

KLAMATH PEOPLE ARE ON PROGRAM

Thirteen special trains and a special ocean steamer have all been arranged for to carry crowds to the Walla Walla Frontier Day Show, according to Dudley Evans, athletic manager of the show, who is here for the day.

The steamer will carry a crowd from Coos Bay, and the Coos Bay band will play at the show.

The frontier celebration will last a week, beginning September 14th. The first three days will be harness and track events, and on the last three days the rodeo events will be held. Art Acord, Vera McGinnis, Earl Simpson and others who participated in the rodeo here, are under contract to be on the Walla Walla bill, besides Tex McLeod, the Stanleys, Baldwin, Blancetts and other riders, ropers and bulldoggers of world fame.

The events will be held at a half mile track, which is completely encircled by the grandstand. At night a boxing arena will be erected, and 100 amateur boxers from Multnomah, Seattle, Victoria, Vancouver, Columbus, Olympia, Walla Walla, Spokane, Los Angeles and Portland Newsboys Athletic Club and Joe Sax's and Butler's schools will contest for prizes in an elimination contest. Evans won fame in the welterweight division, fighting 178 fights, so he is capable of staging this big mitt exhibition.

UNION SUNDAY SCHOOL EXCURSION

Thursday is the day for the union Sunday school excursion on Upper Lake. Children under 14 years of age go free. Over 14 years, 50 cents will be charged for the round trip. The committee will be pleased if parents will go with their children, where it is possible, so as to reduce the possibility of accident to the minimum. Refreshments will be sold on board the boat. Each person is to take his lunch. The boat will leave the landing at about 8:15 a. m., returning about 6:30 p. m. Hacks will run from Fifth and Main and from 10th and High streets. Here is a great opportunity for a day's outing.

INSTALLS COMPENSARE

For some time the Orpheus Theatre has had more or less trouble in projecting the pictures onto the screen, owing to variation in the power furnished. The patrons of this playhouse will not be bothered in this way any more, as the management has installed a new Fort Wayne compensare, which machine governs the electricity in such a way that the current is the same at all times.

SIXTEEN NEW RAILWAYS ARE BEING BUILT IN SWITZERLAND, SOME OF WHICH WILL BE COMPLETED THIS YEAR.

NEW YORK, Aug. 12.—Old Master Mathewson, idol of the fans, and as great a pitcher as ever faced a batter, celebrated his thirty-fifth birthday today. Despite his "age"—35 is pretty old for a ball player, and especially for a pitcher. "Big Six," after thirteen years of pitching in the big towns, today stands close to the top of the heap among National League pitchers. The Cards today are to finish a three-day invasion of New York. As Matty has an old grudge against this rejuvenated bunch from the West, it is expected McGraw will send him into the box. Only once has Mathewson been beaten on his birthday. That was in 1912, when Matty went in as a relief pitcher against the Cardinals, after they had whaled the life and a bunch of runs out of McGraw's first selection. In 1913, on his birthday, Matty went to the relief of Art Fromme, after the Giants had a two-run lead over Brooklyn, and Fromme had begun to wobble. He held the Superbas safe and won. On August 12, 1911, it was fortunate that Matty didn't pitch against the Phillies, for on that day Chalmers held the Giants scoreless and beat them. Matty had a day off on August 12, 1910. On his natal day in 1909 he blanketed the Cubs with four hits, and he pitched the Giants into second place August 12, 1907, when he beat the pirates.

MATTY REACHES HIS 35TH BIRTHDAY

NEW YORK, Aug. 12.—Old Master Mathewson, idol of the fans, and as great a pitcher as ever faced a batter, celebrated his thirty-fifth birthday today. Despite his "age"—35 is pretty old for a ball player, and especially for a pitcher. On his natal day in 1909 he blanketed the Cubs with four hits, and he pitched the Giants into second place August 12, 1907, when he beat the pirates.

THE TASK OF IDENTIFYING THE ASHES OF BURNT MONEY IN THE REDEMPTION DEPARTMENT OF THE UNITED STATES TREASURY IS ABLY HANDLED BY MRS. A. E. BROWN, WHO HAS BEEN EMPLOYED IN THE DEPARTMENT SINCE 1873.

