

Gearhart Voters.

Your ballot for the November 7 election is in the mail to you now. Please vote **Yes on Ballot Measure 4-188** to protect your property rights and property values.

Measure 4-188:

Protects all Gearhart homeowners' property rights – not just the 84 homeowners who currently have vacation rental permits – and allows others who want to rent their homes the chance to do so.

Requires that all homeowners follow the existing rules and regulations regarding noise, parking, septic, garbage pickup and residential appearance.

Requires a vote of the people for any changes that could restrict or take away property rights of all Gearhart homeowners.

Smart regulated vacation rentals are **good** for Gearhart's economy and will protect our property rights and property values.

JOIN your friends and neighbors who are supporting reasonable and fair regulation of short term rentals in Gearhart.
