### GOT AN EXHIBIT FOR THE SHOW?

IF SO, SEND IT TO THE CHAMBER OF COMMERCE, SO IT CAN BE SENT TO PORTLAND BY NEXT MONDAY

The final call has been issued for exhibits of Klamath county land products to be exhibited at the Portland Manufacturers and Land Products Show, to be held in Portland from October 26 to November 14. All exhibits must be at the Chamber of Commerce by Monday.

Already there is considerable display gathered, but if this can be made still larger and better, addition exhibits will be welcomed. Each specimen is to be labeled with the name of the grower, so that all will receive credit.

The Chamber of Commerce would also like to have full information regarding acreage, yields, etc., in connection with the exhibits.

### WOMEN MEET TO TALK MEASURES

ALL WOMEN ARE URGED TO ATTEND SESSION AT THE WOMEN'S LIBRARY CLUB TOMORROW AFTERNOON

In order to intelligently study the proposed new laws, to be submitted to the voters next month, a meeting of the women of the city will be held tomorrow afternoon at the Women's Library Club, beginning at 2:30.

### MILLS PEOPLE SEEK SIDEWALK

Sidewalks as follows are asked for by Mills Addition property owners:

West side of East Main from Home avenue to Orchard avenue; north side of Vine street from Owens street to East Main street; south side of Vine avenue from Mitchell to East Main street; north side of Reclamation avenue from Division street to Mitchell street; north side of Wantland avenue from Division street to Sixth; south side of Eberlein avenue from Division street to Mitchell street; east side of East Main street from Applegate avenue to Sixth street; south side of White avenue from Division street to East Main street.

The walks are to be six foot board walks. The resolution is being drawn up by the city attorney.

### EARLY CHRISTMAS SHOPPING AS AN AID TO BUSINESS

CHICAGO, Oct. 13.—A "Do your Christmas shopping early" campaign movement with a double purpose was launched here today by the Consumers' League of Illinois.

"Business everywhere is so slack that we are trying to get everybody to do their Christmas buying early, to prevent many working girls from being discharged," said Miss Elsa Wertheim, secretary of the league.

"If we can get people all over the country to do their Christmas shopping now, or at least to get started, present trade conditions will be stimulated, and there will be a steady flow of business until the first of the year, when business conditions should return to normal.

"This may save thousands of employees, particularly girls in the department stores, from being discharged. Of course it will also prevent over-working them later in the holiday season, when the aching and frazzled nerves of the shop girl makes Christmas anything but a time of gladness and good will."

Plans of the campaign include visits to heads of department stores for their co-operation, placing the question before women's clubs, and the movement.

### EAT LOTS OF APPLES: THEY ARE CHEAPER

WASHINGTON, D. C., Oct. 14.—Apple dumplings, apple fritters, apple pie, apple sauce, apple cobbler, in fact every apple concoction known to man, except possibly apple jack, ought to appear on the menus from now on, according to a bulletin just issued by the Department of Agriculture.

Apples are going to be plentiful this year, and in addition to this, a big falling off in the exportation of apples to Europe is expected as a result of the European war. Europe annually imports 2,000,000 barrels of American apples.

"The problem of distribution will prove to be more complex this year, owing to certain conditions resulting from the European war," says the department. "Both the growers and dealers are urged to view the situation with optimism and to prepare for the disposal of Europe's usual portion in other ways. It is suggested that with judicious handling the demand at home may be increased and the commercial crop marketed with relatively fair success to all."

The office of markets of the agricultural department urges exporters to carefully watch the movement and assure themselves of steamer space and a demand on the other side before making shipments. American shippers are also advised to try means of stimulating the demand for apples in Latin America and in the Orient. It is suggested that by co-operating with the department of commerce extensions of trade in these countries can be accomplished.

"For the benefit of those who may not be disposed to exercise special care in handling the crop," continues the bulletin, "on the ground that it will not be worth while, the office of markets suggests it as probably being true of this year that not only proper handling, but also great diligence will be required for effecting satisfactorily distributions."

The federal reserve board approved the plan submitted by the committee of bankers headed by David R. Forgan of Chicago, for the collection of a \$100,000,000 gold fund to meet the American obligations abroad.

### SEPTEMBER COST WAS OVER \$8,000

LARGEST ITEM OF THE MONTH WAS THE COST OF DRAINAGE OPERATIONS IN THE FIRST UNIT

According to the figures on the project ledger, the cost of operations on the Klamath project for September was \$8,206.60. This is divided between building, operation and maintenance during construction, supplemental construction, operation, distribution system maintenance, and miscellaneous expenditures.

The largest single item are the costs of operating the excavators on the digging of drains. Excavator No. 1 entailed an expense of \$1,729.48, and the cost of operating excavator No. 2 was \$2,071.13.

