

Seaside Fire gets lifesaving gift

An armless dummy strapped onto a rolling table by Seaside volunteer firefighters Rick Plummer and Katie Bulletset held the stage of the Monday, Sept. 9, City Council meeting.

Div. Chief Dave Rankin introduced the department's newest tool, the Lucas Mechanical CPR Device. "We want to show you what this device is capable of."

Promptly, Plummer, a paramedic firefighter volunteer, and Bulletset went to work, strapping the motionless dummy in, unpacking the device, booting up and applying suction cups over the center of the chest. After setting the correct depth, the machine delivered a steady rhythm of compression movements, designed to provide critical life-saving support and relieve responders of physically demanding labor during prolonged resuscitation attempts.

compressions, if you've had to do them — it's very exhausting," Rankin said. "It frees us up to focus on the rest of the patient, establish an airway, medication, IV, and transport them faster to the hospital."

A \$15,000 grant from Providence Seaside Hospital enabled the purchase. The device is designed for use in the field, during transport, and in the hospital.

The LUCAS device has been used once since its

delivery two weeks ago, Rankin said.

"This is such a great asset for our community," Mayor Jay Barber said. "We hope you don't need to use it very often, but when you do, it's there."

Non-injury bus crash in Manzanita; driver could face multiple charges

Oregon State Police and emergency personnel responded to a non-injury bus crash Monday morning on U.S. Highway 101 in Manzanita. The bus was occupied by 46 Army National Guard members from the HHC 1-186 IN from Medford.

The preliminary investigation revealed the bus had departed from Camp Rilea and was en route to Portland. The driver, Kenneth Alexander, 44, from Vancouver, Washington, missed the turn onto U.S. Highway 26 outside of Seaside.

The driver assured the passengers he knew the route to Portland and continued southbound on U.S. Highway 101. The passengers grew concerned over the driver using his cell phone and showing signs of impairment before the bus crashed into the sidewalk.

The Tillamook County District Attorney's office will review the case for charges of driving under the influence and 46 counts of reckless endangering against the driver.
