C. E. Reynolds has secured all rights for the sale of the Cyclone Churn for the County of Tillamook, and now offers this valuable article for sale at a reasonable price.

The report that the Southern Pacific had bought the Astoria & South Coast R. R., which is partially built, is a mistake. That road has no relations to this county at any rate.

Dr. T. H. Meserole is now engaged on the HEADLIGHT force as associate editor. You will find him ready at all times to take news items, write birth notices, chronicle marriages, and he makes a specialty of obituaries. Our fighting editor is in transit and will soon be here to furnish subjects for the latter.

The Bay City & Tillamook Telegraph Company are building a line from here to Tillamook. R. Birt, R. E. Wheeler and J. W. Haines were incorporators. Wire was strung from Forest Grove yesterday. Mr. Birt has fourteen hands at work and expects to complete the line within two months.-Forest Grove Times.

The lumber is nearly all sawed for the new Christian Church, and is being placed on the site. Work on the erection of the building will commence at once. J. A. Monroe and Geo. L. Smith will have charge of the construction. The new church will be 32x50 on the ground, and will be an elegant building when completed.

A Rod & Gun Club has been organized here. Those who wish to join it should leave their names with Letcher & Stillwell. There are people who come here from the outside and hunt game out of season. The object of the gun club is to protect the game for the residents of the county and to afford amusement for the members of the club.

Old Dash, W. O. Thayer's intelligent Spaniard performed quite a feat the other day. Mr. Thayer had been fishing and on his return Dash was carrying the bucket of bait-salmon eggs, when all at once he started out of the path pursuing a pheasant. He came back shortly with the pheasant and bucket in his mouth, wagging his tail good-naturedly.

Chance vs. Chance.

The divorce case of Chance vs. Chance has been on trial during the past week before Frank C. Wheeler Referee. This we believe is the first case of genuine contest in a divorce case in this county. Usually it happens that both parties are in reality willing or at least resigned to a separation, but in this case every point seems to be stoutly contested on both sides.

The Plaintiff Mrs. Chance charges that the Defendant has been jealous of her and has misused her in various ways. The Defendant denies this and makes counter charges that the Plaintiff has refused without cause to bring any more children into this world of sin and sorrow, and both parties ask for a divorce. The Plaintiff has retained Claude Thayer, Jas. McCain and W. W. Thayer, the Def't has I. T. Maulsby, T. B. Handley and R. Stott. So we think whatever the outcome may be, it is safe to say the lawyers bills will be the biggest part of the affair.

A large number of jurors and witness fees and claims for other services ordered paid.

SUICIDE BY AMMONIA.

The Terrible Agony Does Not Prevent Its Use.

No poison brings death with more maddening agony than ammonia, but that fact does not seem to discourage the suicide. The man Harowitz, who deliberately swallowed a fatal dose of the drug in New York recently, is only one of the many who have gone the ammonia route to death in spite of the excruciating pain. Dr. Blyth has recorded thirty cases of ammonia poisoning in the small London district of which he is health officer; Professor Mitchell mentions twenty-two cases, and four have occurred during the short time Dr. Jenkins has been connected with the coroner's office in New York.

Cases of slow poisoning from ammonia are of constant occurrence among men who work in its manufacture, or even in decomposing substances which give it off in considerable quantities. Ammonia, slowly and from day to day taken into the system, causes the complexion to lose its freshness, and the skin of men who get heavily impregnated with it has a disagreeable blotched and discolored appearance.

Taken into the stomach from day to day in even the small quantities used to adulterate food, such as baking powder, it not only injures the complexion but attacks the lining of the stomach, and is the source of much general ill health.

The recent rapid increase in the use of ammonia for various purposes, and the consequent increase in its manufacture, have made it one of the most easily obtained poisons and, although everybody is familiar with it in some form, there is a surprising amount of ignorance of its dangerous qualities. Its use as an adulterant in any food preparation is simply a crime, and as a crime should be punished.

PERSONAL.

Geo. Cohn goes to Portland this week.

J. E. Sibley of Hobsonville was in the city Monday.

Jons Davidson and wife left for Monmouth this week.

Dave Hadley and Geo. Kutch are enjoying themselves in Portland.

ORETOWN.

Born to the wife of R. Dundas twin baby girls. Weight of each 8 pounds, strong and healthy.

Mr. George Mizner has nearing completion, one of the largest and best barns in this end of the county.

Campers are still seen coming to the Little Nestucca Beach which proves it to be a favorite resort. Dez.

The machinery of the law has not been put to work too speedily against the fraudulent use of ammonia and alum in Baking Powders. Both health and the pocket of the people are demanding protection. The legislatures of New York, Illinois and Minnesota have taken this matter of adulteration up, and especially that of Baking Powders. It will be in the interest of public health when their sale is made a misdemeanor in every State in the UNION, and the penalties of the law are rigidly enforced. There is no article of human food more wickedly adulterated than that of Baking Powder.

Dr. Price's Cream Baking Powder is the only pure cream of tartar powder having a general sale that is free from ammonia, alum or taint of any kind of impurity. It makes the sweetest and lightest bread, biscuit and cake that are perfectly digestible whether hot or cold. It costs more to manufacture Dr. Price's than any other baking powder. It is superior to every other known and the standard for forty years.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

BAY CITY.

W. S. Cone, is in Portland on business, this week.

Mr. Fay, the millwright, who will superintend the work on G. F. Williams' mill, has arrived, and framing will be commenced at once.

WOODS.

Dr. Linton's little girl is very low.

Jaspan Smith and family are visiting out in the Valley.

Quite a number of Yamhill citizens are recreating at this place at present.

The smallpox scare on Little Tucker has passed over; was a false alarm.

A large, fine deer came into town last Thursday and now adorns John Kreh's table.

R. T. Weatherly has moved his drugs into his new building. He now has a first-class drug store.

Mr. Bain and Mr. Peel and families have been here for the last six weeks. They start for their homes in Portland to day.

Mr. and Mrs. Joseph Wood are going to eastern Oregon and Washington on a visit. They expect to be gone six or eight weeks.

The fishermen of this place complain of, hard luck. The catch has been very light, and the late rains have stopped teaming and that means no market for fish.

Any one wishing to go into the merchandise business will do well to call on Mr. Findley, as he wishes to sell and retire on account of his health. This is certainly one of the best points for a general merchandise business in the county.

HERO.

Mr. Chase has his new house nearly.

Geo. Wiley has moved onto his ranch. The Rev. Barrett's family arrived from Denver, Cal. a few days ago.

N. G. Hansen has just returned from a trip to Salem and McMinnville.

Campers are still coming to the coast, regardless of rain and slippery roads.

L. Fleck has just completed his new barn, which is both substantial and commodious.

L. Jensen and A. D. Sanders have just made themselves a present of a new wagon each.

Salmon are not so plentiful in our bay as they were last fall, though the catch is increasing slowly.

School has again started at the Three Rivers school-house with Miss Lucy Dougherty as teacher.

Fine weather again after the rain, which did much good in other ways besides simply moistening our webs.

RAINFEGAT MAIL.

The mail Packet, "Nellie J." leaves Tillamook every Monday at high tide. For passage or freight, leave orders at post-office or with Geo. Cohn at Tillamook. Special trips when desired.

George Handley, Master.
