

Classic car lovers will find something, antique to new, to satisfy

The third annual Cruis-in, sponsored by The Nehalem Valley Speed and Beauty Car Club, promises to exceed the accelerated rate of participation in the previous year. Year one saw 154 participants; year two, 204, and this year, weather permitting, the club is anticipating 300.

This is not a chance occurrence and/or prognostication. It is the result of "doing it right". This year's program has it all:

A list of awards as long as your arm. Humongous raffle prizes. A great "brick-it" contest between a Chevrolet and Ford. A live band, the Bouncing Baby Boomers & Boomerettes. DJ Rudy to fill the spaces in between events. A Vernonia Fire District demonstration of the state of the art, "Jaws of Life". A food booth called Pit Stop (formerly the name of an under arm deodorant).

To top it off, a Sunday morning poker run to the Jewell Elk Reserve, leaves at 8:30 and returns at 11:30

This year there should be 300 of these beauties at the Cruis-in'.

in time for the logging show.

Though many participants will stay through the weekend, the Cruis-in is on Saturday on the lawn between Vernonia high School and Washington Grade School. The entry fee is \$7; T-shirts are \$10. So if you're into cruisin' at all, Vernonia is the place and Jamboree is the time.

For more information, call Al or Glenda, days at 503-429-4074; Jack or Lois, evenings at 503-397-2734.

Tepees sprout as black powder devotees set up

A village of several hundred pioneers at heart.

The public is welcome to visit the Vernonia Muzzleloaders Black Powder Rendezvous at the century-

old Sword Ranch across the Nehalem River from Anderson Park.

Throughout the weekend

there will be an ongoing program of trail events, plus Pole Cut, Long Gong and more. Dogs will be allowed only if they are on a leash.

Visitors are sure to enjoy browsing through Trader's Row, seeing the many and varied handmade artifacts typical of this nostalgia ridden-subculture. A stroll through the primitive camp of tepees and tents will provide a backward glance to an older, frontier culture, as well.

For more information call Jack Davis at 503-640-4709, or Dan Munden at 503-531-0830.
