

# Road work: How to develop ambivalence toward improvements

The major work on Hwy. 47 has been completed in Vernonia's downtown core, eliminating frustrating delays in that four-block area. The final layer will not be added until late summer or early fall.

The work will now shift to the O-A Hill section of the highway, where major structural work on the south side will require one-way traffic, 24-hours a day. Delays are likely to occur in other areas, as well, as preparation for the final resurfacing continues from Hwy. 26 to the north city limits of Vernonia.
