

THE GRAVITY HAND CULTIVATOR

Is the Only Successful Hand Cultivator in the World.

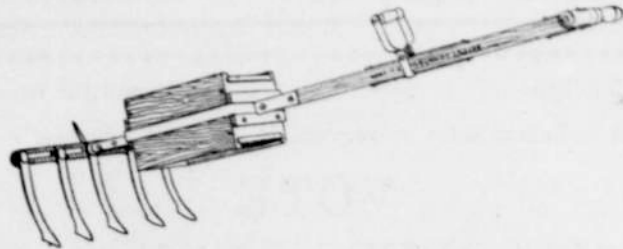

Those who have purchased declare that they would not try to raise a garden without one.

TESTIMONIAL

J. E. Hosmer, Silvertown, Oregon:

This is to certify that the Gravity Hand Cultivator which I bought of you has given the very best of satisfaction. I had a Planet Junior machine in the garden when I bought your machine, but I at once saw that the Gravity Hand Cultivator is way ahead of the old style push machine. In fact, there is no comparison between the old style and your new invention, because yours does so much deeper and finer work and does it so rapidly that it is like comparing the old flail with a modern threshing machine.

Don't for a minute think that the Silvertown Journal is going to the wall. It may be obliged to go slow but it is permanently established and, barring accidents, it will go out each week even if it is reduced to the size of a postage stamp. We call on every liberty-loving citizen to help us do the best work we can. Speak to your neighbors about the great necessity of all pulling together. Get them to subscribe and to help get others interested.

The W. C. T. U. held a most interesting meeting Tuesday afternoon in the Good Templar's hall. Thirteen ladies were present. The most important topic discussed at the meeting was the death of our State President, Mrs. Edith Hill Booker. Her letters in the White Ribbon Review were read by different members of the union.

The recording secretary was instructed to write a letter of sympathy to State Headquarters in Portland stating that this union would try, to the best of its ability to carry on the good work that Mrs. Booker had mapped out for us to do in the great 1914 campaign. We certainly made a good start in that direction as we gained 3 new members and old ones who had not been present for many meetings paid dues and said they would try and help more in the future. We are studying the characters and platforms of the different office-seekers and will be ready to cast votes that will count for temperance and law enforcement.

Come ladies and help us in the good work. We meet the 2nd and 4th. Tuesdays in each month and you are always welcome.—Scribe.

TO EXCHANGE

What have you to exchange for a nice little improved farm of 80 acres, 3 miles from R. R. town of 5000 inhabitants; good level land and level road to town; near school. This is in the midst of fruit and alfalfa and is the garden spot of the world with a fine moderate, healthful climate, not too hot nor too cold. This 80 acres is fenced and cross fenced, has a neat 4 room house, barn, chicken house, 90 foot well and water can be had for irrigation at a reasonable rate; just 3 miles from Alamogordo, N. M. Now don't get it that this is Old Mexico. There is no fighting in New Mexico and it is a nice place to live. I will exchange this for anything anywhere, if it is good clear property, up to \$3000. Make me an offer. Price \$3,000. Free and clear. What have you?

H. E. BROWN,

OBITUARY

Mr. B. R. Bentson a prominent merchant of Silvertown, Oregon, died instantly from heart failure Wednesday afternoon at 5:15, after a lingering illness of eight years duration.

He had always been about his place of business until a heart attack about three weeks ago which had confined him to his home.

Ben R. Bentson was born near Bergen Norway, October 27th, 1848.

In 1866 he emigrated to the United States and settled at Decorah, Iowa, where in 1875 he was united in marriage to Olivia Erickson and they came to South Dakota and took up a homestead near Garretson. To this union were born ten children, all of whom are living.

He followed his trade of brick mason and contractor for many years. In 1894 he started in the mercantile business in Garretson, S. D. and in 1901 he came to Silvertown, Oregon and continued in the business until the time of his death.

He leaves to mourn his loss besides a devoted wife, nine sons and one daughter, Roderick, Gilbert, Samuel, Oscar, Charles and Harry and Mrs. N. L. Laugsev of this place, John of Cresband, S. D., Albert of Redwood Falls Minnesota and Otto of Badger, S. D., eleven grandchildren, five sisters and four brothers, Mrs. Jennie Sundbeck of Nome, Alaska, Sivor Bentson of Trent, S. D., Mrs. Susan Grinde of this place, Mrs. Tina Royce of Portland, Ore. Mrs. Mary Simonson and Mrs. Belle Simonson of Coleman, S. D. and Andrew and Lewis Bentson of Vancouver, B. C.

Mr. Bentson was the oldest of his parent's ten children and is the first to pass away, leaving many relatives and a host of friends to mourn his departure.

640. acres black loam soil, enough timber for farm and fuel, spring and creek water. A part of this land is in cultivation or has been; twelve miles to good rail road town; 1 1/2 miles to school and church; all fenced; no buildings. This is an Ideal stock or dairy farm as there is abundance of grass. About 300 acres of this is fine for farming; land is slightly rolling but not too steep to farm. Price of this 640 acres is \$40 per acre. It is free and clear of debt, and is one of the best states in the Union, Old Kentucky. Will exchange all or a part for anything in the west of good value.

If you want to get a fine piece of land that will grow anything that grows in Kentucky with wood, water and grass, close to good market and school, now is your chance. Make me an offer for any part or all. What have you?

H. E. BROWN,

THE GREATEST SYSTEM OF CULTIVATION ON EARTH

The price of the Gravity Hand Cultivator is \$8.

The price of the Gravity Junior is \$5.

The price of the Gravity attachment is \$2.50.

These inventions are beyond question the greatest that were ever used in a garden.

We recommend the Gravity Hand Cultivator for large gardens and for splendid deep work. The Gravity Junior is a lighter machine and is especially adapted for women and children with small gardens. The Gravity attachment works on the same principle but is attached to other tools, such as a pointed hoe or rake, and it is one of the finest things any gardener ever used. With any one of these machines the worker can do the work of five or six men and do it much better than with a hoe or with the old style push machines. The Gravity cultivates deep or shallow; it works very rapidly; it does the work better than any other hand cultivator in the world and it does it so easy that gardening becomes a pleasure. Write for information or send the price and we will ship a machine at once.
