

Washington chosen for speedway

There will not be a NASCAR speedway in Scappoose, according to the Oregon Sports Authority. The International Speedway Corporation (ISC) will pursue a site in Marysville, Washington, for the Northwest

speedway. If the effort in Washington is unsuccessful, ISC will revisit their options in Oregon.

According to Port airport representative Kim Shade, "ISC... was concerned about traffic during race days."

"We are disappointed that ISC did not choose an Oregon site, however we made ISC aware that the Port is prepared should they see the need to revisit the Scappoose site. We know it is a good site," said Port Executive Director Peter Williamson.

For optimum performance and safety, we recommend you read the owner's manual before operating your Honda Power Equipment. Connection of a generator to house power requires a transfer device to avoid possible injury to power company personnel. Consult a qualified electrician. © 2003 American Honda Motor Co., Inc.
