**LOCAL NEWS.**  
Convention to-morrow at 10, A. M.  
Go and see how cheap King sells goods. A Carpenter's Union is to be organized here soon.  
F. D. Hasbrouck, D. A. Roby and G. W. Pettit, started for Portland, Monday.  
The anti-Hays ambassadors to Nehalem seem to have done good work for Mr. Hays.  
Arthur Stillwell now has the handsomest set of counters and shelves in town.  
Call on J. & S., for everything you want in the Drug line, and they can supply you.  
Go to Cohn's for your garden seeds. He has the freshest in the market. All kinds kept.  
The new boiler for the Str. Gen. Garfield will be brought in on the Augusta, next week.  
The Teacher's Association will be held in this place Saturday, April 5. Programme next week.  
W. H. Cooper received a large consignment of Hardware and barbed wire per steamer Louis Olsen.  
The Str. Louis Olsen arrived Monday evening from Portland and Astoria, with a small load of freight for this place.  
When in need of a clean shave or a fashionable hair cut, go to Kutch & Bolle's, One door south of Grand Central.  
Prof. Magers will give one of his popular and instructive entertainments at Hoquarton school house soon. Full particulars next week.  
The Tillamook Lyceum will hold its last session next Wednesday night in the Court house. An interesting programme will be rendered.  
There has been some complaint against our school board on account of high school taxes. We should bear in mind that the people voted the tax.  
Johnson & Severance have received a fine lot of Drugs per steamer Louis Olsen, and can now supply their many customers with anything in their line.  
The meeting of the Ladies' Aid Society on Friday night was very successful in attendance and receipts. \$17 was realized, and all present seemed well entertained.  
The result of the late primaries shows that the watchtower can't dictate to the Republican party of this county, and even that its opposition is worth more than its support.  
Several new announcements of candidacy appear this week. Those who have announced so far are all good men, and any of them would do honor to the Republican ticket.  
C. B. Hadley has fixed up his new store building next door to the HEADLIGHT office. It will be occupied by D. T. Edmunds on his return from San Francisco with a stock of goods.  
Some parties who have made final proof on their Homesteads and Pre-emptions have received notice to show cause why their entries should not be canceled. There should be more care in complying with the land laws.  
Mr. F. M. Lamb and Frank Wheeler, Mr. Hays' opponents for County Clerk, are both good, competent men and are honored by the people of this county, but they hardly have an adequate test of the estimation in which they are held by the people in competing with Mr. Hays, who is a man of exceptional qualifications and merit. The people feel that Mr. Hays has been unjustly attacked, and moreover, that his efficient management of his office entitles him to a second term.

Quite a number of the delegates to the convention to-morrow have already arrived. A large attendance is expected, though some will send proxies.  
J. C. Cook, representing D. M. Osborne & Co., of Portland, was in the city Monday and Tuesday. He reports a good run of business in this vicinity, and expects to return during the summer. Wm. Olsen has been appointed agent for Tillamook county.  
In selecting a candidate for Superintendent of Schools to succeed the present incumbent, great care should be taken to select a competent man, and one who will take an active interest in the schools of this county. Our schools need improvement very much.  
We have a large stock of bill-heads of assorted lengths and letter heads, all of which are indispensable to merchants doing a successful business, and we furnish these printed at very reasonable rates. We have, also, a large stock of envelopes, and cards which will come in on the Augusta.

If you want to get rich right away, in a couple of weeks, you may have to invest your money in mortgages at 10 per cent interest.—taxes 3 per cent off,—but if you are in no hurry, don't want the world, and are satisfied to double your money in three or four months, come around to the office of the Tillamook Land Investment Co., and listen to the mellifluous tones of G. O. Nolan. What he can't tell you about town-lots you don't want to know. It wouldn't do you any good.

We have lately received letters for publication from a great many persons, endorsing the position we have taken during this campaign and commending Mr. Hays and Maxwell in their work. Some of the criticisms of other parties have been rather severe. We should like to give publication to all or a portion of these communications, but space will not permit, and we have gone over the same ground already, besides we have already given publication to much correspondence in the same strain.

The kickers held their last meeting Friday night. After selecting a set of men for delegates, appointing various committees, and raising a fund to pay a bill of \$9.50 for 275 extra copies of last week's watchtower as election documents, they adjourned *sine die*. Our ambassadors who were present quietly taking notes reported to us about 11 P. M. and in a few minutes the full proceedings of the meeting was in type and being printed. The kickers were surprised next morning to find the report scattered all over the town.

We wish to call the attention of our patrons to the increased size of the HEADLIGHT. Our paper is not all margin but is chock full of solid reading matter and live paying advertisements. As soon as we can recover from the confusion and chaos brought about by rearranging and remodeling our office, we shall further increase the size of the paper, as our advertising patronage and large increase in circulation fully warrants improvement in our paper. Owing to an over-abundance of matter, we were not able to make this announcement last week.

By the expenditure of a few dollars per month for plate matter we can greatly increase the size of our paper and save paying out wages for one of our printers, but our motto is "Live and let live
