## AUTOS GO TO FAIR

IF PROPER PLANS CAN BE MADE, KLAMATH FALLS WILL ALSO SEND A BAND TO MAKE MERRY AT THE BIG SHOW AT BONANZA—MANY ARE PLANNING ON MAKING THE TRIP TO THE CLOVER LEAF CITY AND TAKE PART IN THE CELEBRATION

Last Friday it was "On to Merrill." Tomorrow it will be, "Bonanza, Ahoy!"

A delegation of Klamath Falls people, many of whom attended the big Koin's at Merrill, are planning to leave in the morning for Bonanza and take in the sights there. Reports reaching here through Cale Oliver and others are to the effect that a big surprise awaits the people when they see what the dry farmers out that way are doing.

While the delegation going from here to Bonanza may not be as large as the one to Merrill, there will be a good representation. Any autos not supplied with "Klamath Falls is With You" pennants can secure them at the Chamber of Commerce.

Another matter to call up the Chamber of Commerce about is the number of extra seats in your automobile. If suitable transportation arrangements can be made it is believed a number of local musicians will make the trip, take in the fair and render band music, so extra seats are eagerly sought.

## Roumania Next to Get in War

BUCHAREST, Roumania, Sept. 24.—High officials declare that the new cabinet has overcome the opposition of King Carol, who has finally agreed to a mobilization of the army. ## MERRILL MAN FALLS TO HIS DEATH FROM RUNNING BOARD OF SLOW MOVING AUTOMOBILE

Falling off the running board of an automobile driven by Will T. Lee, William Jennings, well known in this section, was instantly killed when he struck the pavement at the corner of Fourth street and Klamath avenue late Wednesday afternoon. The fall resulted in the fracturing of Jenkins' skull. Jenkins has resided in different parts of the county for several years, and owned property here. He has been at Merrill of late, and came in Wednesday on a business trip. He frequently complained of headaches

Russian Commander Who Beat Austrians

Grand Duke Nicholas Nikolaievich is the commander of the Russian army, and to him as much as the generals in the field has been given credit for the rout of the Austrian army in Galicia. According to reports from Petrograd, which may be biased, more than 130,000 prisoners have been taken by his armies.

## ANTI-PROHI TO TALK TONIGHT

CHANTAQUA LECTURER WILL DISCUSS "FALLACIES OF PROHIBITION" AT HOUTSON'S OPERA HOUSE

The first local gun by the anti-prohibition will be fired this evening at Houtson's opera house, when Edward Adams Cantrell will speak. "Twelve Fundamental Fallacies of Prohibition" will be his theme.

Because a man opposes prohibition is no reason to accuse him of being a drunkard, for there are many temperance workers who are opposed to the prohibition movement on the ground that it is a move against personal liberty. Such a stand is taken by Cantrell, who is well known throughout the United States for his work on Lyceum and Chautauqua lecture platforms.

**Here to Teach.**  
Miss Elizabeth Lewis, who will teach the Bly high school, arrived last night from Portland. The Bly school term opens Monday.

**Kent Returns**  
Joseph S. Kent returned last night from a business trip to the Middle West.

#### LOSSES IN FIGHT HEAVIEST IN WAR

CONTINUED ATTACK OF GERMANS INDICATES EFFORTS TO WITHDRAW ALLIED FORCES FROM FIGHTING VON KLUK

United Press Service  
PARIS, Sept. 24.—The Germans made repeated attacks on the allies' center last night, but were repulsed. Experts say that this shows that the enemy is doing everything possible to relieve the pressure of the allies on their right.

The war office admits that the German assaults upon the French center has continued night and day for forty-eight hours. The enemy is plainly working to force a withdrawal of the French from the left.

The French line is holding. The losses are the heaviest in the war to date.

General von Bohms army, comprising practically all of the German active force in Belgium, has reinforced von Kluk.

A statement issued at 3 o'clock (this afternoon) says that the turning movement of the allies on the German left continues.

The efforts of the allies to drive the Germans from their intrenchments between the Oise and the Aisne failed, and the Germans were able to resist numerous bayonet charges by the allied troops.

The French left wing between Somme and the Oise continues to repel the Germans under von Kluk.

The allies have advanced slightly to the northwest toward Reye, and a detachment has occupied Peronne.

The losses to the active German corps has been enormous, the Bavarians suffering most.

## YES, REALLY IT IS NOT SUMMER

WEATHER IS SO LOVELY THAT INDUCEMENT HAS TO BE OFFERED TO GET THE STRAW HATS OFF THE STREETS

Summer is a thing of the past.

This is self-evident in many other places, where overcoats, etc., have made their appearance, but here in Klamath Falls, where the days are ideal, the temperature just right and the grass and flowers still green, it is hard to realize it. Only the russet hues of the falling leaves and the talk of high school football tend to show the season.

But we come again on the same line: "Summer has went." In fact, it has been a thing of the past for three days, for the beginning of the autumnal equinoxial season is here.

No other indication of the ideal weather here need be cited that the fact that straw hats are still being worn by some of our male population. But they won't be long, if the K. K. K. store can help it.

In today's issue of the Herald that popular emporium offers to buy up last summer's straw hats. It makes no difference how yellow or battered they are, they all fetch the same price the present week. This is two bits per, to be applied on the purchase of a new fall hat.

## LOWER GATES SHUT

RECLAMATION OFFICIALS ORDERED TO MAKE A TEMPORARY CLOSING FOR THE WINTER—WILL BE OPENED IN THE SPRING UNLESS LAND OWNERS HAVE COMPLETED ARRANGEMENTS WITH THE VAN BRIMMER DITCH PEOPLE.

Project Manager J. G. Camp has just received instructions from Washington to close the headgates in the railroad embankment, where the Southern Pacific crosses Klamath Straits. This will close the waters of the Klamath River out of Lower Klamath Lake and marshes.

This is a temporary closing order at present.

If permanent agreements can be made between the marsh land owners for the reclamation of these lands and the supplying of water to the Van Brimmer ditch at Merrill before February 1, 1915, the order can be made a permanent one. If not, the gates will be opened as usual to supply water to the Van Brimmer ditch, which will mean the flooding again of the marshes.

This has been an extra dry year, and the water in Klamath Lake is at an extremely low stage. The government desires at this time to take advantage of this low stage to hasten the drying up and reclaiming of the marsh lands.

With the water shut off while the stage is low, the marsh land owners, if they provide for the irrigation under the Van Brimmer ditch, can gain a great start this year in their work of reclaiming about 54,000 acres of marsh land around the lower lake.

## Przemysl Forts Badly Battered

## U. S. CONSUL SENT TO CONFER WITH VILLA, AND WORK FOR A CESSATION OF HIS HOSTILITY

United States Consul Carrothers, at Torreón, has been ordered to Chihuahua to ask Villa whether he will consider any other method than that of hostilities to settle his dispute with Carranza.

It is reported that Paul Fuller and possibly John Lind may return immediately to Mexico, in an attempt to prevent further bloodshed.

The White House has announced that the plans to remove the American troops from Vera Cruz would not be changed because of the split between Villa and President Carranza.

United Press Service  
WASHINGTON, D. C., Sept. 24.—The new revolt of Villa has upset all of the administration plans and hopes of peace in Mexico.
