and advice to one another. If you have a favorite fold, please feel free to attend and help others learn.

Many of the napkin folds can be efficiently and effectively done with large square paper napkins, which will be supplied by the Society. If you have napkins saved from special events, these might be useful; however, they should be at least six-inches square.

Some of the fancy napkin folds require crisp cloth nap-

kins. If you are interested in the more intricate folds, please bring at least one cloth napkin.

Arts and Crafts recent program of "Candle Embossing", presented by Cara Dailey, was extremely interesting and highly entertaining. Each of those in attendance created an embossed book mark, experimented with embossing on glass, and produced a delightful votive candle with a seasonal decoration.
