

Police investigate threat of school shooting at Seaside High School

Seaside Signal

After several Seaside High School students received an email warning from another student threatening a school shooting on Wednesday, May 15, one of the email recipients notified Seaside police.

After receiving the report, high school administrators called the Seaside Police Department.

The student suspect was contacted, interviewed and admitted to sending the message threatening the school shooting.

The student suspect denied that they had intended to carry out the threat, and that the threat was made because they were frustrated for an unknown reason.

The early investiga-

tion did not discover any known access to firearms, nor was there any indication that other students were involved as a potential co-conspirator.

Seaside Police said the parents of the student suspect are "very concerned" about the threat and have been cooperating with the investigation.

Based on the initial investigation, the suspect was not taken into custody and remained at home with parents. The student was immediately suspended from school pending further school administrative inquiry, which may include expulsion from school.

Criminal charges concerning the threat will be forwarded to the Clatsop County Juvenile Department and Clatsop County

District Attorney's office for review upon completion of the investigation.

The Seaside School District sent out an informational email to parents on Wednesday evening after the suspect had been contacted by police. Through this email, school administrators communicated that there was no belief that a threat of harm to students and staff continued to exist. Seaside High School and the Seaside Police Department agreed to have uniformed presence and extra patrols at the school throughout the day as an added measure of precaution.

Anyone with information about this case is asked to contact Detective Knight with the Seaside Police Department at 503-738-6311.

Fire response at Bagels by the Sea.

Fire at Bagels by the Sea caused by bark dust

Seaside Signal

Seaside Fire responded to a call at Bagels by the Sea at 210 South Holladay Drive early Thursday evening, May 16.

According to Div. Chief Chris Dugan, Seaside dispatch received a call of

a possible structure fire shortly after 5 p.m.

Firefighters found a small fire with smoke coming out of the eaves, he said, determined to be caused by bark dust on the ground by the drive-thru that smoldered and ignited part of the building's siding on fire.

Units from Cannon

Beach Fire and Gearhart Fire joined Seaside firefighters.

About \$2,000 damage was done to the exterior of the building. Owners are determining the extent of damage inside.

There were no injuries, Dugan said. The incident was cleared before 6 p.m.

Seaside Police

May 9

1:43 p.m., Edgewood and Avenue G: Suspicious circumstances reported.

3:50 p.m., 1400 block Alder Drive: A disturbance is reported.
