

Business Notes**Meeting to review changes to Hares Canyon Park master plan**

Oregon Parks and Recreation Department (OPRD) is preparing to amend the master plan for Hares Canyon State Park, the new state park in Buxton. The basic concepts and planned uses are unchanged, but detailed site studies have revealed a need for some changes.

OPRD will explain the proposed revisions and seek public input at a meeting on November 22, from 6-800 p.m., in the auditorium of the Washington County Public Service Building at 155 N. 1st Street, Hillsboro.

Materials that will be published during the process, including the draft amendments and final plan, may be re-

viewed on the ORPD web site <<http://www.prd.state.or.us/masterplans.php>>.

Revisions set for Vernonia Airport Municipal Park ordinance

Prior to the regular agenda for their November 15 meeting, the Vernonia City Council held a workshop regarding a proposed ordinance to govern operations at the city's airport. Citizens provided input on the draft of the Vernonia Airport Municipal Park ordinance. After city staff makes changes to the proposed ordinance, it will be reviewed at a future meeting, probably in January.

Inside or out, Modern Design can help

Modern Design is now available to help with all your paint and wallcovering needs. James Parker and Harry Drury started Modern Design this past April, after working for others for 23 and 20 years, respectively.

Said Parker, "After painting for others for years, we decided to start our own business, to be our own leaders, so to speak." Parker and Drury have worked together, off and on, for over 14 years.

Their experience shows, when Parker says that painting a 30-story building or a kitchen, it's all the same. Most of us wouldn't compare the two, but that's the level of confidence and knowledge in this partnership.

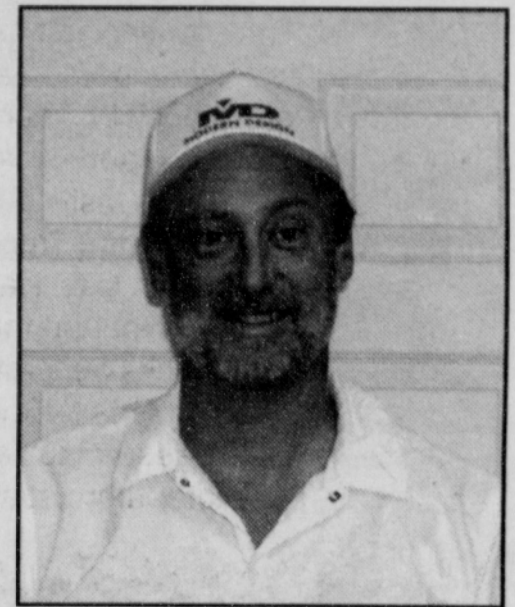

With five employees, Modern Design specializes in wallcoverings (paper, vinyl, fabric,

etc.) and enamel woodwork. They are equally capable in commercial, residential, interior, and exterior painting. "Modern Design is about anything and everything to do with painting," says Parker.

Modern Design will handle any job within a 100 mile radius of Vernonia with a flexible schedule, "our schedule will meet your schedule," stated Parker.

Their motto is "Customer Satisfaction upon completion." Parker said, "Our satisfaction is in having people say 'I want you to do the work', then hearing them say 'I love it' afterwards, is even better."

Parker and his wife, Gloria, have two kids and a dog and have lived in Vernonia since 1989. A son, Michael, helps with the technical part of com-

puter billings and estimates.

If you've been thinking about how good a new paint job would look in that kitchen, or even the whole house, Modern Design can handle the job and make it look easy, too. Call 503-830-6057 to discuss your painting needs with the professionals at Modern Design.
