Rising Sun Baking Powder at Cohn's. f  
Ask Myron Trowbridge how many  
fit in the crowd caught.  
Str. Augusta is expected to leave Port-  
land for this place today.  
Patrolize home industry by getting  
your legal blanks at Lamb's.  
The races here on the 4th and 5th will  
undoubtedly draw a large crowd.  
W. H. H. Cary, County Commissioner  
elect, came up from Dolph on Tuesday.  
The Astorian says that Sig Cohn, of  
Portland, will start a store at Nehalem.  
There will be a picnic at Ackley's  
grove on July 4. All invited to attend.  
Hip-hip-hurrah! Don't forget that the  
4th here will be celebrated in magnificent  
style.  
See J. P. Allen's "ad." in connection  
with the Grand Central Hotel advertise-  
ment.

Thos. Shillinglaw and Edith M. Hoyt,  
both of Sand Lake, took out marriage li-  
cense June 23.  
Kutch's barber shop will remain open  
all day Sunday, and you can get shaved  
there ready for the 4th.  
Geo. Cohn has returned from Portland  
and the stock of goods he purchased will  
arrive per Str. Augusta.  
The Headlight has some artistic  
architectural improvements put on the  
north side of the office building.  
You can get the best legal blanks at  
Portland prices and save postage and  
delay by getting them at Lamb's.  
Representatives of the O. C. R. R. Co.  
are selecting lands in 1 and 2 S., 7 W.,  
and the settlers are staying close at  
home.  
A cordial invitation is extended to the  
people of Bay City and other parts of the  
county to turn out in full force at our  
4th of July celebration.  
County court convenes on July 5th,  
and then the newly elected officials will  
take the oath of office, file their bonds  
and assume their duties.  
The L. A. S. of the Christian Church  
desires to express thanks to the Tillamook  
bakery, and others who kindly assisted  
them at their recent festival.  
Quite a number of the "boys" in this  
city will wear Harrison or Cleveland hats,  
according to their respective political  
affiliations, during the campaign.  
The Ladies Aid of the M. E. Church  
will have an ice-cream and lemonade  
stand during the day, July 4th, on the  
corner of the lot near the post office.  
W. S. Runyon has started a force at  
work on the Wilson river road, and the  
work will be pushed to completion, so  
as to be ready for travel this summer.

Dr. W. A. Wise, the dentist, will start  
for Tillamook July 5. He will be at the  
Occidental Hotel to practice dentistry on  
and after July 12, until further notice. 5-8  
A new line of hats and caps, and ladies  
furnishing goods just received at Miss  
Magie Krebs' millinery store at Woods.  
All goods sold at cost for the next thirty  
days. 5-10  
The Steamer Garfield will leave Bay  
City at 8 o'clock on the morning of the  
4th, then touching at Hobsonville and  
Garibaldi, and run an excursion of Tillamook  
City.  
Deeds, Mortgages, Bonds for Deeds,  
and other legal blanks, the latest ap-  
proved forms, well printed and on the  
best quality of paper, at Portland prices,  
at Lamb's book store. 1-1  
If you want as many as 100 legal  
blanks at one time, you can get them at  
this office on short notice, at \$4 per  
hundred for the usual forms, and at a  
much lower rate on large orders.

