Mid-East and North Africa.

Let's face it Brothers and Sisters: There are elements among us and around the World that would like to suppress our liberties and freedoms, destroy our constitution, not to mention our economy. If this happens, we will no longer be the Republic, or the America, you will recognize!!

If the peace-loving citizens of this planet give in to chaos and mayhem-loving radical extremists that wish to censor our right to free speech, then they will be led like a herd of Lemmings off the proverbial looming cliff. I surely hope this will not become the case!!

Those of us who enjoy reli-

gious freedoms and liberty, among all the other aspects of American freedoms bestowed upon us, need to rise up and defend them. If we don't, I fear many generations of our young and innocent will endure the burden of this failure. It is imperative; we must unite, our voices must be heard! "Let Freedom Ring!"

You may, or may not, agree with this writing...you do have that right. However, if we don't heed the warnings, we may all lose that right and many others very soon!

Need I say more?!!

Considers media as

"ridiculously biased"

To the Editor:

I am very frustrated with the media. The bias is ridiculous! Can they be anymore Democrat? A Republican makes a True statement, and we have to hear it a million times and how evil he is. Obama says something Untrue, not a word is said on the network news or this paper. Where's the fairness? Gov. Romney said 47% of pop. don't pay Fed. taxes, (that is a Fact). Some of them won't vote for him because they like their entitlements, like food stamps and welfare. He said Some, not all. What he said was true. The truth hurts, doesn't it? A lot of us actually

want to work and earn our own way. That is what Romney wants for all able-bodied Americans. Obama wants us to be dependent on Government.

In 2010, there were 3.9 million able-bodied adults on food stamps as opposed to 1.9 million in 2008. Are we really better off? Do we want 4 more years of this? No, thank you.

I'm tired of the media worshipping Obama like he can do no wrong. It's sickening! Come on people, open your eyes. Look at the economy, unemployment rate, gas prices, national debt, grocery prices, and housing market. Not to mention what's happening with our embassies. Take off the blinders,
