

Left, St. Mary's 36th Annual Quilt Fair, held September 21-24, drew a large crowd each day. People came to enjoy the beauty of the quilts, to purchase a handmade quilt, to eat a tasty, hearty lunch of soup, salad and pie, or to shop the crafts areas. In addition to quilts for sale, each year St. Mary's raffles off a Star of Bethlehem quilt. St. Mary's Catholic Church is known as "The Church that Quilts Built."

Right, a Chinook Salmon swimming upstream in Rock Creek is a beautiful sight. Enjoy the Salmon viewing during Salmon Festival, but remember not to touch or bother the fish while they are in their spawning beds.

Pump Station 2 well excavations

Pictures above and left show excavations on waste water pump station 2. The new wet well is scheduled to be completed this week as part of Phase I of the city's waste water improvements.