### VEHICLES CAN'T TURN IN STREET

With a view to lessening the danger from autoists turning their cars in the streets, the council last night passed to its second reading an amendment to the vehicle ordinance that prohibits the turning of vehicles except at street intersections.

Owing to the frequent violation of this part of the automobile ordinance, the section is given in full.

All vehicles approaching an intersection of a road, street, alley or public highway with the intention of turning thereat, shall, in turning to the right, keep to the right, and in turning to the left shall turn to and beyond the center of the intersection; and in no case shall any vehicle turn on any road or street or public highway (excepting alleys) at any other place on said road, street or public highway but at intersections of roads, streets or highways, and when making turns, vehicles shall observe the rule for turning as set out in the first part of this subdivision. An alley intersecting a road, street or highway shall not be considered an intersection at which a turn may be made."

### SKATING RINK TO OPEN SOON

Roller skating, that strenuous pastime, is to be revived in Klamath Falls. The Pavilion rink, corner of Fourth street and Klamath avenue, is now being put in shape for an early opening.

Ed Wakefield and Jess Hunsaker are to operate the amusement feature. They are making a number of improvements, and are now re-leveling the maple floor of the spacious room.

### DENIES GERMANS CAPTURE OSTEND

LONDON, Oct. 14.—In an official statement today the war office denied the report that the Germans had captured Ostend.

Further dispatches from Madrid report as untrue the word that Portugal had declared war on Germany.

It says further, however, that Portugal is preparing to place all her armed forces at the disposal of England, wherever and whenever necessary. It is reported that the mobilization of the troops is already under way.

### PIGSKIKN CHASERS PRACTICING HARD

Although schools are closed owing to the teachers' institute now in session, there is no cessation of work for the football candidates at the Klamath county high school. They are taking advantage of the vacation to devote their afternoons to strenuous football practice.

The first game of the local season will be played a week from Saturday, when Ashland high school will line up against the local gridiron knights in the first round of the Southern Oregon championship struggle. Much interest is being manifested in the game, and there is talk of asking the business houses to close during the time the game is on.

### CHRISTIAN CHURCH WILL HOLD ANNIVERSARY SOON

### CITY BOOKS TO BE GONE OVER

The city's books are to be experted. Advertisement for bids for this work will soon be published.

The matter has been before the council many times of late, and at the last meeting it was reported to the finance committee. Last night they recommended the preparation of a resolution directing calls for bids.

The experting is to extend back over the city's record for the past five years.

### WAR TAX EFFECTS DRINKING OF BEER

WASHINGTON, D. C., Oct. 14.—Secretary McAdoo today informed the senate that the pending war tax bill will raise \$106,400,000 annually.

If the reduction in beer consumption continues as it has for the past few months, McAdoo said that it would reduce the total to \$90,498,000 or less.

### SOME MINOR WAR NEWS FROM EUROPE

LITTLE STORIES FROM THE FRONT THAT ARE COMING IN THROUGH THE CAPITALS OF THE NATIONS NOW FIGHTING. EACH OTHER—SOME ARE TRIVIAL, BUT ALL ARE INTERESTING AT THIS TIME.

United Press Service LONDON, Oct. 1.—(By mail to New York)—Baroness Cederstrom, who in public life is Madame Adelina Patti, is much put out by reports sent out of Austria about alleged attacks upon herself and her husband there.

"The reports were greatly exaggerated," said the singer, who recently arrived from Paris. "Some stones were thrown at the hotel which we were staying, and some hostile feeling was shown against some foreigners, but it was in no wise personally directed at my husband or myself."

LONDON, Oct. 1.—(By mail to New York)—A Welsh army corps is to be formed at once. This was definitely made known today, when it was announced that a meeting is to be held here soon of leading men to plan the formation. Lord Kitchener has given his sanction to the plan, which was first suggested by Lloyd George.

An executive committee with a chairman will be appointed for the work of carrying out the recruiting. Units now in course of formation will be absorbed by the corps, which will

take in all of Wales and Monmouthshire.

United Press Service LONDON, Oct. 1.—(By mail to New York)—The queen, attended by members of her suite and by Herbert Samuel, president of the local government, paid a visit to the headquarters of the Belgian refugees at Aldwych, and the great encampment at Alexandra Palace. Her majesty took a great interest in the plans that are being carried out for providing for the comfort of the refugees. She talked with many of them, expressing her sympathy for their state. A company of Belgian Boy Scouts acted as her escort at the encampment.

PARIS, Oct. 15.—With a convoy of wounded just brought in here was a pretty work girl named Eugenie, who, attired in baggy red trousers and a red "chechia," had followed a Zouave regiment from her home town of Bagnolet, and with a rifle on shoulder had marched off the Marne, where she was wounded. She is to be sent back home, but swears that she will go to the front again.

