WHO RUNS OUR SHIPPING?

AND NOW the United States, the most peace loving nation of them all, the one power that has been working zealously for months to preserve peace in Mexico and Europe, is becoming indirectly connected with the European fight, for England and France have made formal protest that the United States is violating the neutrality laws by purchasing German ships in American harbors, with which to carry on the commerce of this nation, and establish the merchant marine so sadly needed these many years.

So far there has been only the protest. Perhaps if Uncle Sam was to purchase ships from the British owners exclusively, it would be all right with Great Britain—but Germany would be the one to howl then.

To the layman, the charge that it is in violation of the neutrality laws for a neutral nation to purchase from private concerns of one nation at war seems to be absurd. And it is rendered doubly so by the protest made by Great Britain as to "neutrality"—immediately after England has seized two warships belonging to Turkey, a neutral nation.

All of which brings to mind the question, "Is the United States to conduct her own maritime affairs, or are they to be directed entirely from across the Atlantic?"

It is just a few short months since the United States, after France had made a botch of it, stepped in, and at an enormous outlay of American capital, severed the Isthmus of Panama with a canal which revolutionizes the commerce of the world.

And has American shipping derived any benefit from this enormous expenditure on the part of Uncle Sam? Not so as to be noticed—for the benefits are not a bit greater than those of the other nations of the world, who have not one cent invested in the big ditch. In this case again it was European nations who protested against American shipping being favored at all—and they carried their point.

Will they do so again? That remains to be seen.

WOMEN AND GOWNS

AND NOW the women of America are up against it. They must design their own gowns.

France is war-ridden, and the masters of fashion in Paris can no longer supply the demand. France has our sympathy in its troubles, but we halt the day when American women must depend upon their own initiative in the matter of dress, for when American women undertake to do a thing IT IS DONE.

We have depended upon Paris too long. We have accepted the hideous creations that have been handed us without a murmur, simply because they bore the French label.

This is an opportune time for the women of this country to use their own brains, and use them to good purpose. They need no coaching from other countries. It is safe to predict that when they do begin the designing of their gowns we will have a revelation in the matter of feminine attire. Common sense and decency will return, and it will not be at the expense of personal appearance or style.

The future gowns to be designed by American women will be just as smart and just as stylish as any they have ever worn, with the added advantage of radiating refinement and gentility.

American women are the most beautiful on earth, are noted for their intellectual attainments, and are possessed of an indomitable spirit which knows no failure. The designing of their own gowns will be but an incident in their brilliant careers, for even now the world is prostrate at the feet of American womanhood.

FRENCH RESERVES CALLED TO ARMS BY THAT NATION

INDICATES BIG LOSS OF MEN IN BATTLES

In Connection With This Announcement Comes News That the Turkish Troops Have Been Ordered to Mobilize—Latest French Call Brings Out Every Man Between the Ages of Twenty and Twice That

PARIS, Sept. 1.—Minister Millerand today issued a call for all of the reservists in the French territorial army to come to the colors. They are instructed to join with the forces in Northern and Northeastern France.

It is admitted that Millerand's call means that the ranks of the French active battalions are sadly depleted, and the reserves are needed to fill in the gaps caused by the toll of life exacted by warfare. This brings out all the men from 20 to 48 years of age.

Telegrams were received today from Constantinople, stating that the Turks are about to mobilize the First Army of the Line. This comprises about 200,000 Mohammedan soldiers.

CONFLICT DOES NOT STOP PILGRIMAGE

ROME, Sept. 1.—Although the European war cut down the numbers to only a few hundreds, the pilgrimage to the shrine of Our Lady of Lourdes in France started today.

Transportation facilities had been arranged as long ago as last summer for 10,000 seeking miraculous cure for ailments pronounced incurable by physicians.

Unless present arrangements are interfered with, the afflicted pilgrims will be permitted to cross the Italian-French boundary to go to the famous shrine.

PROPOSE TAX FOR RAILROAD TICKETS

WASHINGTON, D. C., Sept. 1.—Senator Simmons said today that the 5 per cent war tax proposed for railroad tickets would be paid by the purchaser, not by the railroad.

J. BULL TO PAY FOR THE SHIP

WASHINGTON, D. C., Sept. 1.—The British embassy stated today that England proposes to generously compensate Turkey for the two battleships seized.

SAY THEY WENT WITHOUT GUNS

ST. PETERSBURG, Sept. 1.—It is announced that the Russians routed the Austrians near Amosund Sunday with enormous losses. The Cossacks, supported by infantry and artillery, fought with sabers against the Austrian infantrymen using their bayonets.

