TILLAMOOK, ORE., MARCH 3, 1892.

Shelby M. Cullom, U. S. senator from the state of Illinois, is an open aspirant for the presidency since the retirement of Mr. Blaine, and he expects to be able to give Bre'r Harrison some work to beat him at the approaching convention at Minneapolis.—EX.

Up to date the present Democratic house stands pre-eminent as the one which has cost the country the most and transacted the least amount of business in a given time. In both these particulars it has a record beyond that of any legislative body that ever sat in the United States.

The house committee on the election of president and vice-president and representatives in congress have reported a bill leaving the election of senators to the people, and conferring the exclusive power on the state legislatures to fix the time, place and manner of holding such elections.—EX.

The people of this city deserve great commendation for the prompt manner in which they have met their numerous street assessments, considering the hard times. The burden has been quite heavy in some instances, but those who had to pay have shown commendable enterprise so far. The city may well be proud of its streets and sidewalks.

With graveled streets, good sidewalks all over the city, a fine system of electric lights, and business buildings going up on every hand, there is no doubt but that the summer visitors to Tillamook will be pleased to locate here. There are other enterprises on foot which will a little later greatly add to the prosperity of the city.

The meeting of the Republican County Central Committee was harmonious in every respect, and everybody seemed satisfied with the result. With fair, square, open proceedings, giving everybody an equal chance, the Republican party in this county is sure of success, but if some one tries to control the deliberations of the party, and work in the interests of one man or faction, failure stares us in the face.

The appointment of W. B. Gilbert to the new United States circuit judgeship meets with general approbation. Mr. Gilbert is forty-five years, has practiced law twenty years and is a man of much ability and irreproachable character. His appointment does not mean the recognition of any political faction. Though republican from principle, Mr. Gilbert has not been a politician. He is of the timber that makes good judges.—Oregon City Enterprise.

BANKRUPT STOCK!
Busted Prices On Hardware.
Having purchased the Bankrupt Stock of H. C. Hald, of Bay City, am now offering the same

A GALLANT COWBOY.
At the presentation of "She" by the Beebe-Barbour company at Oklahoma city, a man in the audience was heard to say, with that spirit of gallantry that makes the sterner sex adorable, "That if that stuck up dude didn't make up with that dandy woman after she had been loving him nigh onto three thousand years, he would have to settle with him after the show was over."

A BOY'S ESSAY ON BREATH.
"Our breath is made of air. If it were not for our breath we would die. The breath keeps going through our liver, our lungs and our lungs. Boys shut up in a room all day should not breathe, they should wait until they get out of doors. Air in a room has carbonic oxide in it, and carbonic oxide is poisoner than mad dogs. Once some men were shut up in a black hole in India, a carbonic oxide got into that there hole, and afore morning nearly every one of them was dead. Girls wear corsets which squeeze their diagrams too much. Girls cannot run and holler like boys cause their diagrams is squeezed. If I was a girl I would run and holler so my diagram would grow. That's all on breath."

A Veritable Rainbow.
Of all the charming seed catalogues issued this year, that of Messrs. JAMES VICK'S Sons, of Rochester, stands easily at the head. It's first cover page is a dream of the lovely pink and white Nelly Lewis carnation, with a delightful little scene in the center, the whole appearing as if a delicate hand-painted sketch in water colors. The first twenty-four inside pages show the new things extant in the flower and vegetable line, printed in royal purple ink on elegant paper. We are judges of fine work in this line, and the effect is very pleasing to the eye and at once captivates the senses. The different things shown, such as the Charming Pea, Golden Nugget Sweet Corn, &c., look good enough to eat right off from the printed page. Following these are upwards of 100 pages in which are faithfully depicted the recognized favorites, with instructions for those who do not know how. "The last the best of all the game," "his some times said, and on the last cover page is depicted a half dozen of the new "Brilliant Poppy," which contain veritably the gorgeous hues of the rainbow. Messrs. Vick say this is one of the most satisfactory novelties they ever offered, and that it will be sure to please. If it even comes half as fine as shown it would make a garden very gay. Messrs. Vick, of Rochester, N. Y., will send the catalogue on receipt of ten cents.

Take Notice.
Statements will be sent the first of every month, hereafter, to those having accounts with us for advertising or job-work, whether bills are due or not. This will cost something for time and postage, but it will remind everyone of the status of his account, and prevent mistakes and misunderstandings. So, if you are dealing with us, you can expect to receive by mail the first of the month, a statement of your account, and we will always take it as a favor if you will give the matter prompt attention.

Prize Articles Wanted.
The Republican National Committee offers \$1,500 in prizes for articles on Protection, the Tariff, the Record of the Republican party, and kindred subjects. In addition to the handsome money prizes offered, the Committee will pay \$10 a column for all the contributions which it accepts and uses. For particulars and rules governing the prize contest, write at once to Republican National Committee, 900 F Street, Room 134, Washington, D. C.
Reciprocity.
Restricted Reciprocity is the logical outcome of Protective principles. In taking off the duty from a country's products we simply reciprocate for a remission of a duty which would otherwise operate against us. Treaties have already been completed with five republics and nine colonies, and many others are under consideration.

A Kicker.
ED. HEADLIGHT:—The condition of the toll road from North Yamhill to Tillamook is such that some one ought to be stirred up with a pole. Travelers are compelled to pay toll, and at the same time can not follow the road. It is often necessary to go around fallen timber, through brush, over logs and hill sides when there is really danger to horse and rider.

SONG OF THE SHIRT.
O Men, with sisters dear!
O Men, with mothers and wives,
Is not your linen wearing out?
Don't let them wear away their lives
With a stitch, stitch, stitchity-stitch,
With patches and seams begirt,
Sewing from morning till night
On that worn-out shirt.
The proper thing to do is to go to the store of COHN & CO. and lay in a new supply.
They keep a large assortment of Gents' Furnishing Goods, Clothing, Hats, Boots and Shoes. Also Dry Goods, Groceries and General Merchandise. Produce taken in exchange.
COHN & Co.

Does this Catch your eye? Read on!
WE WERE NOT LOOKING FOR the hearty endorsement of our aims and methods in merchandising which the Tillamook public has showered upon us this fall and winter.
They seem to realize that we are sincere in our public utterances, and when we said we had a very attractive stock, they came to look over it. When we told them that it was good value for their money, they bought freely, but we are glad to say that our stock is not nearly exhausted by the heavy drains made upon it by the purchasing public.
We have the best of connections with the great centers of supply, and standing as we do, with our finger on the pulse of trade, we can tell just what the public want.

The public will see in the local columns of this paper from time to time, the special bargains we have to offer. Until further notice we will make our special prices on queensware and boots and shoes. We mean business. Come and see.
