**Additional awards will be published September 17.**

## Power of the People

By W. Marc Farmer, General Manager, West Oregon Electric Cooperative

### A Message of Gratitude and Appreciation

Thanks to the excellent work and coordination of Sarah Rossi, Administrative Assistant, and the combined efforts of her family and WOEK Staff, we successfully completed our 65th Anniversary Annual Meeting for West Oregon Electric Cooperative. The weather was perfect, food superb, attendance good, and the meeting went very well. There were plenty of great door prizes, which we thank our vendors for providing for our members. We appreciate very much all of our members who took the time to join us and participate in our annual meeting. As this is a member-owned cooperative, the comments and questions from our members are very helpful and appreciated. On behalf of the Board, Management, and Staff, we are grateful for the opportunity we had to visit with our members and hear your thoughts and comments. Thank you again for taking the time on a beautiful summer day to spend with us. We hope it was beneficial to all of you who attended as well.

Election results for the three Board of Director positions were as follows:

District 1: Bernard Bird (incumbent) 154 votes, Brian Baker 222 votes.

District 4: Joe Riley (incumbent) ran unopposed.

District 6: Dixie London (incumbent) 218 votes, Jonelle

Stroup 141 votes.

I would like to take this opportunity to express my thanks and appreciation to Bernard Bird, a member of the WOEK Board of Directors for 18 years. Bernard served the Co-op well during that time and has been an excellent member of our board. During his 18 years of service to the Co-op, Bernard served as Board President, Vice-President, and Secretary, as well as serving on the Board of Directors for PNGC. Bernard also served on several committees including the budget, building, and labor committees. He and his wonderful wife, Janet, have been a joy to work and associate with during the four years I've been here.

We appreciate the interest in serving on the WOEK Board of Directors from Jonelle Stroup and Brian Baker and welcome Brian to his new position as Director of District 1. Thank you to all of our members who took the time to vote and send in your ballots. It is part of what makes this your cooperative by electing those who represent you on the Board of Directors as the Board makes decisions on your behalf.

Again, we thank all of our members who voted and who attended our meeting, and for all of the Staff for making our 65th Anniversary Annual Meeting such a success!

# OSP asks for help with illegal elk kill

The Oregon State Police (OSP) is asking the public to help identify the person(s) responsible for the illegal take and waste of a Cow Elk during closed season about four miles north of Tillamook, near Kilchis River Road and Barker's Bridge. A reward is offered for information leading to an arrest in this case.

OSP Fish and Wildlife Division troopers are investigating the incident that occurred prior to August 21. Investigation revealed the elk was killed along Kilchis River Road, then dragged up a spur road, where portions of the meat were taken.

The Tillamook County Chapter of the Oregon Hunters Association, along with the

Turn In Poacher (TIP) program, is offering up to a \$1,000 dollar reward for information leading to the arrest of a suspect or suspects. Information can be provided

anonymously and any person wishing to report information is encouraged to contact Trooper Ryan Howell or the Turn in Poacher hotline at 1-800-452-7888.

## 20 Years Ago This Month

From page 9

cut to 90 minutes, and has all new sound tracks, Etheridge said. If the local actors don't sound like themselves, it's because we won't hear their voices, he explained, though the change had nothing to do with the quality of the original voices.

In order to translate and market the film into foreign language prints, three new sound

tracks were needed – music, sound effects, voices – because if the original voices are erased to dub the film in another language, the sound effects and music are also erased.

Voice over-dubbing, as the procedure is called, is a common practice, Etheridge said, though few people have heard of it. The film is currently available in English, Spanish and Korean.