Much interest is being manifested in the county letter writing contest by the Klamath county school teachers, following an explanation of the contest and the prizes, etc., by Secretary Blower of the Chamber of Commerce this morning.

In addition to the publicity the winner will be given in the local papers, the Oregon Teachers' Monthly has also agreed to publish the winning letter and the photograph of the winner.

### SWANDER'S TALK IS INTERESTING

"WHAT IS A CHRISTIAN?" WAS EVANGELIST'S TOPIC AT THE CHRISTIAN CHURCH ON WEDNESDAY EVENING

Mr. Swander spoke last night on the subject, "What is a Christian?" He introduced the subject with the declaration that the "disciples were called Christians first at Antioch" by divine fiat, and not by the heathen in derision. He gave the fact that every other usage of this word "called" in the New Testament bears that significance as proof.

A Christian was considered in a three-fold relation. First, the Christian in his initiation. The initiation is important. The Scriptures illustrate the initiation into the Christian life with the acts of adoption, naturalization and birth. The immediate process by which these acts are consummated is through faith in Jesus Christ, confession of that faith, a repentance from sin, and a baptism into Jesus Christ. One is a Christian only to the extent that he has done these.

Second, a Christian in relation to his past, present and future. He is a pardoned criminal; not having paid the penalty for his sins, but forgiven. He is dead to sin. This was illustrated with a grain of wheat. When put into the ground it dies before it brings forth anew. Its death is a chemical reaction, a dissolution of its physical fibre and a complete loss of its former identity. So the Christian must suffer a spiritual reaction, a dissolution of his sinful nature, and a complete loss of his sinful identity. Christianity means separation from sin. As to the present he is a new creature; as to the future he is an heir to the promises of God.

Third, a Christian in relation to character and conduct must be one who is walking worthily of the vocation wherewith he is called. His life must be consistent with the life and character of Jesus. Some people must be content to be Christians simply in conduct. This is the "moral man." It is not sufficient. He must be a Christian in all respects.

### CITY SIDEWALKS TO BE REPAIRED

NOTICES SOON TO BE ISSUED, ORDERING PROPERTY OWNERS TO MAKE REPAIRS, OR SUFFER CONSEQUENCES

While the present ideal weather lasts, the city of Klamath Falls is going to make strenuous efforts to see that all sidewalks are placed in first class condition for the winter. A form of notice was submitted at Tuesday's council meeting, and approved by the council, and it will soon be sent out.

In the notice, the owner of property along which the sidewalk is in any way defective will be ordered to make repairs. In case he does not comply with the order, he is subject to arrest, fine and imprisonment, and the city may proceed with the work and make the cost a lien upon the property.

An added incentive for the repairing of walks is the fact that after a property owner is ordered by the city to make repairs, he, and not the city, is held liable for any damage that might result from any accident caused by the defective walk.

New U. S. Commissioner C. S. Baldwin has been appointed United States commissioner for Modoc. The appointment was made on the request of Superintendent Fuller of the Bidwell Indian school. This is a move to suppress, if possible, the infernal whiskey traffic with Indians, and those convicted in Uncle Sam's court will find that a sentence means punishment, not a soft snip in our county jail.—Alturas Plaindealer.

### CONTEST TAKES WITH TEACHERS

LOTS OF LETTERS REGARDING KLAMATH WILL SOON BE POURING IN—OREGON TEACHERS' MONTHLY INTERESTED

Much interest is being manifested in the county letter writing contest by the Klamath county school teachers, following an explanation of the contest and the prizes, etc., by Secretary Blower of the Chamber of Commerce this morning.

In addition to the publicity the winner will be given in the local papers, the Oregon Teachers' Monthly has also agreed to publish the winning letter and the photograph of the winner.

### Pitcher Bush Wins, Anyway

PHILADELPHIA, Oct. 14.—Pitcher Joe Bush of Connie Mack's aggregation has it over the balance of the members of the Athletics in one respect, at any rate. He was married this afternoon to Miss Sylvia McMahon, a pretty little 18-year-old Philadelphia miss.

Ship via Bend For the first time heavy shipments of cattle from the south, notably from the Silver Lake district, are to be made from Bend, commencing probably this Friday, when between 700 and 900 head are expected here for forwarding to Portland.—Bend Bulletin.

### ROCK CRUSHER MIXED IN SUIT

P. C. CARLSON BRINGS EJECTMENT PROCEEDINGS, AND ALSO ASKS FOR DAMAGES FROM LESSEE, R. C. SHIPLEY

Alleging that R. C. Shipley has damaged his property to the extent of \$250, P. C. Carlson has brought suit against Shipley for damages in that amount, and also for the ejectment of Shipley from the premises.

The property involved is the site where Shipley is now operating a rock crusher, near Hanks Spur. The rock is being used in the Third street improvement project.
