Check your speed on radar board

Motorists in Vernonia have begun to notice a Radar Reader Board set up at different places in the community. The Vernonia Police Department applied for and received the board from the Oregon Department of Transportation.

"The purpose of the radar reader board is so drivers can

be aware of their speed and create a safer environment for everyone on the road," said Vernonia Chief of Police Jim Walters.

In an effort to alleviate speeding problems, the unit will be placed in areas where the department has received traffic complaints.
