

TOPICAL TIDBITS.

"I. X. L." at Williams' 20-21 Call and see our sample cases of job-work.

Nathaniel Jones brought a 10lb turnip to this office for exhibition this week.

The Augusta will go into Nehalem on her outward trip to Portland, we are informed.

Sol Hirsch, of Portland, minister to Turkey, has returned home and handed in his resignation.

The Str. Elmour came into the bay Saturday, having in tow a schooner which is to be taken to St. Louis.

The people's party advocates held a meeting in Hadley's Hall Monday night, which was fairly well attended.

The Forest Grove Times, it is reported, has been sold to parties who will run it in the interests of the People's party.

The Oregonians and much other paper mail failed to arrive on Tuesday evening. The matter should be investigated.

Preliminary efforts to secure right of way for the light-house road are being made. There should be no delay about this matter.

This office is just beginning to catch up in executing the job-work which accumulated during the removal and refitting of the office.

Unless a boat arrives from Portland before next Wednesday, our issue next week will be on brown paper, or such other scraps as we can pick up.

Garibaldi is said to be infested with some people of questionable character. The good citizens should clean out all such, as was done in this place.

The Augusta came in Friday, and on Saturday was beached in order to repair her propeller flanges, some of which had been broken by snags in the slough.

Rev. A. B. Wade, of Hillsboro, will be here Saturday, and will convene a protracted meeting Sunday at the Christian Church. All are invited to attend.

The bridges will soon be completed on the Wilson river road, and travel will be opened from here to Forest Grove. Several wagons have already come through.

A reward of \$10 will be paid for the arrest and conviction of any person caught stealing the Oregonian or Chronicle from doorways or other places where it is by carrier. TILLAMOOK NEWS CO.

FOR SALE:—The building formerly occupied by the HEADLIGHT will be sold at a bargain. The building is substantial, and will be moved to any lot in town for a small sum in addition to the price asked.

We make a special effort to reprint "ads" for our advertisers as often as they wish. By so doing the "ads" are made readable, and our paper appears brighter. If you wish a change, don't be backward about mentioning it.

It is about time some other arrangements are made to accommodate the increased shipping between this place and Portland. It will likely be ten days or more before another boat is in, and business is retarded very much on this account.

The steamers Harrison, Augusta, Elmour, and a schooner are in the bay, harbor, and the last reports from the weather bureau indicate an approaching storm, which is here and there is no determining how long this state of affairs will continue.

Last Wednesday it was reported that two men had stolen a bull from a man in Yamhill county, and a telegram was sent to the sheriff here to look out for the parties, as it was supposed they were headed for this place, via the North Yamhill stage road. The Sheriff started out,

but finally received word that the thieves had left the road and escaped back into Yamhill county.

The bids for building dykes on Dry Stocking bar were opened last Friday, and J. E. Howard, of Multnomah county, was awarded the contract. The bids were much lower than expected, enabling the government to do a great deal more work with the amount of the appropriation.

Attorney J. C. Black expects to begin a replevin suit at once to regain possession of a wealthy Dayton man's kidney. It is claimed by Mr. Black that two years ago a well-known surgeon of Cincinnati removed a kidney for his client, but it was a sound kidney and not diseased. The removed kidney is wanted as evidence in a suit for damages. The surgeon admits that he has the kidney, but refuses to give it up.

Portland prices on all classes of printing. This office can do any kind of printing you need. However, in case of legal blanks and other work, where only a few copies are needed at a time, we refer you to the book store where a full line of such things are kept, but if you want a hundred or more of any kind of blank, we can furnish them as cheap as you can get them in Portland. We do not sell envelopes, paper, etc., at retail, but only in quantities with printing.

A man has been in the county for some time, canvassing for an obscure and almost unknown Portland paper. The plea for patronage off real, is that as it is the only Simon pure Democratic paper in Portland, that it should have the support of all Democrats. In the first place, the paper to which we refer is about as likely to compete with the Oregonian as the HEADLIGHT is, and as far as being a newspaper is concerned, the Democratic sheet being canvassed for, has no telegraphic dispatches or anything else to speak of, except a few ultra free trade articles, and is not recognized at all by the Democracy of the state. Those who have subscribed for the paper will observe this ere long.

