AMERICA AWAKE!

O, patriots of this blood-bought land,
Awake! Let not the traitors win;
The foe is at our very gates;
Yes, they have entered in.

From foreign Anarch's, ignorant shores,
Rome's Scythian hordes possession take,
And soon our highest hopes they'll crush,
Our temples desecrate.

Our schools and legislative halls,
Our homes, with worship's simple trust,
Will soon be in the tyrants' hands
To serve their god of lust.

They come with pirate flag unfurled,
The skull and cross-bones at the mast;
Where ere their cross is firmly set,
There freedom breathes its last.

The witchcraft of a pagan age,
The slavery of their convent pens,
The fear with which they fill their dupes,
A hell themselves portend.

Unite to save our ship of state;
Unite to save her noble crew;
Unite to save "Abe Lincoln's Land",
Or meet your Waterloo.

CORDITE

Italy, Spain, Portugal, Austria, Mexico, Central America and the South American Countries are all under the influence of the church of Rome; and no where on the face of the earth is there so much ignorance and superstition as in these countries. And they are almost wholly ruled by the pope. There are no other countries where life or property are so poorly protected, where there are so many illegitimate children, where there is so much misery, want and unhappiness, where there are poorer houses to live in and grander churches to worship in, where the law of right is less respected, where the public debt is greater, where there is less love between man and man, less confidence in man's intention to do the right thing, where there are more criminals and less respectability.

All the result of Catholicism, with its blighting curse of superstition, ignorance and total depravity, taught by Catholic teachers with low, sensual minds, teachers who still teach belief in miracles, witchcraft, idolatry, the virtue of kissing the holy bone and other idiotic things—how long are we to endure this? "How long O Lord, how long?" But with Catholic teachers in our schools we will have the same thing in a short time with fire and fagot, wrack and thumb-screw for the unbelievers.

Let us throw off the deadly serpent before it is too late. Let us not delay until the shackles are fastened upon us. Let us raise our voice and cast our vote for freedom and progress. Let us see that our candidates are not controlled by ignorance and superstition.

The world has been in the hands of greedy priests and politicians for ages and it is time to cut them out. Don't let anyone make you believe that it will always be this way. "Truth

crushed to earth will rise again".

Jesus, the great teacher, said, "call no man master" and he showed that we should all be brothers. "Love one another", said he. His mission was to do good. He drove the money changers from the temple but they have got back and Lazerous is again eating crumbs from the rich man's table as of yore. But we have another picture of the rich man who fared sumptuously every day. He is pleading for a drop of water from the tip of Lazerous' finger.

See that the men whom you send to office are men and not imitations, men who will not masculate the laws made by the people as they did our prohibition law in the last legislature—the will of the people almost repealed by a legislature composed of men who are not even looked upon as statesmen, if they are like the sample who visits Silverton occasionally. There is one who comes into our town in the evening and leaves on the first train in the morning to avoid creditors to whom he has lied and who are wearing their legs off trying to catch him. But he ran well on the ticket and can till run for the voters are not posted. Ask the bill collector.

And the "inspection law" which we all know is right at which will be on the statute books yet, was snowed under by a pack of cowards who dared not say a word in its behalf when Rome was looking and had the lash in hand—poltroons, every one of the bunch. See that they do not get back into the legislature again. Remember this next election and vote like intelligent lawmakers and not like sheep. We could write on this subject indefinitely and not do it justice. We get so disgusted when we see men falling for such little things that we would like to see the next legislature composed wholly of women. Put them on their honor and they could certainly do no worse than

the men(?) have done. If they can't they can have my scalp without a fight.

COR DITE.

KOW-TOW FOR THE POPE

The second annual solemn military field mass was held at the Philadelphia Navy Yard recently. Secretary of the Navy Daniels and Rear-Admiral Benson, both Catholics, attended the services which was witnessed by 100,000 people. Rome is getting control of our fighting machinery as rapidly as possible and this new annual show is designed to blind the people to her march of power. Why should our soldiers and sailors, who have enlisted in the service of the people—an armed defense of American liberty, American rights and American people—bend the knee, parade and kow-tow before the dignitaries of an organization which arrogantly asserts that its purpose is to make America Catholic? Is the army and navy in the service of the pope of Rome, or in the service of a free and liberty-loving people whom the pope is seeking to subdue? Ex.

LET THEM ROAR

We see by the Denver Post that the Board of Education has decreed that "After the present school year, no public school will be conducted in any building owned or controlled by any church, religious organization, or sectarian institution or society." It seems that a new element was introduced into the Denver Board of Education and this resolution is among its first fruits. The decision of the School Board is certainly fair, impartial and absolutely non-sectarian, and it is to be expected that the Catholic priesthood and press will have something to say about the "bigots" of Denver. Let them roar.

WE NEED YOUR HELP NOW

Talk with your neighbor and get him interested in our work. We must have this kind of help or die and you can't afford to let our work fail now for it is your work as well as ours.

The enemies of The Journal man would make you believe that he is a bad man but we can furnish the best evidence that this state affords that we are sincere in our work and that we have sacrificed more time and money for the work of bringing liberty to the world than we have ever asked anyone else to put up. In fact we could pay all our debts and be in the finest fighting trim financially if every patriot who reads our paper would put in one dollar where we have put in one-thousand dollars. We mean business and will never give up the fight until our mind refuses to act.
