## Paving work at the South Jetty in November

Seaside Signal

Local construction crews will pave sections of Fort Stevens State Park's South Jetty Road beginning this week. All areas of the park will remain open during the four-week paving project; park visitors are asked to be careful when driving near work crews and may experience short delays due to construction traffic control.

Local Seaside company Bayview Asphalt has been contracted to complete the paving work.

Justin Parker, manager at the park, says the paving work is part of preparations for the larger South Jetty Major Rehabilitation Project, led by the U.S. Army Corps of Engineers. The rehabilitation project is slated to begin Nov. 1.

More information about the park is on [oregonstateparks.org](http://oregonstateparks.org).
