

### WAS NOMINATED ON THE FIRST BALLOT.

After a stormy all night session he received 613 votes.

The convention remained in session all of Wednesday night, and early Thursday morning a ballot was taken resulting in Cleveland getting 615 votes, 16 more than necessary for a choice.

The convention was a turbulent affair all night; the roof of the wigwam was leaking torrents of rain; the delegates were soaking wet, standing on their chairs; the speakers' platform was flooded; a terrific thunder storm made wicker the pandemonium, and the New York delegation, amid cat-calls and shrieks was threatening to leave the convention if Hill was not considered. The ballot finally came and settled it, and now the valiant Democrats will try to look pleased and say it was a harmonious convention, and that the recalcitrant Hill men will come into the fold.

The Entertainment given by the ladies of the M. E. Church in Hadley's Hall Saturday night, was excellent in every respect, though the programme was a little too long. We offer a kindly suggestion that many of our local entertainments would be better if made a little shorter, so the audience would not become weary at what ought to entertain.

The tax sale for delinquent property in this county occurs next Friday, (to-morrow) June 24. It is to be hoped that the sale will be well attended, as the levy and advertising have been perfectly regular and legal in every respect. Money invested in tax titles now will bring good returns, besides it will induce people to be prompt in paying taxes hereafter.

The County has a right to buy up all delinquent lands for taxes, and should do it if there are no other buyers, and clean the records against delinquents left now, as it is a pity not to square the whole matter up. We will venture to say that no county ever came so near collecting all the taxes as has been done by this county this year through Deputy Sheriff Steinbiller.

At the Portland city election Monday the Citizens elected D. Solis Cohen Police Commissioner, Theo Wygant Fire Commissioner, and the councilmen are all Citizens and Independents except two Republicans. Portland has so long been under control of bosses that the people are even suspicious of a good Republican ticket.

Does it pay to advertise? Well, we should think so. Last week G. O. Nolan ran a large display "ad." regarding his stock of hardware, and he has had a large crowd of purchasers in his store ever since, and sold more goods than would ordinarily be sold in a month. If you have bargains, let the people know about them.

The remaining stock of G. O. Nolan's hardware has been removed next door, to the old stand occupied by A. J. Stillwell, and what is left will be sold cheaper than ever. Don't fail to call within a week if you want some of the best bargains you ever heard of. You can buy goods there cheaper than you can steal them. He has some odd lots of plates and dishes that are going cheaper than dirt. 1w.

John Jackson is working up a scheme to form a stock company, the object of which is to maintain an information bureau in Portland, for Tillamook county. Quite a number of influential citizens are aiding the enterprise, and it is the intention to place a competent man in an office in Portland to represent the interests of the county in a truthful and thorough manner, to distribute printed descriptive matter and induce immigration. This is one of the most laudable undertakings ever made in behalf of this county, and should meet with a full measure of approval from our people as it is certain to prove an unbounded success if carried out with liberality and spirit.

Our bicyclists are having a good time and everybody likes to see them enjoying their exhilarating sport, notwithstanding that the pleasure of the on-looker is not seldom very abruptly interrupted by a bump posteriorly from an unseen but extremely tangible wheel, approaching rearward. Bicycling is undoubtedly a very healthful exercise, and, when limited to the road or little frequented sidewalks, very appropriate, also, but when practiced on a crowded walk, cycling, with reference to the pedestrian, is much like "Stoning the Frogs," fun for the boys but tough on the footmen. Last Sunday witnessed an accident with two of the machines, which, as it terminated, was only ludicrous (barring smashing of one machine) but might easily have resulted right seriously, and, had a non-cycling party been involved, might have led to unpleasantness and hard words, to say the least. There is plenty of room outside the sidewalk of the main thoroughfare. Why not keep clear of the crowd and so avoid all possible chance for collision and possible ill feeling resulting. Of course, on the outer streets there would be fewer bright eyes to bestow admiring glances upon the graceful evolutions of the youthful cyclist, but there would also be fewer shins to bark by some inadvertence and so less cause to breed irritation which might find vent in harassing restrictions upon the sport.

