Spring sports season saw many at state competition

team all-league athletes. Good news about this year's version of the Lady Loggers is that only three seniors graduated, and the rest of the girls will return as the core of next year's team. The future for softball looks good.

Baseball – The boys ended their season on a somewhat disappointing note. They lost their last game, but played very well during the season for such a young group. Their season record was 10-11 and their league record was 10-8. They finished third in league which landed them in the league tournament as a home team, hosting the Nestucca Bobcats, a team they had beaten two out of three times earlier in the season. One bad inning doomed the Loggers, and the Bobcats went on to a victory and the opportunity to plan Knappa for a berth in the state play-offs. Several players made one of the all-league teams and one was named to the all-state team. TJ White made first team all-league, and honorable mention all-state. This is quite an

accomplishment for TJ because, when a team doesn't make the state play-offs, it is very difficult for a member of that team to make an all-state team. Other Loggers making all-league were Jackson Miller and Ryan Lawrence, second team; and Josh Butcher, Jake Titus, Austin Cutright and Bo Clark honorable mention all-league. With all but TJ returning for next year, the Loggers look to be very competitive in baseball again next year.

Track – The track team did not have enough members to be competitive on the team level, however, they did very well on the individual level. Six athletes qualified for the state track meet by placing first or second in the district track meet. All of these six placed at some level at the state meet. Jacob Stevens led the Loggers at the district and state meets, qualifying in three events and placing in three events. Jacob placed sixth in the high jump, sixth in the 200 and, with Dalibor Kufa, Lane Sullivan, and Tanner Faber, the 4x100 relay team placed fourth. Nathan

Fleck was an eighth place finisher in the 800 and Samantha Lindauer was fifth in the 200. The track team loses Kufa and Faber but returns the remainder of the team, and should be competitive for the upcoming year.

Equestrian – Brianna Carr and McKenzie Tarkalson led the equestrian team. Brianna set an OSET district record in the keyhole event and also qualified for state in barrel racing. McKenzie and Brianna also went to state in the bi-wrap event. Both girls received 4-year awards in Equestrian. This is given only to those athletes who have lettered in their sport for four years.

Golf – For the first time in several years no one on the golf team qualified for state. The golfers were led by Jacob Alf and Paul Whiteman. Paul also received a 4-year award in golf, lettering his freshman through senior years.

Middle School – Track is offered only in the spring for middle school athletes and the turn-out was very good. Justin Ward, the middle school head

coach has always done a fantastic job. Justin had seventy athletes compete in Middle School track and field. One of the more outstanding athletes was Jarrett White, who placed first in the district in the 100. At the Middle School state track meet in LaPine, with 55 other schools in attendance, the seventh grade White placed second in the 100. Other outstanding middle school athletes include Daniel Rice, second in the 800, and Megan Sullivan, third in the 100 and second in the 200. Megan placed in the top six in every event she entered this season.
