CHINESE WANT TO GO INTO CANADA

CANADIAN AND CHINESE OFFICIALS ARE THEREFORE AT WORK ON A COMPACT TO PERMIT IMMIGRATION

United Press Service VANCOUVER, B. C., Aug. 27.—Negotiations are in progress today between the Canadian government and the Chinese republic with a view to an agreement for control of Chinese immigration into Canada.

President Yuan Shi Kai is understood to have intimated he would endorse such a compact as the one by which 400 Japanese are admitted into the dominion yearly. He would like, however, to have the present \$500 head tax paid by the Chinese abolished.

The opinion here is that an agreement of the kind would facilitate the negotiation of a similar arrangement with the imperial government concerning Hindu immigration.

WITH GOOD CROPS TURN TO AUTOS

OREGON FARMER AND ALL OTHERS RAISING WHEAT ARE ASSURED OF A PROSPEROUS HARVEST NOW

United Press Service PORTLAND, Aug. 27.—The Oregon wheat man, along with his Kansas, Nebraska, Montana and other wheat growing neighbors, is due for much attention from automobile salesmen this fall.

With bumper crops already being harvested, the "horseless carriage" representative anticipates a record automobile business among the farmers of the West, according to whippersnappers reaching Portland from the manufacturing centers of the East.

Just before he left for Europe, where he is marooned at the present time, John N. Willys, president of one of the big automobile factories, declared prospects for a busy season for automobile men were very bright.

Apparently his opinion is the same as others in the same line. In Portland distributors are already prepared to supply outside demand.

"Conditions never before have been so uniformly favorable for the farmer from coast to coast. There is a bumper crop in wheat. Corn is well above the ten year average, hay is abundant, cattle is bringing good price and there is an air of prosperity throughout the rural districts which

rises superior to legislation and business pessimism," said Willys, summarizing national rural conditions.

"This condition means many more automobiles for the farmers. The time has passed when every farm horse scared at the sight of a motor car—even in the thinly populated districts. Automobiles are considered indispensable by the more prosperous class of farmers. With a motor car the farmer who lives ten miles or more from town is practically as independent as the man whose house is just outside the city limits."

FORT RANCH IS INVOLVED AGAIN

ACTION TO FORECLOSE ON CONTRACT FOR SALE OF SEVEN MILE IS FILED BY MR. AND MRS. HENRY STOUT

Holding that only \$4,500 of the \$14,000 purchase price has been paid, and that the last \$1,000 installment is due, Mr. and Mrs. Henry Stout, through Hay & Merryman have brought suit against William Albright to foreclose on the contract for the sale of the Seven Mile ranch, near Fort Klamath.

The ranch contains 560 acres, and is one of the finest in the Wood River Valley. The ranch was taken over from the Stouts by John Ellis, after which Albright became associated with him, and later took over the ranch.

MEN ARE 20 YEARS IN GAME

United Press Service CLEVELAND, Ohio, Aug. 27.—Ball players will come and go—thousands of them—and the world will forget most of them as quickly as their names cease to appear in the box scores, but the names of two players who are about to pass out of the sport as active participants will live as long as the national pastime itself.

The name of Napoleon Lajoie, the famous Cleveland second baseman, and Hans Wagner, equally famous Pittsburg shortstop, have been written in letters of fire on the walls of baseball's hall of fame. After nearly twenty years these Launcelots of the diamond are slowing up, and soon must give way to younger men.

Napoleon Lajoie first gained fame on the lots of Woonsocket, R. I. His fielding and hitting ability excited the admiration of a scout of the Fall River, Mass., team, who happened along one day. Lajoie signed a Fall River contract and proceeded immediately to make good. Billy Nash, Philadelphia National League manager, saw the young Frenchman perform one August day, and purchased his release. He was assigned to first base and played the position amazingly well. His batting for the first year in fast company was .328.

Previously Lajoie had been a hack driver. In one year the Raode Island hack driver rose from obscurity to fame. Lajoie was shifted from first base to second, where his fielding was so spectacular that he soon became known as the king of second basemen. His graceful and apparently careless manner of fielding the ball

Wanted--To Rent a Temporary Courthouse

Klamath County wants to move—oh, of course, not from the Klamath country (for there is none better) but from the present court house. For that reason, there is a demand right at present for quarters where the county offices can be temporarily located.

All of this was decided upon at a meeting of the county court late on Wednesday. The members of the court are ready to sell the present county property on Main street, and to apply the funds on the construction of the new court house.

But the law provides that before county property can be offered for sale it must be abandoned for county purposes. Hence the desire to move. The court is preparing for the sale of the property under the wishes of the people, as shown by the straw

vote taken in the fall of 1912. At that time the people, by a big vote, favored the sale of the property and the application of the proceeds to the completion of the new court house.

Several places have been suggested as a temporary court house, but the majority believe the Hotel Baldwin to be the ideal location. This has spacious rooms, is steam heated, and there is a vault just a couple of doors from there ample to care for the county books.

Declaring that 2,000 persons control immense incomes aggregating more than that of the government, Representative Murdock, progressive leader in the house, introduced a bill providing for a graduated inheritance tax.

this year as Lajoie, but he has slowed up noticeably in all departments of the game. This is Wagner's eighteenth year as a major league player. He made his debut with the Louisville club of the old National League a year after Lajoie joined the Phillies.

Wagner led the National League eight seasons. He averaged .340, including this season. Lajoie has averaged about .343 in his nineteen years of major league playing.

Both Pittsburg and Cleveland are greatly affected by the slumps of these star players. It is significant that the Pirates and Naps both dropped to last place the first year that the great stars showed signs of falling.

New York city is said to have more than fifty known lepers running at large.

BERKELEY STORE TAKES NO CASH

OLD CUSTOM OF BARTER AND TRADE IS BUSINESS PRINCIPLE OF MERCHANT IN THRIVING CALIFORNIA CITY

United Press Service BERKELEY, Aug. 27.—"You don't need any money to trade here," is the motto in the window of the general store of F. M. Campbell, recently opened in this city.

Campbell keeps all sorts of household utilities, groceries, vegetables—everything useful, in fact, that he can get, not for money, but for some goods of some other kind.

In the same way, his customers pay, not in money, but in goods.

In cases where it is impossible to make change or a visitor with something to sell to the store needs nothing at the time, Campbell gives exchange checks.