A farewell dance in honor of Mrs.  
Mary Hart, daughter of Mrs. M. H. Lar-  
sen, was given at the residence of James  
Quick, Thursday night, and it was a  
pleasant affair. Mrs. Hart left for Spo-  
kane Falls Friday.  
The ice cream and strawberry social  
given at the new Christian Church on  
Friday afternoon and night was quite  
successful, and the good ladies who had  
it in charge realized a good profit consid-  
ering the dull times.  
United States Inspector of Lighthouses  
McClure, with the aid of the Steamer  
Garfield, placed a spar buoy near Junc-  
tion Bar in the Bay last week. This is a  
good move, and other buoys should be  
placed at various points in the Bay.  
White Alley (Snowflake) the popular  
and well known race mare, owned by A.  
P. Wilson, has a male colt, one week  
old. The little equine is a sorrel, and is  
as trim and neat in build as a gazelle,  
and was sired by Claude Thayer's Joe  
Simpson.  
The body of Christopher C. Martin, of  
Bay City, was found in the bay at Mar-  
tinez, Cal., June 25. He left Bay City a  
short time ago to go to San Francisco to  
have a cancer treated, and as he had ex-  
hausted his means for medical treatment,  
had threatened suicide.  
The mail stage had a serious misap-  
proprate coming down the grade above the  
toll-gate Saturday evening, and George  
Shotwell, who was working on the road,  
was pushed off the grade and had his  
arm broken and suffered other serious  
cuts and bruises. L. Crenshaw, who  
was working on the road with Shotwell,  
narrowly escaped. The three passengers,  
Ed. Headlight, if you will grant  
the space in your valuable journal, I will  
endeavor to discuss briefly a proposition  
made to the citizens of Tillamook city  
and county by W. S. Runyon, in which  
he will agree to remove the greatest bar-  
rier now apparent to the rapid progress  
of this city and surrounding country,  
viz: Dry Stocking Bar.  
The geography of this great impediment  
to the commercial interests of this  
place, is so well known that it need not  
be given in this article. That which  
interests each one now, is, how can this  
embarrassing obstruction to our com-  
mercial development be effectually and  
permanently removed, with the least  
amount to be expended.  
The object of this article is not to dis-  
cuss the plan which Mr. Runyon will  
pursue, but the necessity and advantage  
of removing the bar, and to stipulate the  
amount of money and the time required  
by his proposition.  
The object of the work done by the  
government on this bar, about two years  
ago, and the most that can be expected,  
is to deepen the channel at this point for  
a distance of about 300 feet, width of  
40, and a depth of 3 or 4 feet. Almost  
\$5,000 was expended to this end, but the  
channel to day is the same as though the  
money expended had never left the vault  
of the national treasury. Time has dem-  
onstrated beyond a reasonable doubt,  
that the work done by the government  
was wrong in theory, and entirely inad-  
equate to bring about the desired result.  
Then, it is evident that not only the  
people of this city and county, but the  
government authorities are aware of the  
fact that this bar is a serious menace  
to sailors, and that it entirely excludes  
the larger vessels which enter the bay.  
One is guilty of platitudes in stating that  
Dry Stocking Bar should be improved.  
Mr. Runyon makes this proposition:  
that for the sum of \$2,500 he will guar-  
antee to deepen channel over what is  
known as Dry Stocking bar, a sufficient  
distance, say 300 feet long, 40 feet wide  
and three feet deeper than the present  
channel at that place. That within 20  
days from the time of his assurance of  
the sum stipulated, he will begin the  
work, and that within 60 days from the  
beginning of actual operations, he will  
agree to have the work completed.  
Furthermore, he will agree to submit the  
work, when completed, to five re-  
sponsible men of the people's choice who  
shall act as inspectors, and if they find  
the work has not been done as per agree-  
ment, the contract will be declared null  
and void, and the work done be contrib-  
uted to the public without remuneration.  
This proposition is given here by the  
authority of Mr. Runyon, which is suf-  
ficient evidence that the work can and  
should be done, and that for about one-  
half the sum expended by the govern-  
ment for the same purpose, he will  
guarantee the desired result. The  
feasibility of his plans are at once ap-  
parent to anyone of average intelligence  
when they are explained by the author,  
who will reveal them upon contract-  
ing for the work.  
The important problem, however,  
especially on the part of the citizen, is  
who are the proper authorities to prose-  
cute the measure, and from what source  
can the necessary funds be obtained.  
The first interrogatory immediately sug-  
gests the answer, which naturally and  
rightfully is the Tillamook, merchant  
and shipper, and the latter implies its  
answer which is the entire county.  
Whatever benefits Tillamook City  
directly, benefits Tillamook County in-  
directly; whatever facilitates transporta-  
tion, enhances the price of the exporter  
and producer, while the importer and  
consumer are beneficiaries as well.  
Oregon's great metropolis on the Wil-  
lamette attributes her substantial growth  
in the past two years, as due more to the  
increased facilities of transportation on  
the improved Columbia, than any other  
single element in her marvelous progress.  
Where did the funds come from for  
these improvements? Where does all  
pecuniary accumulation originate for  
such purposes? Not alone from private  
capital; not alone from municipal  
resources; not alone from government  
appropriations, but by all of these com-  
bined. With this end in view, namely:  
general substantial and rapid growth,  
the merchant, the shipper, the Board of  
Trade and the general government can  
accomplish this work if the proper  
authorities will only take the initiative.  
A number of citizens and merchants  
have been consulted, who are willing to  
co-operate, the government has appropri-  
ated \$15,000 for the improvement of  
Tillamook bay and Dry Stocking bar,  
and need only to be asked by the proper  
authorities for support, and now if the  
Board of Trade of this place can be in-  
duced to unite their efforts, the Tru-  
cker and Homer steamers, or vessels equally  
as large, can load lumber at Tillamook  
wharves.  
This subject will be continued if good  
results can be obtained. C. H. FREAR.

