

ALL BUT TWO AMENDMENTS KILLED

England Declares War Against Turkish Empire Today

ALLIES ARE ALL EXPECTED TO DO THE SAME THING

Russian Troops Are Advancing in Turkey; Turkish Warships Are Active

United Press Service LONDON, Nov. 5.—Official announcement that declaration of war has been made against Turkey was made today by the British foreign office. Failure to comply with the demands of the allies, after the Turkish bombardment of Black Sea ports, and Turkish activities in Egypt are the causes given.

Now that England has taken this step, it is expected that France, Russia, Montenegro and Serbia will follow her example immediately.

It is rumored, though not confirmed, that Egyptian native troops are to at once march against the Turks.

United Press Service PETROGRAD, Nov. 5.—It is announced here that the Russian southern army is invading Turkish territory. This force is reported to have

advanced several miles today, occupying several villages. It is rumored that Turkish and Russian fleets are battling in the Black Sea—but this is not confirmed by the war office.

United Press Service BUCHAREST, Nov. 5.—Turkish war ships sunk two Russian passenger steamers after forcing the passengers and crews to take to boats.

West to Appoint Noland

Former Circuit Judge Will Be Named to Bench

Hon. George Noland

United Press Service SALEM, Nov. 5.—Governor West today announced that he would appoint George Noland of Klamath Falls as circuit judge of the Thirtieth Judicial District, to succeed Judge Henry L. Benson, who is elected to the supreme bench.

Local attorneys have been expecting the above announcement, and it is

no surprise to them. Noland has always been prominent in democrat political circles here, and he is considered the best fitted Jacksonian for the office in the district.

This will be the second time that Judge Noland was appointed to the circuit court bench for Klamath and Lake counties. He was appointed in 1908 by former Governor George E. Chamberlain, and served for two years.

Germans Rushing Men To Flanders

United Press Service THE HAGUE, Nov. 5.—Word has reached here of enormous German reinforcements en route to France and West Flanders. It is believed to be the plan of the Germans not only to reach the coast, but also to raid the British coast, using Bruges as a naval base.

United Press Service PARIS, Nov. 5.—Increasing optimistic reports from the battle front continue to reach headquarters. It is claimed that the Germans were decisively beaten by the Belgians between Ostend and the border, being driven back from the eastern frontier. Most of the British territorials are now on the firing line or on the reserve line in the north. Another report of the killing of General von

Kluk has been received, but is without confirmation. It is claimed that the Belgians have definitely defeated the Bavarian army that was attempting to force its way to Dunkirk. From Havre comes a wire to the effect that the Germans have retired to entrenchments to the westward, extending in and just south of Ostend.

United Press Service PARIS, Nov. 5.—Today's communique says that the allies are advancing or holding in check the Germans, in spite of desperate assaults. It also says that the allies are advancing east of Newport, between Dix Mude, and Lys. The Germans have renewed their attacks between La Basse and Somme, using artillery everywhere. The general situation is called excellent from the standpoint of the allies.

LITTLE CHANGE MADE IN VOTES AS GIVEN OUT

HANKS' LEAD CLOSE TO 300 VOTES

Sheriff Low Will Hold Office Again. This Being Decided by a Very Close Vote—De Lap, Hayden and McCornack Are All Assured of Election. Gowen Re-Elected as Justice of the Peace of This District.

What later returns have been received have not changed the standing of the candidates, as announced in Wednesday's Herald. Hanks still leads Worden, his lead being close to 300.

A list of the successful candidates Tuesday follows:

Senator: George E. Chamberlain. Congressmen: Willis C. Hawley, C. N. McArthur and N. J. Sinnott. Governor: James Withycombe. State Treasurer: Thomas B. Kay. Justices of the Supreme Court: Henry L. Benson, Henry J. Bean, Lawrence T. Harris and Thomas McBride.

Attorney General: Geo. M. Brown. Superintendent of Public Instruction: J. A. Churchill. State Engineer: John H. Lewis. Labor Commissioner, Factory Inspector: O. P. Hoff. Railroad Commissioner: Frank J. Miller.

