Public Comment Meeting

There is an interest by International Speedway Corporation to locate a speedway that would host NASCAR racing and other events in the Pacific Northwest. The Oregon Sports Authority has been working with International Speedway Corporation to identify and explore potential sites around the Portland metropolitan area.

The Port of St. Helens would like to listen to the public on their interest in developing a world class racing venue in Scappoose, on the location locally known as the Meier property - should the site be determined to be a viable location for a speedway. A description of a NASCAR Speedway will be provided but, more importantly, Port, County, and City officials will be in attendance to listen to your concerns and comments.

International Speedway Corporation (ISC), a publicly-traded company, is a leading promoter of motorsports activities in the United States. ISC currently owns and/or operates 12 major motorsports facilities, including Daytona International Speedway in Florida (home of the Daytona 500); Talladega Superspeedway in Alabama; Michigan International Speedway; California Speedway; Homestead-Miami Speedway in Florida; Phoenix International Raceway; Richmond International Raceway in Virginia; Darlington Raceway in South Carolina; North Carolina Speedway; Watkins Glen International