**Onion Peak.**  
It is proposed to hold a Fourth of July  
celebration at the forks of the river where  
it was held last year.  
The Str. Augusta arrived on Thursday  
with merchandise, and takes out a load  
of box shooks from the Nehalem mill.  
A cow, belonging to A. Ludtka, was  
shot and killed recently. Mr. Ludtka  
had Robt. Crawford arrested for the of-  
fense, but Mr. Crawford waived examina-  
tion and gave bonds to appear before  
the grand jury.  
A forest fire is raging over in Clatsop  
county, north east of this place. An-  
other fire started in this valley about the  
same day, June 23, north of Union Peak  
school house and came near destroying  
the house of E. K. Scovell. Care should  
be taken regarding fires as the moss is so  
dry that the fire will burn to the tops of  
the trees like a flash.

**Garibaldi.**  
Peter Svenson has his sail boat painted  
and launched.  
W. Griffin went to Astoria on the last  
trip of the Augusta.  
Baseball playing is all the go down  
this way nowadays.  
School commenced on the Miami June  
20th, with Miss Brown as teacher.  
W. H. Hoskins, who moved to Bay  
City last fall, has moved back on the  
Foley.  
Frank Worthington, of Bay City, has  
the contract for carrying the mail from  
Hobsonville to Seaside.  
The Directors of this district have de-  
cided to have two more months of school,  
and if there will be funds enough, per-  
haps then Mrs. Barnard will be the  
teacher.  
If the county road from Garibaldi to  
the ocean beach was open for travel, the  
campers from the valley could drive all  
the way to the beach in their buggies,  
and as this is a fine drive, it should be  
opened up as soon as possible.  
School closed last Friday, June 24. A  
large crowd was present, the largest  
since the district was first organized.  
There was an excellent programme and  
the pupils carried out their part well.  
The prizes offered six weeks ago to the  
scholars making the most improvement  
in writing, were awarded, the first prize  
to Lulu Wilkes, the second to Arthur  
Anders, and the third to Thorall.  
Mrs. Sibley, Mrs. McNair and Mrs.  
Sherrett were the Judges.

**Notice.**  
Those knowing themselves indebted to  
Dr. Weaver are requested to make imme-  
diate settlement as all accounts remain-  
ing unpaid on the 1st day of July 1892  
will be placed in the hands of an Attorney  
with instructions to sue on the same.  
This is made necessary as I intend to  
change my place of residence. Settlement

