Ten ... nine ... eight ... seven ...
The audience audibly joined the count-down, louder with each second. Every one of the hundreds lining in a semi-circle 10 deep on the beach. Hundreds more watching from the Prom all had cameras ready.
Three... two... one!
The crane released its massive pincers. The pumpkin dropped in seemingly slow motion, its massive hulk approaching the water. When the splash hit there was a collective breath from the crowd. With the rising cascade of water grew a sense of satisfaction before a palpable relief as the cascade died down.