Theo Steinhilber was in Portland on business last.

Wm. Barker has returned from a trip to Portland and other places.

Mrs. Frank Wheeler has returned from an extended visit in California.

C. C. Barber, formerly of Bay City, has changed his residence to Portland.

W. D. Palmer, representing the Massachusetts Mutual Life Insurance Company was in the city this week.

Go to Williams for drugs.

Subscriptions for any paper published taken at Lamb's.

WANTED:—County orders to the value of \$3000 at the bank. C. & E. THAYER, 51.

We shall receive at the "Frisco Store," between the 10th and 13th of this month, the finest assortment of winter dress goods ever shown in Tillamook. Also, a large and complete stock of dry goods. We shall, also, have an extra large and choice supply of groceries, provisions, etc., etc.

The W. C. T. U., of Tillamook, will hold regular meetings on the first and third Thursdays of each month, at the M. E. Church at 3 o'clock P. M. All are invited to attend. We are doing what we can to bring about the glorious consummation for which Christ died, and we call upon every lover of God and humanity to speed us on our way with their prayers and their co-operation.

We may then perhaps predict a time in the not distant future when both the butter and cheese maker will make use of fresh milk. The latter maker will separate the milk by the centrifugal machine in as fresh a condition as possible, and will add to the cream an artificial ferment consisting of a pure culture of the proper bacteria, and then ripen his cream in the normal manner. The result will be uniformity. The cheese maker will use like material in curdling fresh milk with an artificial ferment, and thus be able to control his product. Perhaps he will have a large variety of such ferments, each of which will produce for him a definite quality of cheese. To the dairy interest, therefore, the bacteriologist holds out the hope of uniformity. The time will come when the butter maker will always make good butter, and the cheese maker will be able in all cases to obtain exactly the kind of ripening that he desires.

Dr. Mills speaks for the school library. He says that he hopes and expects that it will not be long before a library of a few choice books will be placed in every public school.

Many of our neighbors and school friends will be saddened to learn of the death of Miss Sarah Cavitt. She has made a good record in the public schools of our county, and the good that she has done will not so soon be forgotten.

Among our Tillamook teachers there are but six subscribers to the Oregon School Journal. This may not be the best publication of its kind extant, but it will show a professional spirit if we encourage a work that is being done in our own vicinity, among our own schools and by our own teachers.

E. K. BARNARD, Superintendent of Schools.

Open to Entry. U. S. LAND OFFICE, OREGON COUNTY, SEPT. 20, 1892. Notice is hereby given that the map of fractional T. 4 N., R. 9 W., has been received at this office, and the same will be filed and the land therein subject to entry on and after Tuesday, D. C. 23, 1892, at 9 o'clock A. M.

M. Buchanan, of Oregon Peak, wishes to sell or exchange his Thoroughbred Aberdeen-Angus bull, Hugh Watson. Hugh Watson is the best bull for calves in Oregon. Correspondence solicited by owner. G. W. DIMMICK. 19-21

Garibaldi. Mr. Shepard has rented his place to a Mr. Gravel.

Judge Mansby, of Tillamook, was transacting business in town last week.

The W. H. Harrison brought in twenty tons of freight for the Kinny camery at Nehalem.

There has been considerable travel down this way since the ocean beach road has been opened.

A petition is being circulated asking that Mrs. A. L. Alberman be appointed post-mistress at this office in place of A. J. Shepard, who resigned.

The business of Tillamook Co. is certainly increasing, notwithstanding the hard times. Four steamers in the bay at once, and two bands of cattle going out in one day betoken prosperity.

The people of the upper Miami have petitioned the county court to have a county road laid out. They should have one, as they must have some means of getting out to the county road. Theread they have heretofore traveled has been shut up by Mr. Rose, through whose property it passes, and they have no way of getting out and in, except by climbing over logs and brush.

Some new furniture Saturday for the Fair View school.

