Shane Stephens.

The citizens of this County need to be aware that I was not the only attorney who ever represented Mr. Stephens. Jenefer Grant represented Mr. Stephens from approximately April 24, 2002, until January of 2003. This seems to call into question the appropriateness of Jenefer Grant issuing a restraining order against her former client, Rockland Stephens, in January

of 2008. Jenefer's involvement, however, did not cease because she then issued a stalking order on behalf of her former client, Rockland Stephens, against Shannon Davis' significant other. It should be noted, also, that Jenefer's order still allowed Rockland Stephens one overnight visit, (he was allowed two overnights previously) the first and third weekends of each month, so her order would not have prevented this

tragedy, and Judge Reed's subsequent order did not cause it. Court records show that neither the attorneys, Judges, law enforcement nor Shannon Davis ever alleged that Mr. Stephens would harm his son.

If I had known any harm would come to Shane I would have alerted authorities. For Jenefer to suggest that I was not concerned for the safety of a child is reprehensible conduct. I can appreciate Shannon

Davis' grief; however, I cannot excuse the mischaracterization of my role in this tragic case.

Once again, thanks to all of you who supported me in my campaign.
