

From the Sheriff's Desk . . .

From page 18

putes and maintain public order. When I took office in 2009, our civil process services were in shambles. We had no civil deputy, and the enforcement deputies were tasked with juggling this important service along with their other duties, including responding to 9-1-1 calls. In the past year, with the addition of a well-known and popular retired police officer as our civil deputy, our Civil Process Unit is able to keep its head above water, and – even more than that – excel in service to our community. We also obtained the help of another retired police officer to help with our court security requirements. Together, these two retired lawmen have brought a wealth

of knowledge and experience to their service to the people.

My front office staff deserves special recognition for its diligent efforts to contribute to the Sheriff's peace conservation mission in our county. We spent time this past year discussing how we could improve services to our community – even with the limited funding we have. One staff member suggested taking some of our office services on the road every month to places that are far from the office in St. Helens. We began taking our concealed handgun licensing and fingerprinting services to Clatskanie and Vernonia on the first and third Fridays of every month. Please see page 22