**After the Ammonia and Alum Baking  
Powders.**  
(Indianapolis Sentinel, Dec 26)  
The subject of pure food, and especially  
the adulteration of baking powders by  
the use of ammonia and alum, is causing  
no little discussion.  
The legislatures of New York, Illinois,  
Minnesota, Georgia, Florida, etc, have  
taken up this question, and it is attract-  
ing the attention of physicians and  
boards of health throughout the country.  
Our own city board of health ordered  
an examination of all the baking powders  
to be found in this market; instructed  
Dr. Latz to make an examination and  
analysis and report the result to the  
board.  
**BAKING POWDER ANALYSES.**  
City Chemist, Dr. Latz, transmitted to  
the department of public health a lengthy  
communication, in which he gives the  
result of his analysis of the several  
brands of baking powders that are on  
sale in this city. In his report, Dr. Latz  
says that baking powders designated as  
being free from deleterious substances  
may be recommended, as their healthful-  
ness cannot be questioned. The report  
is as follows:  
Atlantic & Pacific contains ammonia  
and alum.  
Bon Bon contains alum.  
Calumet contains alum.  
Crown contains ammonia and alum.  
Early Rising (Empire) contains am-  
monia and alum.  
Forest City contains ammonia and  
alum.  
Kenton contains ammonia and alum.  
Dr. Price's free from deleterious chem-  
icals.  
Queen contains ammonia and alum.  
Royal contains ammonia.  
Regal contains ammonia and alum.  
Ruckelban's contains ammonia and  
alum.  
Seafoam (made by Day, Indianapolis)  
contains alum.  
Dr. Latz says: "Physiologists of high  
standing consider ammonia and alum  
deleterious substances, unfitted for use in  
foods."  
**Deeds.**  
The County Clerk has purchased the  
entire stock of blank deeds from this  
office, and has adopted a form which is  
the best and most approved in every  
respect, the new deeds being printed in  
this office. The Clerk will procure blank  
record books, partly printed which will  
conform with the new deeds, and it is to  
the interest of Notaries and those making  
transfers of real property to secure the  
new blanks as it will cost less to get  
them reprinted, they will be uniform  
in every particular, and errors and defective  
titles will be of less frequency. Mr. Con-  
der will furnish deeds to Notaries and  
others as cheap as they can be obtained  
anywhere, and this office will discontinue  
selling them. We have a stock of Mort-  
gages, Bonds for Deeds, Summons, etc.,  
which we will sell in lots of 100 to 500  
at greatly reduced rates as we wish to  
close out the stock and discontinue re-  
tailing legal blanks. We shall, of course,  
continue to print legal blanks when  
ordered in lots of 100 or more, to supply  
retail dealers or others, but it is too much  
trouble, and out of our line of business,  
to retail blanks a few at a time.

WE WERE NOT LOOKING FOR  
the hearty endorsement  
of our aims and methods in mer-  
chandising which the Tillamook  
public has showered upon us  
this fall and winter.  
They seem to realize that we  
are sincere in our public utter-  
ances, and when we said we had  
a very attractive stock, they  
came to look over it. When we  
told them that it was good value  
for their money, they bought  
freely, but we are glad to say  
that our stock is not nearly ex-  
hausted by the heavy drains  
made upon it by the purchasing  
public.  
We have the best of connec-  
tions with the great centers of  
supply, and standing as we do,  
with our finger on the pulse of  
trade, we can tell just what the  
public wants.  
The public will see in the lo-  
cal columns of this paper from  
time to time, the special bar-  
gains we have to offer.  
Until further notice we will  
make you special prices on  
queer new boots and shoes.  
We mean business. Come and

Steamer Improvement, came with them.  
A. L. Alderman, Deputy Inspector of  
Customs for Tillamook bay, acted as  
chaperon for the party.  
A man arrived from Yamhill County  
Monday evening with three Glen Dudley  
race horses, and say they are here to beat  
the Tillamook Glen Dudleys. If our  
home people believe in their stock, they  
should back them for all they are worth.  
Quite a number of blooded racers are on  
their way here, and there will be a good  
showing of thoroughbred horses here on  
the 4th.  
Three minutes, only, elapsed after  
some of the happenings in the Demo-  
cratic convention in Chicago until the  
facts were known in Tillamook. This is  
pretty good time, considering the differ-  
ent lines over which the telegrams had  
to come, and is something better than  
taking two weeks to get the news to this  
place, as would have been the case a few  
years ago.  
A large upright revolving swing will  
be built and operated here on the 4th;  
first on the celebration grounds, and on  
the Fair Grounds during the races. The  
swing will cost quite a bit of money,  
will be gaudily painted, perfectly safe,  
esthetically exhilarating, and will be a  
novel attraction. The prospects for a  
big time the 4th are growing brighter  
every day.