PAINESS MAN'S TALK INTERESTS

After 500 people gathered at the courthouse park Tuesday to hear Painless Parker explain the "dental trust" and his new measure to eliminate it, give a lecture on the care of the teeth, and then extract teeth free of charge to demonstrate his painless ability. All seemed pretty much impressed by him. Parker has an automobile with a lecturer's platform and a dental chair on it. A callopo is also part of the unique equipment. "I am making the tour of Oregon

for the purpose of meeting the voters and telling them of this new law that I have initiated," said Dr. Parker today. "I want to tell every man, and woman, in Oregon how they are being systematically misled by the dental trust. I want the people to know that they will be benefitted very greatly by putting this dental trust out of business. Then they will not be compelled to go to the dental trust and pay an exorbitant price for work.

"When we started out to initiate this law, we had just eight days to get 10,000 names signed to the petition, but in four days we got 17,190 names. In my judgment that shows what the people think of a dental board which is running a little dental trust of its own."

LOCAL ART WORK TO BE EXHIBITED

Klamath Falls people are to have the privilege of seeing what local talent can produce in the way of real art.

The library club rooms will be open both afternoon and evening on Wednesday, Thursday and Friday of this week. Members of the Art Club and Women's Library Club will be in charge.

The committee in charge of the exhibit reports an unexpected number of good paintings on hand. The pictures on display will be a delightful surprise.

All are asked to come and see that Klamath county is as much in the lead in this as in other lines.

May Get Colony

W. P. Curtis, of the Curtis & Uteley Realty Co., Inc., accompanied by ex-Postmaster E. C. Ahlstrom, wife and daughter, returned home Tuesday from an extended trip to San Francisco and other California points. Ostensibly the trip was made to further interest a colony of Swedes and Italian-Swiss to locate and engage in the dairying industry in this section. In the San Joaquin and the Santa Clara valleys, Mr. Curtis states that a number of dairymen have fine herds of Holstein and Jersey stock and are paying \$30 per acre rental for the land. These people, he says, are desirous of getting where land values are less and they appeared very much pleased with his description of conditions in this country.—Lake County Examiner.

Installs Compensare

For some time the Orpheus Theatre has had more or less trouble in projecting the pictures onto the screen, owing to variation in the power furnished. The patrons of this playhouse will not be bothered in this way any more, as the management has installed a new Fort Wayne compensare, which machine governs the electricity in such a way that the current is the same at all times.

ST. PETERSBURG, Aug. 11 (censored)—The Russians have been successful so far in skirmishing on the Austria-Russian border, and have forced the Austrians to evacuate Radzwillow.

The Austrians occupied the place several days ago, but they have been forced to retire.

IN FROM DAIRY

Jacob Rueck, a well known resident of Dairy, was here Tuesday on a business trip. He reports that all crops there are now ready for the harvest.

MISS WELLS HOME

Miss Edna Wells has returned from Cinnabar Springs in Siskiyou county, where she spent an enjoyable vacation.

HERE FROM BONANZA

Professor Ray P. Burk, principal of the Bonanza high school, is here attending the Barton-Bonanza trial.

OFF FOR VACATION

Rev. E. C. Richards and wife left Tuesday for Klamath Agency to spend a two weeks' vacation.

Rev. Emma E. Bailey is the only woman minister in the Universalist church in Pennsylvania. She has been engaged in pastoral work for thirty-five years.

Vermont has decided to return to earth and gravel roadmaking in the less traveled highways.

The frigate bird holds the record among the aviators. It reaches a speed of 200 miles an hour.

THE LIFE CAREER

"Studying to reach should invariably be directed to prepare a person in the best way for the best professional occupation for which he is capable."—President C. W. Elliot.

OREGON AGRICULTURAL COLLEGE

Forty-sixth School Year Opens SEPTEMBER 18th, 1914

Write for illustrated 100-page Booklet, "THE LIFE CAREER," and for Catalog containing full information.

Degree Courses—AGRICULTURE: Agronomy, Animal Husbandry, Dairy Husbandry, Poultry Husbandry, Horticulture, Agriculture for Teachers. FORESTRY, LOGGING, DOMESTIC SCIENCE, DOMESTIC ECONOMICS, DOMESTIC ART, ENGINEERING: Electrical, Irrigation, Highway, Mechanical, Chemical, Mining, Ceramics, COMMERCE, PHARMACY, INDUSTRIAL ARTS.

Vocational Courses—Agriculture, Dairying, Home Makers' Course, Industrial Arts, Forestry, Business Short Course.

School of Music—Piano, String, Band, Voice Culture.

Farmers Business Course by Mail Free. Address THE REGISTRAR, Corvallis, Oregon.
