W. J. Smith, Mr. Harrington and J. F. Reeler, all of Glenora have been in Tillamook this week.

A daily mail route has been established between this place and Grande Ronde. It is to go into effect May 1st.

The telegraph line is up to Glenora, and every day we expect to hear the clinkety-clink from Forest Grove.

The G. A. R. people are making arrangements for a regular place of meeting, as the old hall will be used for other purposes.

There is little or no change in the local market. The Portland market shows wheat advancing slightly and butter declining.

E. E. Selph now occupies an elegant suit of rooms in the Beals Block. J. D. Edwards will have his abstract office in the building also.

Heins, the artist, received a fine lot of picture mouldings on the last Truckee. Mr. Heins makes a specialty of mouldings, and can always suit you.

We have interviewed a number of ranchers and find that the average price received at the Fairview creamery for milk is fully \$1.00 per hundred, and a number say their milk has tested four per cent. butter fat right along, in the worst months.

L. L. Stillwell has bought E. D. Hoag's interest in the livery stable and Mr. Stillwell will conduct the livery stable business as usual. He has had ample experience in this line and will be able to serve well those who wish good turn-outs. Horses fed at all times and at reasonable rates.

Marshal Ryan arrested C. B. Hadley for fast driving yesterday, and his trial is set for 3 o'clock today. Mr. Hadley thinks it is a matter of persecution and partiality instigated by some one. The marshal holds, however, that he must enforce the law to all alike and should begin on the big bugs first.

The students of the Tillamook Academy including the members of the "Gamma Delta" Literary society and those who pursue courses of instruction in music have arranged to give a public entertainment on the evening of May 11, 1895, in the main hall of the Academy. Particulars next week.

The Alderman House under the effective management of Mr. & Mrs. H. A. Woodford seems to be enjoying an era of prosperity in spite of the hard times. The fine poultry dinners every Sunday draws quite a trade for them, and their every day fare seems to give the best of satisfaction to the guests of the house. This speaks for them their full share of the public patronage in the future.

The Wilson river road is now open and a crew is at work putting it in good condition. Mr. I. L. Stillwell, of the livery stable, is now ready to transfer passengers from this place to Forest Grove. The road is in pretty good condition and those who desire to make the trip overland should call on "Pinkie." As soon as the weather is favorable Mr. Stillwell will put on a regular line of stages.

In another part of this paper Jack Jennings discusses on scaline. Jack had better look out a little when he runs up against us on agricultural matters. When we say scaline is good, it's got to be good, notwithstanding Mr. Jen-

nings to the contrary, and we'll have to make him out a liar if worst comes to worst. This county isn't big enough for Mr. Jennings and us in case scaline fails to come up to our recommendations.

L. B. Alley says that on Monday Frank Wakeley and Charley Alley heard a pig squealing out in the woods and upon investigation discovered a large black bear and a two year old hog in "battle royal." His bruinship was so intent with the work of making away with the hog that he did not notice the approach of the men who quickly dispatched him with a rifle, but not until he had nearly killed the hog which belonged to our county Commissioner.—Nehalem Times.

Horticultural Quarantine Regulations.

At a special meeting of the Oregon State Board of Horticulture, held in Portland, April 2, 1895, all members present, the following regulations were adopted, in accordance with the laws regulating such matters, and are, therefore, binding upon all persons. The regulations are to take effect and be in force from and after May 4, 1895:

RULE 1—All consignees, agents or other persons, shall, within 24 hours, notify the quarantine officer of the State Board of Horticulture or a duly commissioned quarantine guardian, of the arrival of any trees, plants, buds or cions at the quarantine station, in the district of final destination.

