I will be in Tillamook at the Alderman about the 15th of May, prepared to do any kind of dental work, and especially invite those for whom I have done work to call and let me examine the work to see if it is all right or any of it needs repairing. All my work is warranted for five years and there is no extra charge for making the work good. My practice has increased here to such an extent that it is difficult for me to remain long away, so those who wish to see me will please call early.