Regal contains ammonia and alum.  
Ruckelban's contains ammonia and  
alum.  
Seafoam (made by Day, Indianapolis)  
contains alum.  
Dr. Latz says: "Physiologists of high  
standing consider ammonia and alum  
deleterious substances, unfitted for use in  
foods."  
**Deeds.**  
The County Clerk has purchased the  
entire stock of blank deeds from this  
office, and has adopted a form which is  
the best and most approved in every  
respect, the new deeds being printed in  
this office. The Clerk will procure blank  
record books, partly printed which will  
conform with the new deeds, and it is to  
the interest of Notaries and those making  
transfers of real property to secure the  
new blanks as it will cost less to get  
them reprinted, they will be uniform  
in every particular, and errors and defective  
titles will be of less frequency. Mr. Con-  
der will furnish deeds to Notaries and  
others as cheap as they can be obtained  
anywhere, and this office will discontinue  
selling them. We have a stock of Mort-  
gages, Bonds for Deeds, Summons, etc.,  
which we will sell in lots of 100 to 500  
at greatly reduced rates as we wish to  
close out the stock and discontinue re-  
tailing legal blanks. We shall, of course,  
continue to print legal blanks when  
ordered in lots of 100 or more, to supply  
retail dealers or others, but it is too much  
trouble, and out of our line of business,  
to retail blanks a few at a time.

WE WERE NOT LOOKING FOR  
the hearty endorsement  
of our aims and methods in mer-  
chandising which the Tillamook  
public has showered upon us  
this fall and winter.  
They seem to realize that we  
are sincere in our public utter-  
ances, and when we said we had  
a very attractive stock, they  
came to look over it. When we  
told them that it was good value  
for their money, they bought  
freely, but we are glad to say  
that our stock is not nearly ex-  
hausted by the heavy drains  
made upon it by the purchasing  
public.  
We have the best of connec-  
tions with the great centers of  
supply, and standing as we do,  
with our finger on the pulse of  
trade, we can tell just what the  
public wants.  
The public will see in the lo-  
cal columns of this paper from  
time to time, the special bar-  
gains we have to offer.  
Until further notice we will  
make you special prices on  
queer new boots and shoes.  
We mean business. Come and  
see.  
W. C. King,

W. C. King,

The Fourth will soon be here. As  
some of us may not know why we have  
such a big time on that day, it might be  
well to give the cause of this great show of  
mirth and joy. Some men fire guns, and  
some get drunk and have the heads ache all  
next day. The big girls take so many drinks,  
eat ice cream, and then dance all night.  
Flags fly from the house tops in the day,  
at night the lights are bright and the town  
looks gay.

Now, as has been said, why is all this  
done? Well, long years since, a few men  
came to this land of ours and made homes  
in the woods so they could do and think as  
they might please. They did as they saw  
fit, and all would have been well, but they did  
not like to pay tax to a king in a far off  
land. So they went to war and fought for  
their rights. The war was kept up for six  
long years, and they won the fight. This  
made our land free. It is now 116 years  
since those brave men met and said they  
would cease to wear the yoke of slaves, if  
they had to die for the stand they made.

Let us now look back to that time and give  
thanks to those bold men who fought, bled  
and some times died to set us free and give  
us laws of our own.

While this is a day for gay sports, let  
us not lose sight of our real cause for joy,  
but let us ever keep upper-most in our  
hearts the sacred obligations we and our  
posterity owe to our noble ancestors who  
purchased our liberty on many a sanguinary  
field of gore, and let us not degrade the  
Great Natal day by ignominious debauch-  
eries, or irreverent demonstrations of semi-  
barbarous revelries; but, on the other hand,  
devoutly revere the omnipotent spirit of  
freedom that inspired and fortified the hearts  
of our valiant fore-fathers in their noble  
efforts to secure our cherished institutions of  
freedom, and to establish the prestige of the  
stars and stripes that float above us in the  
gentle breezes of to-day. *Guadeamus igitur!*