RULE 2—All trees, plants, cuttings, grafts, buds or cions, imported or brought into the state from any foreign country, or from any of the United States or territories are hereby required to be inspected upon arrival at the quarantine station in the district of final destination, and if any such nursery stock, trees, plants, cuttings, grafts, buds or cions are found to be free of insect pests and fungous diseases, the said quarantine officer or duly commissioned quarantine guardian shall issue a certificate to that effect. And furthermore, if any of said trees, plants, cuttings, grafts, buds or cions are found infested with insect pests, fungi, blight or other diseases injurious to fruit or to fruit trees, or other trees or plants, they shall be disinfected and remain in quarantine until the quarantine officer of the State Board of Horticulture or the duly commissioned quarantine guardian can determine whether the said trees, plants, cuttings, grafts, buds or cions are free from live injurious insect pests or their eggs, larvae or pupae, or fungous diseases before they can be offered for sale, gift, distribution or transportation. All persons or companies are hereby prohibited from carrying any trees, plants, cuttings, grafts, buds or cions from without the state to any point within the state beyond the nearest point on its line or course to the quarantine station in the district of ultimate destination; or from any point within the state to any other point therein, until such trees, plants, cuttings, grafts, buds or cions have been duly inspected, and if required disinfected as hereinbefore provided; and all such shipments must be accompanied by the proper certificate of the inspecting officer. Provided, however, that after such persons or company have given the proper officer four day's notice, he or they shall not be required to hold such shipments further, without directions from such officer.

RULE 3—All peach, nectarine, apricot, plum or almond trees, and all other trees budded or grafted upon peach stock or roots, all peach or other pits, and all peach, nectarine, apricot, plum or almond cuttings, buds or cions, raised or grown in a district where the "peach yellows" or the "peach rosette" are known to exist, are hereby prohibited from being imported into or planted or offered for sale, gift or distribution within the state of Oregon.

RULE 4—All trees, plants, cuttings, grafts, buds or cions, seeds or pits arriving from any foreign country found infested with any insect pests or their eggs, larvae or pupae, or with fungi, or other disease or diseases hitherto unknown in this state, are hereby prohibited from landing.

RULE 5—Fruit of any kind grown in any foreign country, or in any of the United States or territories, found infested with any insect or insects, or with any fungi, blight, or other disease or diseases injurious to fruit or fruit trees, or to other trees or plants, is hereby prohibited from being offered for sale, gift or distribution within the state.

RULE 6—Any boxes, packages, packing material and the like infested by any insect or insects, or their eggs, larvae or pupae, or by any fungi, blight, or other disease or diseases known to be injurious to fruit or to fruit trees, or to other trees or plants, and liable to spread contagion, are hereby prohibited from being offered for sale, gift, distribution, or transportation until said material has been disinfected by dipping it into boiling water and allowing it to remain in said boiling water not less than two minutes; such boiling water used as such disinfectant to contain in solution one pound of concentrated potash to each and every ten gallons of water.

RULE 7—Animals known as flying fox, Australian or English wild rabbit, or other animals or birds detrimental to fruit or fruit trees, plants, etc., are prohibited from being brought or landed in this state, and if landed shall be destroyed.

RULE 8—Quarantine stations:

For the first district, comprising the counties of Multnomah, Clackamas, Yamhill, Washington, Columbia, Clatsop and Tillamook, shall be Portland. Henry E. Dosch quarantine officer, or any member of the Board or the Secretary thereof.

RULE 9—Importers or owners of nursery stock, trees, or cuttings, grafts, buds, or cions desiring to have such nursery stock, trees, plants, cuttings, grafts, buds or cions inspected at points other than regular quarantine stations may have such inspections done where required, provided, however, that such importers shall pay all charges of inspection. Such charges and expenses to be paid before a certificate is granted.

Transportation companies, or persons and consignees or agents shall deliver and cause to be detained all nursery stock, trees, plants and fruit at one or other of the quarantine stations, for inspection, as provided by the rules and regulations of the board.

Details of quarantine stations, offices, fees of inspection, recipes for disinfection and all desired information may be obtained on application to the Secretary or any member of the Board, or by reference to pamphlet circulated.

Passed at a meeting of the State Board of Horticulture at Portland, Or., April 3, 1895.

Attest, GEORGE I. SARGENT, Secretary.

J. R. CARDWELL, President.
