A pre-approved credit union loan puts you in charge

Financing a Car at a Dealership...

Car dealers sell cars. They also fix them. But car dealers are not lenders, and it doesn't make sense to buy financing through a middleman.

If you let the dealer control, he often cuts himself in for a healthy slice. And more.

Dealer written insurance products, for example, are usually marked up 100% of what the law allows. Comparison shopping will

always put money in your pocket. Don't fall for the smooth talk — save yourself big dollars. Apply for a pre-approved credit union loan from Vernonia F.C.U. before you start car shopping.
