

Volunteer your green thumb at the Zoo

Do you have a green thumb, enjoy outdoor work, and want to learn more about butterfly gardening? Are you interested in native plants, exotic plants, or creating a garden that is attractive to wildlife? The Oregon Zoo's Horticulture Volunteer program is offering an orientation and training for volunteers to work with zoo horticulturists this spring and summer.

The Oregon Zoo Horticulture Volunteer orientations are Tuesday, February 28, at 10:00 a.m. or Thursday, March 2, at 10:00 a.m.

Oregon Zoo Horticulture Vol-

unteers may be involved in; enhancing the butterfly garden, maintaining geographic gardens, improving animal environments, building new exhibit garden features, and plant conservation and education.

Oregon Zoo's Horticulture Department is a member of the Association of Zoological Horticulture, and as a member is dedicated to the promotion of plant and animal conservation and the advancement of horticulture throughout the region.

Oregon Zoo Horticulture Volunteers must be over the age of 18 and commit to 16 hours

per month (usually in four hours per week blocks) between 6:00 a.m. and 3:30 p.m. The greatest need is during weekdays. Oregon Zoo Horticulture Volunteers have an opportunity to make a difference in the community by supporting the zoo's efforts to educate the public about plant and animal conservation. Volunteers meet people who share similar interests and values, receive free zoo admission and can participate in unique training opportunities only available at the zoo.
