

A DISGRACE TO THE CITY AND A MENACE TO SOCIETY.

An Obnoxious Institution Permitted to Remain in a Respectable Community.

Forbearance has ceased to be a virtue in this case—in fact it never was a virtue, so far as what we mention is concerned.

Last Saturday night a pair of inebriated toughs started for this infamous resort, and not being acquainted with the geography of the city, stopped at the house of Geo Elliott.

The school is wide awake, full of life, and draws a remarkably fine body of students. Two new members have recently been added to the faculty.

While the diagram shows some of these Ammonia or Alum Powders to be of higher strength than others classed below them it must not be taken to indicate that the powder containing either Ammonia or Alum is superior to the other.

results of the dive in the west end... long since, a drunken tough called at the residence of one of our citizens and grossly insulted his wife and daughter. The brute escaped without being identified.

The city government will now be given a chance to show its courage in removing this brothel from its present quarters, and the owner of the house will probably be assisted in getting the obnoxious tenants from his house, as the criminal proceedings will probably carry more weight than civil proceedings for recovering the property.

If the bagnio was removed to different quarters, say across the slough, or out of the residential part of the city, it would not be so bad, but as it is, something must be done. The women and children of the community should not longer be subjected to the contaminating presence of the habitues of the aforesaid dive, and in the name of all common decency and justice, they should not longer be subject to insult and criminal assault in their own homes.

The State Normal School at Monmouth has made a remarkable growth the past year, as shown in a gain of 80 per cent in attendance over the attendance of the year before.

The enrollment this year reached 276 students, and the faculty anticipate that the number will reach fully 500 next year.

The school is wide awake, full of life, and draws a remarkably fine body of students.

The school is broadening its work in many ways and is rapidly adding to its facilities for the special training of teachers.

The rapid growth of the school would indicate that it is doing all in its power to merit the highest degree of success.

Rising Sun Baking Powder at Coln's.