THIRTY THOUSAND REPORTED TAKEN

WASHINGTON, D. C., Sept. 1.—An official message from Berlin to the German embassy says that 30,000 Russians were captured in East Prussia, following the three last battles.

ANOTHER RULER HAVING TROUBLE

DURAZZO (Via Rome) Sept. 1.—Prince Henry of Wied, recently made ruler of Albania, has sailed for Italy in an Italian yacht.

He is accompanied by his wife and child and by Harold Spencer, his American aide. The insurgents have captured Durazzo.

U. S. REQUESTED TO MAKE BRIDGE

In the hope of getting the government to take action so as to make the Eleventh street improvement a reality, council Monday night adopted a resolution requesting and urging the government to construct a bridge across the canal on Eleventh street, to be in conformity with the street as to grade, etc.

The bridge over Eleventh has been delaying the improvement work.

FORT LEAVENWORTH, Sept. 1.

Under the Manchu act, Colonel W. P. Burnham, commanding the army service schools, was relieved today by Colonel H. A. Greene, unattached, stationed at the central department at Chicago. Under the same act Colonel H. J. Slocum, commandant of the United States military prison was relieved by Colonel George A. Todd, stationed at the recruit depot of Columbus Barracks, Ohio. The Manchu act provides that officers must serve at least two years of every six years with their commands.

GERMANY'S ADVANCE IS CONTINUOUS

United Press Service. BERLIN, (via The Hague), Sept. 1.—The war office states that the German advance continues, and that the French and English were repulsed with heavy losses at La Ferté. Operations everywhere are reported satisfactory to the German force, and the Crown Prince's work is still successful.

United Press Service. PARIS, Sept. 1.—Four German armies, under Duke Albrecht, are pounding at the left wing of the allies' defense. The allies, intact, are retreating.

The Germans have mounted heavy artillery, and are shelling the French entrenchments from Sedan south. France continues the offensive in Lorraine.

A German monoplane appeared over this city at 6 o'clock tonight. Soldiers in Eiffel tower sighted it, and after a volley had been fired at him the aviator retired.

United Press Service. WASHINGTON, D. C., Sept. 1.—A wireless to the German ambassador, via Saville, says:

"In the west, General von Klug repulsed the French attempts at flanking. General von Buelow completely defeated a superior French force near Ste. Quentin, after capturing a battalion of English infantry. "General von Hausen forced the French back upon the river at Reethel."

United Press Service. PARIS, Sept. 1.—The war office denies rumors of a British disaster. It admits that the allies' battle front has been forced back again.

At the last reports the German assault upon the left center was raging. The Germans are anxious to signalize the anniversary of Sedan with a notable triumph there, and the fighting is the most ferocious yet.

The cabinet has agreed that there is no immediate necessity to fear a siege, but precautionary work continues.

United Press Service. LONDON, Sept. 1.—A Paris news dispatch says the British have gained a decided success. It quotes one British general returning from the front on business as saying:

"The German advance has been checked north of Champagne. They have even asked an armistice in order to bury the dead."

LAKEVIEW MAIL TO BE RENEWED

LAKEVIEW, Sept. 1.—County Judge Daly is today in receipt of a letter from Senator George Chamberlain, in which he states that the contract for carrying the mail between Lakeview and Bly is to be advertised in a few days. Notices to this effect will be posted in this city, Bly and Klamath Falls.

In his letter Chamberlain states he took the matter of continuing this service with the postoffice department but received no encouragement. He then took it up directly with President Wilson, and the matter was acted upon.

Lakeview people are rejoicing at the re-establishing of this service, for it has been in operation between here and Klamath Falls for about forty years, and in the winter mail via stage from Klamath Falls is much more certain to arrive than mail via the railroad. Especially happy are the people between Bly and this city. They have been obliged to have their mail sent to Bly from Klamath Falls, or here via N.-C.-O., and were compelled to journey to one place or the other to get their mail.

RODEO BAND MAY SEE ROUND-UP

That Klamath Falls' Elks' Rodeo is getting on the map stronger every year is shown by the letter just received from the management of the Pendleton Round-Up, asking the Rodeo Band to journey overland to Pendleton, and play for the "Let 'er Buck" show on the 24-25-26.

In the letter an offer is made to the local organization for its service. The players are asked to make the trip overland, in appropriately bannered cars, and to scatter Round-Up literature as well as harmony through Central and Eastern Oregon.

The local musicians are highly elated at the offer made. A meeting will be held soon to consider the matter, and forward an answer to Pendleton.

SIDEWALKS FOR HOT SPRINGS

In preparation for keeping the feet of Hot Springs people dry this winter, council Monday night ordered City Attorney Rutenic to draft a resolution for two strips of sidewalk there. Both are to replace old walks.

