Most "Mini-Motorcycles" or "Pocket Bikes" are not legal to operate on roads or highways. These vehicles are not manufactured to operate on the roads and are not equipped to meet US DOT safety standards. Manufacturers of the vehicles do not provide Manufacturer's certificates of origin or standardized 17 digit vehicle

identification numbers on VIN's. Unless proof is provided to show these vehicles meet the US DOT equipment and safety standards, they cannot be titles and registered and should not be operated on roads or highways. These are off-road use only vehicles.
