

Public Notices**LEGAL NOTICE**

According to Federal and State law "Each school district must establish procedures which ensure that all children residing within the jurisdiction of the school district who are disabled, regardless of the severity of their disability, and who are in need of special education and related services are identified, located and evaluated, including a practical method of determining which children are currently receiving needed special education and related services and which children are not currently receiving needed special education and related services."

Personnel in Columbia County ask that you notify the contact person in your school district resident area, the Head Start office, or the Early Intervention/Early Childhood Special Education Intake Coordinator for the County if you have the name of a child suspected to have a disability. Your cooperation is appreciated.

LEGAL NOTICE

OAR 581-21-225 authorizes school districts to ask you to provide your social security number (SSN). The SSN will be used by the district for reporting, research, and record-keeping. Your SSN will also be provided to the Oregon Department of Education. The Oregon Department of Education gathers information about students and programs to meet state and federal statistical reporting requirements. It also helps school districts and the state research, plan, and develop educational programs. This information supports the evaluation of educational programs and student success in the workplace.

The school district and Oregon Department of Education may also match your SSN with records from other agencies as follows:

The Oregon Department of Education uses information gathered from the Oregon Employment Division to learn about education, training, and job market trends. The information is also used for planning, research, and program improvement.

State and private universities, colleges, community colleges, and vocational schools use the information to find out how many students go on with their education and their level of success.

Other State agencies use the information to help state and local agencies plan educational and training services to help Oregon citizens get the best jobs available.

Public Notices

Your SSN will be used only for statistical purposes as listed above. State and federal law protects the privacy of your records.
