The above completes the official state, district and county canvass of Tillamook's vote. The main fight in county affairs centered on clerk and sheriff, and at one time the elected parties were on dangerous ground, but being good political leaders they rallied their scattering forces and went to battle in a spirit that always denotes victory. To say the campaign was marked by harmony would be an error. Both parties used tactics unbecoming—a fault of the head, not of the heart.

LOCAL NEWS.

Among the first of those whose liberality oozed out to any extent was Mr. Peter Brant, one of the substantial ranchers of this district, who ordered three copies of the HEADLIGHT sent to different addresses in the east. "By their fruits ye shall

know them" is an old adage, and let us remark that the works of this paper will be duly felt in wonderous strength before another new year verges on the list.

Rev. Mr. Nichols will preach in the school house on Sunday afternoon, next, at 3 p. m. Everybody invited to attend.

Mr. Geo. Cohn, of the firm of Cohn & Bro., left Thursday for Portland, where he will make necessary arrangements for 4th of July boomerangs in Tillamook. Advertise it well, George.

One week ago Mrs. Dr. Patchen and Mrs. J. B. Edwards took a trip down the bay on the steamer Gen. Garfield, and had an enjoyable trip.

We are informed upon reliable authority that the steamship Venture, belonging to the Truckee Lumber Co., sails from San Francisco for the Tillamook Bay to day. Her tonnage is from 330,000 to 340,000 feet of lumber.

And still they come, growing better and better, this time in the shape of a fine basket of strawberries, accompanied by a rich dish of cream. The donator, Mrs. E. Thayer, has the kindest wishes of the HEADLIGHT fraternity, and we hope her path through life will ever be strewn with roses, and her general welfare crowned with all mortal could wish.

Capt. Wm. Ralston, of Garabaldi, a democrat of 64 years standing and justice of the peace, was notified at 10 a. m. on Wednesday to appear at Tillamook as soon as possible to assist in counting the vote of the county. Mr. Ralston cooked and ate his dinner, then got into his boat and pulled against a strong tide up the bay to Tillamook, 12 miles, arriving at 1:30 p. m. Linn county's old man can beat him splitting rails, but when it comes to a long pull, a strong pull and a pull by himself, we think Squire Ralston deserves, and will eventually receive the

bakeries.

By a combination a real estate firm has been formed in Tillamook who will be able to give better deals and more general information, than any firm in the county; we speak of W. S. Cone & Co., Mr. Cone has a compleat abstract abstract of all timber lands in this county, and is better prepared to furnish estimates on timber than any man on the Pacific Coast. Parties from abroad will do well to address W. S. Cohn & Co., Tillamook, Oregon, before wasting time and money in general running around. The company propose catering to the wishes of the general public, and take this method of saying they have farm, grazing and tide lands, as well as the best of city property, for sale on reasonable terms. If you wish to make a ready return on money invested purchase Tillamook city property of the above firm, as it is bound to double in the next 90 days.

DEALERS IN REAL ESTATE,

Notice!

At a meeting of the board of directors of the Tillamook G. A. R. Building Association, held on the 6th day of May, 1888, it was ordered that the secretary immediately open the books of the association for the sale of stock. This will give you notice that the stock of the association is now for sale. Friends of the G. A. R. in Tillamook county are urged to give it their support by subscribing liberally to the stock of the association, which is placed at \$5 per share. The object is a laudable one—to erect a hall on their lots. Their stock is transferable. Office at post office.
