Attention Hunters!

Fall is a busy time in the forest for hunters and hikers, as well as Weyerhaeuser crews.

So when you see our log trucks, harvesting equipment or other vehicles on the road,

Steer Clear

Stay away from active logging operations

Take it slow - no faster than 25 mph

Obey all signs

Do not block or park near gates

No camping

No campfires

Report suspicious activities

Starting September 29, designated gates will open one hour before sunrise and close one hour after sunset.

Hunter access to Tillamook Forest Restricted

From page 17

Hunters and other recreational users are welcome to access these gated areas by foot, mountain bike, horse or other non-motorized means.

Controlled access during those three months is designed to reduce hunting pressure in these areas where expanded clearcuts have left the deer and elk more vulnerable.

ODF accelerated its rate of

clearcut timber harvest in recent years in the western part of the Tillamook State Forest to convert diseased stands of Douglas fir to disease-resistant species of trees. This has resulted in larger clearcut areas. Deer and elk generally benefit from openings created by clearcuts as more forage is available to them, but cover for hiding tends to decrease.

ODF is partnering with the

Oregon Department of Fish and Wildlife (ODFW) and the Tillamook Chapter of the Oregon Hunters Association (OHA) in this program.

Motorized access by ODF staff or contractors working in those areas may occur on occasion. Maps of the road management areas are available at the Tillamook ODF office located at 5005 Third Street, Tillamook, and at the Tillamook District web site: <<http://egov.oregon.gov/ODF/FIELD/TILLAMOOK/about%20Tillamook.shtm>>. Once at this link go to the "Recreation" section for the information.

If you have questions about the road management program, contact Bob Teran at the Tillamook ODF office (503-842-2545) or Herman Biederbeck at the Tillamook ODFW office (503-842-2741).