Water Superintendent (District No. 1): J. T. Chinook. Representatives: Vernon A. Forbes, Wesley O. Smith. County Judge: Marion Hanks. County Clerk: C. R. De Lap. Commissioner: Frank H. McCornack.

Treasurer: George A. Hayden. County Surveyor: E. B. Henry. Coroner: Earl Whitlock. Circuit Court Clerk: George Chastain.

Justice of the Peace, Linkville District: E. W. Gowen. Constable: John G. Schallock.

To His Old Kentucky Home. William M. Duncan left this morning for Russellville, Ky., to remain until about Christmas time.

PROHIBITION AND CITIZENSHIP ARE SAFE; LATE VOTES

Chamberlain Will Have a 25,000 Lead; Withycombe 20,000 Ahead of Smith

United Press Service PORTLAND, Nov. 5.—Complete returns from 307 precincts in Multnomah county and fairly complete reports from thirty-three others indicate that Chamberlain's plurality over H. A. Booth will be 25,000 or more when the count is completed. From reports thus far received indications are that Chamberlain carried all but two or three counties. The vote now stands as follows: Chamberlain 89,361, Booth 63,171, Hanley 14,919.

Dr. James Withycombe, republican, won a decisive victory in the gubernatorial contest. His plurality may exceed 20,000 over Dr. C. J. Smith. The total state vote now reported is Withycombe 68,773, Smith 58,365.

In the vote for the supreme judgeships, Bean, Benson, Harris and McBride, the republican-progressives, outstripped all opponents in Multnomah county, and in all outside counties so far as heard from. Each of these candidates has in excess of 33,000 votes, Bean being the highest, with 39,197.

Available returns show that in 307 precincts in Multnomah county and partial returns from twelve other counties, only two of the twenty-nine measures on the ballot are passed be-

yond question. These are prohibition and the citizenship requirements for alien voters.

There is, however, a strong possibility that the measure providing for the abolition of capital punishment will also carry.

Heavy majorities were registered against all of the tax amendments as well as the one providing for a universal eight hour law.

The dentistry bill was evidently defeated by a few thousand. The measure providing for primary delegates was swamped by a five-to-one vote.

Multnomah county rolled up a majority of nearly 20,000 in favor of the measure providing for city and county consolidation. This may be sufficient to offset the negative vote of the state, and carry the measure.

The measure for the consolidation of the insurance and corporation departments was defeated by a vote of from two or three to one.

Heavy votes were also registered against the proposition of the abolishment of the senate, proportional representation and the lieutenant-governor bill.

The bill providing for a non-partisan judiciary has a majority of over a hundred in Multnomah county. There is a strong vote against it in the state, however.

Progressives Die in N. Y.

Socialists Poll More Votes. Nation Settles Down

United Press Service NEW YORK, Nov. 5.—Late complete returns from the East emphasize the republican victories. The principal feature of the campaign just ended is the annihilation of the progressives.

The prohibitionist and socialist parties both polled more votes in the state than did the progressives.

United Press Service WASHINGTON, D. C., Nov. 5.—Now that the election is over, the administration will renew its attention to the Mexican situation and the Colorado strike.

United Press Service LINCOLN, Neb., Nov. 5.—Suffrage is a very close issue in Nebraska. It will probably be uncertain for several days.

United Press Service CHICAGO, Nov. 5.—Complete official returns from 96 of 100 coun-

ties show Sherman's plurality for senator to be approximately 15,000 over Roger Sullivan, democrat nominee.

The republican state ticket is elected by pluralities of from 10,000 to 40,000.

United Press Service MILWAUKEE, Wis., Nov. 5.—The results of the senatorship is doubtful, and it is possible that an official canvass will be required to decide it. At present Huating is leading McGovern by 4,000 votes.

United Press Service BUTTE, Mont., Nov. 5.—Returns from half the counties of the state do not bear out the claim of Jeanette Rankin, leader of the suffrage campaign, that suffrage carried. They show that the amendment ran behind by small pluralities everywhere except in Missoula county, where it carried by 1,000.
