

THE GRAVITY HAND CULTIVATOR

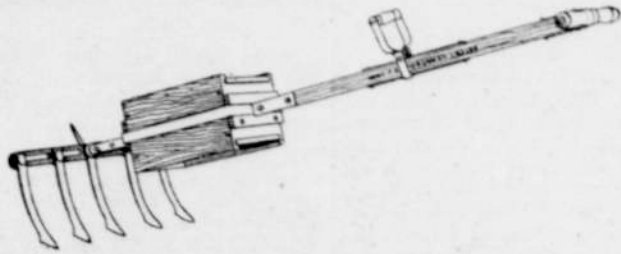

Is the Only Successful Hand Cultivator in the World.

Those who have purchased declare that they would not try to raise a garden without one.

TESTIMONIAL

J. E. Hosmer, Silverton, Oregon:
This is to certify that the Gravity Hand Cultivator which I bought of you has given the very best of satisfaction. I had a Planet Junior machine in the garden when I bought your machine, but I at once saw that the Gravity Hand Cultivator is way ahead of the old style push machine. In fact, there is no comparison between the old style and your new invention, because yours does so much deeper and finer work and does it so rapidly that it is like comparing the old flail with a modern threshing machine.

Popular opinion says the chief buckers of McClaine St., are the dentists and undertakers. Why don't some progressive guy buy 'em out. 21c21
Mr. and Mrs. A. A. Miller and Mr. and Mrs. Henry Musser started for their new Coos county home near Randon yesterday.

The report that W. R. Smith had died at the Salem hospital Wednesday was false. At this writing (Thursday 10:30 a. m.) Mr. Smith is alive and improving.

Some say that there are only a few business men living on McClaine St. Just listen: Doctors, bankers, butchers, bird financiers, game wardens, furniture men, capitalists, dentist, automobile merchants, undertaker, sawmill owners and land speculators!!! Be sure to buck it. 21c21

Mrs. A. P. Allen is here visiting at the home of her parents, Mr. and Mrs. A. G. Steelhammer. She has made several trips to Salem this week on account of the sickness of her daughter, Miss Arlyn, who is in a hospital at that place.

H. E. Brown, the live real estate man, made a big killing last Wednesday when he exchanged a \$16,000. wheat ranch in Franklin County, Washington for a \$16,000 corn ranch near Paintsville Kentucky.

We have been informed that a large department house of Portland has discovered that it's manager, who is a Hiberian, (Catholic) has turned off every worker who belongs to the Masonic order. This will be investigated and probably "something will be doing" unless the "Cats" get a little more modest in their dirty work.

Fred Cavender, one of Silverton's enterprising native sons, has opened up a business on Main Street that should be of interest to every one who wears clothes. Fred will always be found ready to do the best kind of work in his line—cleaning, pressing, dyeing and repairing both ladies' and gentlemen's suits. Give him a trial.

At Christian Church.
The Christian Endeavor Society meets each Sunday evening at 6:30 o'clock as usual and a cordial invitation is extended to all visitors who enjoy C. E. work.

The subject next Sunday evening is "What Missions are doing for the World." A program both entertaining as well as instructive is being planned.

The leader would appreciate having every one come early that she may begin promptly on time.

The Loyal Berean Class of the Christian Bible School, were entertained Wednesday evening at the home of Mr. and Mrs. Ben H. Stetter. About 35 were present and after a brief business session in which the old officers were re-elected for the coming six months, the party was entertained with games until 10:30 when a delicious luncheon of ice cream and cakes was served. This class is composed of Ladies and Gentlemen from the age of 25 to 40 years and has a membership of about 30 which by the looks at this meeting will be doubled before many months. Everyone bid the host and hostess good night with many words of praise for a most delightful evening and promises of attending the next meeting which will be held the first Wednesday evening in May at the home of Mr. and Mrs. J. E. Johnston.

BIG BARNES CIRCUS COMING.

400 Educated Animals—Program of Instructive, Laughing, Amazing, Thrilling Acts, All Done By Animals.

The A. G. Barnes Big 3 Ring Wild Animal Circus will exhibit in Silverton on Wednesday, April 15, giving performances at 2 and 8 p. m.

Much can be claimed for the originality and genuine merit of this big circus. There is all the pomp and splendor of the circuses we have known in the past. All the glittering tinsel, sawdust rings, inspiring music and grand entrance of stately horses, ponies, elephants, performers and clowns. Peanut and Pink Lemonade vendors cry their wares and add to the general good spirit; yet, when the performance starts, one instantly recognizes a wide departure from the conventional, stereotyped routine which has prevailed since the earliest days of tented entertainment.

THE GREATEST SYSTEM OF CULTIVATION ON EARTH

The price of the Gravity Hand Cultivator is \$8.
The price of the Gravity Junior is \$5.
The price of the Gravity attachment is \$2.50.
These inventions are beyond question the greatest that were ever used in a garden.
We recommend the Gravity Hand Cultivator for large gardens and for splendid deep work. The Gravity Junior is a lighter machine and is especially adapted for women and children with small gardens. The Gravity attachment works on the same principle but is attached to other tools, such as a pointed hoe or rake, and it is one of the finest things any gardener ever used. With any one of these machines the worker can do the work of five or six men and do it much better than with a hoe or with the old style push machines. The Gravity cultivates deep or shallow; it works very rapidly; it does the work better than any other hand cultivator in the world and it does it so easy that gardening becomes a pleasure. Write for information or send the price and we will ship a machine at once.
