

Business Notes

This deck on the north side of the Flour Shop will be extended to provide outdoor tables.

The Flour Shop

The Flour Shop will be re-opening soon, as owners Marion and Ray Speck have returned to Vernonia. The Specks closed the eatery three years ago to manage a

ranch in the Eugene area.

Featured at the Flour Shop will be their familiar menu of salads, sandwiches and home-made pies.

Paintball Pursuit

The Gregg, Vince and Jeff Parker families have established a commercial playground on their wooded acreage one mile north of Vernonia, on Rose Avenue.

Here, wearing protective goggles, face masks and camouflage clothing, you may participate in the adult version of cops and robbers or cowboys and indians with a slightly greater touch of realism. This fast growing national adult pastime known

as the Ultimate Game, involves teamwork, strategies and stealth as each team seeks to take the other's flag in simulated combat.

Participants use toy guns powered by carbon dioxide, firing plastic spheres filled with a washable, non-toxic paint. Opponents, once "splatted," are out of the game.