All persons indebted to S. A. Roberts, will please call and settle by note or otherwise, by July 1st, as the business will be run on a cash basis hereafter. S. A. ROBERTS, 2-5

### A Terrible Logging Accident.

George Alderman was killed while logging on the Little Nestucca river about one and a half miles above Woods, Tuesday, June 14. The deceased and his father, J. V. Alderman, and Leonard Krebs were engaged in rolling logs into the river and making a raft, when George, who had been out in the stream pinning the logs together, came ashore and attempted to ascend the bank to assist the others just as they had gotten an immense log started down the slope. They saw his dangerous situation and shouted a warning, which he apparently did not heed, as he was still advancing up the bank when the log struck him and rolling completely over his trunk and lower limbs, crushed the life out of the unfortunate man. The victim of this shocking disaster was a young man, only twenty-two years of age.

### The Fourth.

The programme appears elsewhere in this issue, and the preparations being made warrant us in the assertion that it will be the biggest celebration ever known in Tillamook.

The Tillamook Cornet Band will be out in full force, and will play all the patriotic strains known. T. B. Handley will give the oration, and an excellent choir is in training for the occasion.

He got to see a good deal of country, but was in a hurry to get home. He says he has no doubt about Harrison being elected. He beat Cleveland once and can do it again.—Oregonian.

covered this continent AIVA VINEZ Calzosa de Vaca sailed from Spain and landed in Florida, or in the region now called by that name. From there he made a wonderful overland journey to the City of Mexico. On that journey a part of the way he traversed a route which ever since has found great favor with travelers to New Mexico. Just think of it! There is a road 800 miles long, rising so imperceptibly for over 600 miles of the distance as to seem absolutely level, and without a single bridge from end to end.

What wonderful tales that road could tell—of the bearded followers of De Vaca, thin and worn by privation and the fatigue of their long journey through a wilderness until then pathless—of the after settlement of the neighborhood by the Spaniards—of the coming of the hardy American pioneer, traders, soldiers, settlers and last, but most important of all, the railroad engineers. Many an exploit of soldiers, scout and Indian warrior has that ancient trail witnessed. Phil Kearny knew it well, for had he not fought over nearly its entire length? Kit Carson achieved much of his fame in its vicinity, and in the early fifties F. X. Aubrey, a young man, made a famous ride against time over the same route, from Santa Fe to Independence, Mo.—Pittsburg Dispatch.

### A Curious Autograph Collection.

A wealthy Tenth street merchant has a collection of autographs which for uniqueness has no comparison outside of the possessions of modern Gaults or Vanderbilts. Every one of his autographs are worth at least five dollars, and there are upward of 50,000 of them. He began about five years ago to collect five dollar bills containing the signatures of the different national bank presidents of the United States. He has now nearly a quarter of a million dollars tied up in this queer scheme, and declares that his collection is not complete by many thousands of dollars yet.

He is willing to give \$100 for a five dollar bill bearing the signature of Walter Ross Craymond, who was at one time president of a short lived bank at Chicago, O. For some reason there were only five of the bills issued. No trace of them can be found. Inquiry at the office of the treasurer of the United States develops the fact that they are still floating about the country, if in existence.—Philadelphia Record.

### She Couldn't Get Married.

The Boston Herald says: A Loomister housekeeper while looking over some old letters of her great-grand mother ran across the following:

"DEAR, GOOD JOHN—We shall have to put off our marriage, mother is making such an awful fuss about it. I don't want to a bit, now we are published, but I have to. She says you ain't old enough and I don't know anything, and then there is so much expense about it. Now, John, just think of it. My dress will be only nine shillings (\$1.50), and my new calfskin shoes would do. She says you shan't marry me until you can keep two cows of your own. Father is willing, and says he will give us the sheep, but mother says he shan't, and you know she always carries the day. Darn it! I wish she could never have got married herself. Now, John, let us stick to each other. I shall be eighteen in about ten months more. Now, you will hold on, won't you, John? Come Sunday night with the gray horse and shay, and we will ride out and talk it over. Good night. MARY."

WE WERE NOT LOOKING FOR the hearty endorsement

of our aims and methods in merchandising which the Tillamook

public has showered upon us this fall and winter.

They seem to realize that we are sincere in our public utterances; and when we said we had a very attractive stock, they came to look over it. When we told them that it was good value for their money, they bought freely, but we are glad to say that our stock is not heavily exhausted by the heavy trains made upon it by the purchasing public.

We have the best of connections with the great centers of supply, and standing as we do, with our finger on the pulse of public wants.

The public will see in the editorial columns of this paper from time to time, the special bargains we have to offer.

Until further notice we will make you special prices on queansware and boots and shoes.

We mean business. Come and see.
