STREETS 60 FEET WIDE. LOTS UNIFORMLY 521x105 FEET. Prices ranging from \$60 to \$160. Suitable terms made.

This property is situated five blocks directly south of the main thoroughfare of the town, two blocks south of the school-house, and faces on two of the principal streets. This is not a boom scheme to speculate on suburban or country property, as the tract is centrally located, virtually in the heart of the town, and buildings are going up on all sides at present.

The location is sightly, high and dry, commanding a good view, and slopes gently from the center, just enough to secure good drainage. It is well sheltered from the coast winds, and is just the place FROM COVER TO COVER. for homes. For further particulars call on or address
