

Board agrees to bus to private schools

From page 17

• Referred, with regret, an FFA request for reimbursement of certain unforeseen expenses at the national conference to the Parent Club.

• Heard that community softball equipment could be replaced for about \$5,000. The original replacement cost estimate was \$9,000 for the equip-

ment stored on district property and destroyed by fire. Levear is working on an agreement to ensure that any future liability would be absorbed by the community group, rather than by the district.

• Agreed to continue bus services, as required by law, for private school students on regular bus routes only. No addi-

tional mileage should be charged to the district for these students.

• Entered a document recently recovered from paper files, "A History of Banks Union High School" into the official record of the meeting. It was written by the Senior Class of 1951, with Mrs. Eunice Pope, Sponsor.

Cornelius-Schefflin Road to close

From page 14

also be widened to match the width of the completed sections, and to replace the bridge at Council Creek. The new bridge will be raised above the 100-year flood elevation and span the wetlands, returning Council Creek to its natural stream width and natural flow pattern. The new bridge will be wide enough to meet the needs of trucks, autos, farm equip-

ment, bicyclists and pedestrians.

Funding for the project comes from the Oregon Transportation Investment Act (OTIA) and the county's Major Streets Transportation Improvement Program (MSTIP). For more information contact Project Manager Bill Hunter at William_hunter@co.washington.or.us.