Miss Gladys Newell, of Nehalem, will attend the winter term of school in Bay City.

A teachers' association is to be held at Bay City on the last Saturday of this month.

W. L. Brooks has just closed a very successful term of school in the Latimer district.

"A school is not a school until some good teacher has breathed into it the breath of life."

The "Course of Study for Tillamook Public Schools" will probably be placed in the hands of the teachers next week.

Albert Morris and C. H. Frost are each arranging a programme for their school, and will observe the Columbian holiday.

Dr. Mills speaks for the school library. He says that he hopes and expects that it will not be long before a library of a few choice books will be placed in every public school.

Notice. In pursuance of the adjournment of the Board of Equalization for the County of Tillamook, State of Oregon, on the 23rd day of August, 1892, notice is hereby given that the board will meet again at the office of the County Clerk at Tillamook, on Monday Oct. 24, 1892, for the purpose of equalizing the assessment, as made by the County Assessor, for the year 1892, therefore, all persons interested in said equalization will please be in attendance at the time and place above named. Given this Oct. 2, 1892. F. M. LAMB, Assessor.

A Home Industry.

Probably a few words regarding the HEADLIGHT establishment will be of interest to our readers, as the paper has been of great benefit to the county, and is likely to do a great deal yet in making the resources of this section known abroad, thereby inducing many enterprising men to locate here to aid in the development of the latent resources.

The paper was established in June, 1888, a little over four years ago, and since that time there has been very rapid development in this locality. No doubt, the HEADLIGHT had a great deal to do with letting the outside world know of the vast forests of fine timber, the rivers and harbors, and the agricultural possibilities of this region. At first, the paper and the outfit were very small, but the establishment has grown fully as fast as the advertising patronage are three times as large as they were three years ago, when the present management secured control of the paper, and the size and value of the plant is fully three times as great as it then was. The recent additions made to the already extensive outfit make it as complete as any county printing office in the state, and the only thing lacking is steam power to run the presses, and this will be secured soon.

The office is no pretentious affair, but is a veritable workshop, complete in every detail, and of ample magnitude to supply the needs of a much more populous community. We have a full complement of presses and machinery, of the very best and most approved patterns for a county office, and the quality of the printing turned out from this office is second to none from a mechanical point of view, and the fixtures and appliances make it possible for us to compete successfully with city offices and turn out almost anything in the printing line from a visiting card to a full sheet poster, or from a druggist's label to a forty-page pamphlet. We have over two hundred faces of job type, an endless variety of cuts, borders, ornaments, etc., much of it new, and are fully prepared to turn out all kinds of plain and ornamental commercial printing, and in the most artistic manner. We allow nothing but first-class work to go out of the office, and will not do cheap dash work at any price.

A large stock of envelopes, of various sizes and kinds; letter heads, note heads; bill heads of all lengths; statements, card board, cut cards, heavy ticket board, a full line of assorted styles of visiting cards, wedding invitations, ball invitations and programmes, with square envelopes to match, shipping tags, legal blank paper, and other stock needed is kept on hand. We keep only the very best of stationery, and you will find no trouble to use a pen and ink on any of our stock. We also keep in stock material for book-binding, and all letter heads and like work are blocked in tablet form without extra charge. A full line of samples of printing is kept in glass frames in our front office and is of great convenience to those wishing work, as there are so many styles shown that the very thing you want will be suggested.

As to the newspaper, we have everything needed to make a first-class paper, and the paper will be enlarged as fast as the community needs it. All that is needed now is a large population. This office has type enough to print a paper twice its present size and the machinery to do the work, as soon as the population of the county warrants it. A mailing machine is used to address the papers, and every labor-saving device is used to expedite the work.

We wish to say to those who desire to advance the interests of the county and build up an enterprise that will be a credit to the county, that there is no better way than to liberally patronize your local paper. All that has ever been made in the way of profit (and much more) by the HEADLIGHT has been invested in additions to the plant, and is likely to be as long as the present ownership continues. In conclusion, we acknowledge the obligation we owe to the paper for aiding us to make the HEADLIGHT as successful as it is.