Rising Sun Baking Powder at Coln's. County orders wanted. J. W. Lawless. The Steamer Homer sailed from this Bay for San Francisco on Saturday. Mrs. E. R. Vissell, sister of Mrs. N. P. Roberts, is here for a few weeks' visit. A party of five of six couple went to Netarts beach Wednesday for a day's outing. One pair of mules for sale, named Daisy and Martin. Enquire of C. B. Hadley. Judge Whaley, Al Raleigh, and Mr. Griffin, of Portland were here rusticing recently. Ninety cents on the dollar, in merchandise, paid for county warrants at the "Rocket Store." Geo. L. Smith has moved to Forest Grove, where he will engage in the furniture business. John Barker will go also. A new post-office has been established on the Big Nasticca, above Beaver, to be known as Blaine, with Wm Smith as P. M. Dr. Wise is at the Occidental, and will remain there constantly until the 5th of Aug. Those who desire dental work done will please come early. J. P. Allen has now full control of the Grand Central Hotel, and will increase and improve the accommodations. Mr. Geo. Squires will remain in the city, a dealer in real estate. Mrs. Sophia Severance, postmistress, left for Portland Monday. She is a witness in the case of the government vs. J. C. Mason, the trial being set for this week in the U. S. Court. A Los Angeles story, The Legend of Roden Canyon, by Mrs. Helen Elliott Bandini, illustrated by Whiteside, and some illuminated Japanese songs, are announced for the August Overland. There are good indications that work will begin on the proposed improvements at Dry Stocking Bar, and on the government road from Tillamook river to the Cape Meares lighthouse, at an early date. Why will you give your money to traveling agents, for inferior work, when you can get better and cheaper work right at home? Reynolds will do your enlarging on short notice, and guarantee satisfaction. J. H. Jackson has gone to Portland to represent the interests of Tillamook county. He has a great deal of Tillamook real estate to sell, and will take every opportunity to send good settlers to the county. Wm. Randall has just returned from the Cour d'Alene country, where he has large interests in mining property. The strikes and riots do not affect him or his property in any way, yet he says he feels safer in Tillamook at present. An error was made last week regarding the Bay City Tribune. It missed one week's issue, and later on, another edition was issued in Astoria. We are not informed if arrangements have been made to continue the publication of the paper. Some time since, an advertisement run in this paper for the "Gum Elastic Roofing Co.," of New York. We warn our readers against patronizing the firm, as it has entirely neglected to pay its bills for advertising in this paper, and, no doubt, is a swindler. A telegram was received from R. R. Hays Wednesday morning, stating that his little girl, Helen, was expected to live but a short time. W. S. Hays, of this place, grandfather of the little one, started for Portland immediately, on hearing the news. It looks as if there was some serious trouble brewing here for the fishing season. The fishermen here have refused to accept the terms offered by S. Elmore, the canneryman of Astoria, and it is said they threaten to prevent outsiders, that is Dagos, from fishing in the bay. If you do not get your New York Tribune promptly after paying us the \$1.50 on subscription, please notify us, so that we may have the mistake corrected, if there be a mistake. About two weeks will elapse after you pay, before you get the first copy, as we send off names only once a week. Mr. Simmons, formerly of Woods, writes us that he has been all through south-western Oregon looking for God's country, with a view to locating. He didn't find it, and says that Tillamook is far ahead of all localities he has visited, the harbor being better, the timber more plentiful, and more agricultural land than in any locality west of the coast range. Mrs. Atkins, the widow of H. A. Atkins, who was killed recently, has had some hard experiences during her life. Her first husband, Hasbrouck by name, was murdered near Sheridan in this state about twenty years ago. A man named Coxon was tried for the crime, but acquitted. Jas. McCain and T. B. Handley were attorneys for the accused, it being one of their first cases of the kind. The Steamer Garfield took a party of excursionists, consisting of Judge Whaley, Al Raleigh, Mr. Griffin, Geo. Coln, C. B. Hadley, C. H. Smith and W. F. D. Jones, down the bay Saturday evening, and all had a pleasant time. Claude Thayer, one of the owners of the boat, acted as chaperon of the party, and it was through his good graces that the gentlemen named enjoyed the excursion. The Truckee Co. has reduced the wages of its employees at Hobsonville, and has refused to take any more logs from the loggers, so we are informed. We are not posted as to the causes, but suppose it is due to the universal hard times. The loggers here are working on a scheme to raft their logs in such a manner that they can be taken by a tug to Astoria, where they claim they can sell them at good prices. They claim the plan is entirely feasible, and that by watching for smooth weather, the logs can be

Owing to the rain the ball game between Tillamook and Bay City failed to materialize last Sunday. E. M. Keys has a fine sulphur spring on his place on Trask river. It is a pleasant place to spend a few weeks in the summer. Geo. L. Smith was one of the school directors, and A. P. Wilson is clerk. If these gentlemen move away, as contemplated, an election will be held to fill the vacancies. It is understood that A. P. Wilson and John Barker, city trustees, and L. Crenshaw, city recorder, being likely to be absent from the city for some time, will resign their offices. Low Prices. Tomatoes, per case, \$2.25. Pie fruits, per dozen, \$1.20. REYNOLDS, Corner First St. and 1st Ave. E., Tillamook, Ore.

Does this Catch your eye? Read on! WE WERE NOT LOOKING FOR the hearty endorsement of our aims and methods in merchandising which the Tillamook public has showered upon us this fall and winter. They seem to realize that we are sincere in our public utterances, and when we said we had a very attractive stock, they came to look over it. When we told them that it was good value for their money, they bought freely, but we are glad to say that our stock is not nearly exhausted by the heavy drains made upon it by the purchasing public. We have the best of connections with the great centers of supply, and standing as we do, with our finger on the pulse of trade, we can tell just what the public wants. The public will see in the local columns of this paper from time to time, the special bargains we have to offer. Until further notice we will make you special prices on queensware and boots and shoes. We mean business. Come and W. C. King,
