Let no one but an educated, highly skilled, long experienced, exclusive optometrist test and fit glasses to your eyes. Drs. Lowe & Turner have the necessary qualifications. Consult them for one day only, Wednesday, September 3, at Silverton Hotel. Go in the forenoon, if convenient, and avoid the afternoon rush. Remember the day.

Isn't It Strange?

One of the paradoxes of this false system, that is built on the false basis of competition in the means of life, is that the truth has become very obnoxious to the great majority of people. To one who is anxious to let everybody know just what he believes along every line, it is very surprising and sometimes astounding. To show this, let us point out that in Silverton, as in almost every city in the United States, if one would give a little write-up of each city officer telling their religious beliefs and political faiths he would be looked upon as an enemy. Some of our councilmen here would probably be displeased to have the public know what they think and what they express to their friends on the street about their views on the most important subjects of human thought. We must get over this. The truth must be told. The world must become honest or justice and right will perish from the earth.

Mrs. Becky Waite, of Salem, Mrs. Polly Seifort, of Dallas, William Bowen, of Salem, Joshua Bowen, Peter Bowen and James Bowen, of Bethany, met at the home of J. T. Bowen Sunday. These two sisters and four brothers left Missouri in April, 1853, reaching Silverton October 13, 1853. Their father died on the plains. Seven children, the oldest 18 and the youngest four years, were left to care for themselves. A good, old-fashioned dinner was served, after which these good people devoted the remainder of the day in talking over old times. One sister, Mrs. Carrie Eagan, was unable to attend. Her absence was regretted very much.

Rest glasses for the eye are not expensive. If close application to your work or reading is causing your eyes to smart and burn, to tire easily, you need a pair of rest glasses. If your eyes are not already badly strained you need not wear these glasses only when you read or sew, and remove them afterward. Call at Silverton Hotel Wednesday, September 3, and have Drs. Lowe & Turner test your eyes, and they will give you an honest, correct opinion of their condition. Remember the day and date. Dozens of references.