One of these walks is to be on Esplanade from the Southern Pacific right of way to the bridge across the canal. The other is along the west side of Canal road from Main street to Esplanade.

Mr. and Mrs. Harry Goeller arrived Monday from an auto trip through Oregon and Washington, following the day in Medford a few days ago when Miss Maude Rippey changed her name.

GREATEST BATTLE IN THE HISTORY OF THE WORLD

ACCORDING TO ADVICES FROM VIENNA

More Than Three Million Men Engaged, and Tide of Battle Ebbs and Flows—No Decisive Result as Yet, But Final Outcome Cannot Long Be Delayed—Fighting Is Almost Hand to Hand.

United Press Service. VIENNA, (via Rome), Sept. 1.—According to a statement issued by the war office here the battle between the Austrians and the Russians on the Austrian frontier is the "greatest battle in the history of the world."

Over 3,000,000 men are engaged in actual fighting, and every branch of the service is represented. The tide of battle ebbs and flows, and no decisive results are as yet obtained.

It is also stated that the concentration of the Austrian forces between Lubin and Grubieszow, covering a battle front of sixty miles, has given Austria a decided advantage. The fighting has become almost hand to hand, and a decisive result cannot long be delayed.

COPPER MINERS' WAGES LOWERED

United Press Service. CALUMET, Mich., Sept. 1.—The Calumet-Hecla Mining company today announced a reduction of 10 per cent in the wages of the employes in the mines, mills, shops and smelters. The depression of the copper market is declared to be the cause of the cut.

SERVIANS OFF TO START RIOT

NISH (Via Rome), Sept. 1.—The entire Servian army, except the strength required to hold the roads leading here, are being massed along the Drina.

The force will invade Bosnia between Losnitza and Svrornick, and it is expected that the Slavic population, incited by the Servians, will make a big uprising against Austrian rule.

AMERICAN SHIPS MAY BE SEIZED

WASHINGTON, D. C., Sept. 1.—Diplomats say that if America purchased German merchantmen they would be subject to seizure by the French and British. They say the allies would doubtless seize them and hold them for a ruling by the prize court as to whether their purchase violated the neutrality laws.

COUNCIL DON'T WANT TO KNOW

Members of the city council seem just as contented as ever to grope in the dark regarding municipal advancement elsewhere, for on Monday they again turned down the proposal of Councilman O. D. Matthews for the city to subscribe to "The American City" and two other magazines dealing with public utilities and municipal work.

Matthews holds that these would be of great advantage to every city official, and through them to the people. Last night he was supported in the voting by Councilman Hamilton.

Birthday of Trolley Today

KANSAS CITY, Sept. 1.—Today is the birthday in America of the expressions "two bells," "fares, please" and "you're off your trolley." Thirty years ago today the first electric trolley car system in the United States was placed in operation here, following trolley installation in Berlin in 1879. Trolley system in Toronto and Baltimore speedily followed.

Austrians Take One From Nicks

BERLIN, (Via The Hague) Sept. 1.—The Austrian embassy states that the Austrians in Northern Galicia, in addition to routing the Russian forces, have invaded Russian Poland. The Russians have retreated towards Lublin.

The losses of both sides are heavy.

WAR OFFICE SAYS AUSTRIAN IS ALL NOW IN THE FIELD

ST. PETERSBURG, Sept. 1.—The government says that the entire Austrian army is active in Galicia, and that the Russian advance continues.

The Russians say that they will march on Lemberg proper in a short time, and that the Russian line extends on both sides of Lemberg from Kamenka to Brzozdovita.

The war office issues the following statement: "The German defense is stiffening, and while we are sustaining severe losses the German loss is far greater. They will be unable to withstand our assault. In Galicia the Russian army is victorious. The Austrians invading Russian Poland have been repulsed with enormous losses, and have been compelled to fall back."

RED CROSS SHIP ABOUT TO START

WASHINGTON, D. C., Sept. 1.—Plans for the sailing of the Red Cross for Europe are about completed. The Hamburg is to be rechristened "The Red Cross." The boat is being painted white, with a red band around the hull and the funnels are to be white with red crosses on the sides. The ship will fly the red cross and the American flag.

The boat will carry a dozen hospital units. Retired American naval officers will command the ship, and an American crew will man her.

WATER USERS TO HAVE NEW HOME

Instead of paying rental for offices, the Klamath Water Users Association is soon to be not only in the closest possible touch with the local reclamation officials but will have headquarters free of charge. A move is to be made from the Loomis building to the reclamation service headquarters.

Project Engineer J. G. Camp has just tendered the association the use of two rooms on the second floor of the headquarters. The offer has been accepted, and Secretary Albert E. Elder is preparing to move.
