

Right, top to bottom; preparations under way in Vernonia in case of flooding from the storm expected on January 8 included an inmate crew sandbagging the middle school (faces are blurred at the direction of the Dept. of Corrections). Second picture shows West Oregon Electric Cooperative building 'shrink-wrapped'. Third picture is sandbags at the entrance of the Rock Creek Professional Building. Fourth picture is of the horse arena at Anderson Park surrounded by water as the river rises. The final picture was taken January 9 of ODOT and Pihl Excavation working to clear logs jammed against the Rock Creek Bridge.
