BY THE SEA!

W. MAXWELL has platted a town-site on his place at Netarts beach Fine sightly residence lots, view unsurpassed and ago, they said that McKinley promised sheltered from the north-west wind. No prettier and more suitable place could be found for a sea-side resort. Hun- them it would be higher if his bill passed, dreds of people visit Netarts Bay every summer and camp for weeks on the Beach. Fine surf bathing, good fishing. This was not true. He could not and H. P. ROGERS. Asst. G. F. and Pass. Agt several varieties of clams and oysters, elegant five-mile drive on the beach, and picturesque arched rocks where thousands of did not expect to control the price of word in foreign lands. What with the sea-lions disport themselves every day. Just the place to spend a few weeks this summer and select a site for a cottage by wool in foreign lands. What with the the sea. A most delightful location. Several lots bargetined before survey was made. Come via Sheridan or North Yamhill.

of a tremendous fail in the world's prices for wool. Certainly to prevent a serions decline under these circumstances is as positively beneficial to our wool growers as to cause an advance under ordinary An exhibit which will be very extensive conditions by Senator Sherman on the price of

American wool: "If you favor Free-trade, here we have imens procurable.

the largest Free-trade ever had in the United States. By the Mills bill a fewer number of articles were added to the free list, but among them were not sugar and molasses: but wools of all kinds, the importation of which in 1890 was 105,431,285 pounds, valued at over was 105,431,285 pounds, valued at over \$18,000,000, were to be admitted free of all duty. Now, fellow citizens, this striking contrast between the two bills It is the intention to place an insurance of recalls to my mind if not to yours the interview I had with the wool growers

of Ohio on the old fair grounds here, when I was excusing myself for voting for a bill which, against my wishes, reduced the duty on one grade of wool one cent a pound, or from twelve to eleven Democratic friends arraigned me and a Democratic legislature proposed to cen-sure me, and all the sheep of Ohio were

perfidy; and yet now, when the McKinley law has restored the old duty on wool and provides new safeguards against evasion of the duty, when the wool tariff is made precisely as Ohio farmers wanted it, our Democratic friendsthe same persons, I imagine-tell us they prefer the Mills bill that makes wool free of all duty and brings our farmers

into sharp and close competition with the wool growers on the wild plains and pampas of Australia and South America. This may be politics, but it is not 'fa'r,' as the Missourians say. This is not all I have to say about

wool. When this summer the price of

wool was not as high as it was a year targe importations of wool in advance of the taking effect of the law and the very low prices at the sources of supply, the price of wool was lower this summer than the farmers hoped. But what would it have been if the Mills bill had passed? in competition with Australia and South America the difference is greater by the

The managers of the great naval ex-

and varied will be that of building stone. We add some remarks recently made y Senator Sherman on the price of bluestone, in scores of varieties and scores of colors, will be shown by the finest spee

Hundreds of men are engaged on every

possible sort of construction work at the fair grounds Laying water mains, electric light plant, modeling for the exterior decorative work and developing landscape effects around the ornamental waters. The exposition directory has taken action something like \$300,000,000 on the exhibits.

HINTS TO HOUSEKEEPERS.

Whites of eggs may be beaten to a stiff froth by an open window when it would be impossible in a steamy kitchen. Powdered flint glass ground to an impal-

sure me, and all the sheep of Ohio were Half a lemon dipped in sait will do all fur bleating their reproaches against my the work of oxalic acid in cleaning copper boilers, brass teakettles and other copper or brass utenails.

Rossts that should be julcy come to the table as dry as pasteboard because the oven was not hot enough at first to instantly harden the outer surface and prevent the escape of its juices.

To temper earthenware which is to be used for baking put the dishes in cold water over the fire and bring them grad-ually to the boiling point. When the water boils around them, remove them from the fire and let them remain in the water till it becomes cold.-Chicago Herald.

FLOWER AND TREE.

An effort is making to introduce the mango, a delicious East Indian fruit, into Georgia, where it is hoped it will thrive. There are two bearing apple trees in In-diana county, Pa., that were planted in

1792. One of them is ten feet in circumfererice.

eurrant bush in his garden which, it is said, stands twenty feet high, and when loaded with currants they are picked with the aid of a ladder.

There are said to be about 22,000,000 Wool is worth in Canada sixteen centa. It is worth in Ohio twenty-eight cents. in connectition with Anstralia and South any that it possesses

At the soft, tender age of ninety-five years-She had to succumb to old age. -Indianapolis Journal.

That Was It.

Larkin (meeting Gilroy driving at a sum-ner resort)-Is that a good horse?

Gilroy-It's a 1.50 animal.

"You don't mean it can run a mile in e minute and fifty seconds." "No: I mean that I pay \$1.50 au hour for the use of it."-The Epoch

The Dude Barber.

When down at the beach he cut a swell Among the mailens, and all went well, It was quite delightful to do it there. But he's back to work is the barber'g ray. And he finds that it han't a joke today To cut a swell in the barber's chair. - New York Press.

Must Re So.

"Pa, can any one keep lighthouses?" "No, my s.u, lighthouse keepers are appable powder and mixed with the white of an egg makes one of the strongest cements known. Half a lemon dipped in salt will do all -Washington Post.

A Christian's Epitaph. He had for woe a kindly word, His heart was open and his purse, And when he prayed he aid "Oh, Lord, I'm not like other men-I'm worse," -New York Press.

Ladies of Remarkable Width.

It is to be presumed that the hotel which dvertises among its attractions "a parlor for ladies thirty-five feet wide" is designed to meet the requirements of the woman who occupies three sents in a tram car -Tit-Bits.

What Caused It.

Our devil startied the town this week By his piteous crice of "chil" But it only happened that the office towes Haid failen upon his tos. -Fort Vailey Enterprise.

The Hardest Part.

Tomson-I suppose you are hard at work upon your latest story? Johnson-No, the work has not begun

Which?

He handed lise an lee and took Two klasses from a waiter. Bhe said, "Not any, thank you, now: Perhaps I'll take one bater." - Red and Bius.

Recuperating.
